TIME OF CLOSING MAILS

The time of the closing of mails at the Concord postoffice is as follows: Northbound 1:30-11:00 P. M. 3:30-10:00 A. M. 3:45-4:10 P. M. 3:55-3:30 P. M. 3:55-11:30 P. M. Southbound 3:30-9:30 A. M. 4:45-3:30 P. M. 1:35-8:00 P. M. 2:20-11:00 P. M.

LOCAL MENTION

One new case of scarlet fever and one new case of chicken pox were reported to the county health department Tuesday.

The Little Lights of St. James Lutheran Church will be entertained by Karl Thomas on Thursday at 3:30 in the parsonage.

The Redpath's 1926 program in Concord will begin on May 31st, according to information just received in Concord.

Lenten Services will be conducted at Calvary Lutheran Church this evening at 7:30 o'clock. The public is cordially invited.

Five more plasterers went to work on the new hotel structure this morning, bringing the total to about ten. This work will be rushed during the next few weeks.

Marriage license was issued Tuesday by Register of Deed Elliott to Samuel G. Kee, of Concord Route No. 7, and Miss Rodie Fink, of Concord Route No. 6.

Dr. C. M. Sisk, director of county health, was a visitor in Concord Tuesday. While here Dr. Sisk conferred with officials of the county health department.

E. C. Barnhardt, Jr., is able to be out again after being confined to his home on North Union street for several days by illness. The condition of his son, E. C. Barnhardt, III, is also reported as improved.

No session of the city police court will be held today, officers stated this morning. One man charged with being intoxicated probably will be heard, but no regular session of the court will be necessary as this is the only case docketed.

Members of the local Knights of Pythias lodge are planning an interesting program for a special meeting to be held here tomorrow night. Refreshments will be offered at the meeting which is expected to be attended by a large crowd.

Eggs are dropping rapidly in price on the Concord market now. This is the season of the year when chickens of all sorts and breeds lay without interruption and the local market is well supplied. Some local poultrymen are sending their eggs to markets in other states it is said.

Youngsters have laid aside all other toys now and are playing baseball in vacant lots and fields of the city. When spring weather comes these "geniuses" can be properly educated. Prof. Terman says that too much time and money are now spent in America in an effort to educate stupid and mediocre children who will be unable to make any use of their training. He wishes to "give genius a chance." If his university is realized it will be "an experimental station in genius."

Concord people could hardly wish for more perfect weather than they are enjoying now. The nights are rather cool, but temperatures recently have not dropped below the 30-degree mark at night, and during the day temperatures have hovered around 50 and 55, making conditions almost ideal.

Playing in the city league, the Co. E. basketball team Tuesday night defeated the DeMolay team 25 to 11. The game was played before a good sized crowd at the Y. M. C. A. The soldiers have not lost a single game in the league so far, their work having shown improvement during the coaching of Marvin Long.

Jimmy Flowe, star with the Cabarrus baseball team of Kannapolis in 1922 and 1923, has been sent to the Vernon team of the Pacific Coast League by Larry Gardner, manager of the Asheville team. Flowe signed with Asheville last year and friends predict a successful career for him in the far west.

The Y. M. C. A. basketball team was defeated Tuesday night 51 to 29 in the game with Lenoir-Rhyne College at Hickory. The game proved one of much interest to a large crowd and although the collegians were in the lead during most of the game, the locals managed to keep interest high because of their snappy play.

James Ezzel, son of W. F. Ezzel, the latter junior at the courthouse, was buried Tuesday afternoon. The father of the deceased stated this morning that he was deeply appreciative of the many kindnesses shown him and his family during the illness and death of his son. He is especially thankful for the white friends who showed interest in them, he said.

The Lenten services of St. James Lutheran Church will begin tonight at 8 o'clock. The general theme for the Wednesday evening services will be: "God's Way." The subject for this evening will be "The Natural Way of Salvation." Services will also be conducted on each Friday afternoon at 4 o'clock. The teacher training class will meet this evening at 7:15 preceding the Lenten worship. A cordial invitation is extended to every one to attend these services.

The father of Jole Ray, the Chicago runner, was a boxer in his younger days and he wanted Jole to be a fighter instead of a runner.

THE DAY!

If you would rise and make your way. Your chance is here—today's the day. But you must work—though others play.

You can't afford to shirk. For the will to win is the reason why The other chap has climbed so high. You'll never succeed—unless you try. And make up your mind to work.

Working with hands and working with head. Working for more than your daily bread.

Working and planning and looking ahead. Showing you're worthy of hire. Keeping your eye on the high watermark.

Working with smiles from daylight to dark. Doing each job with a joy in your heart. Never to slacken or tire. Let the work of one day, be a guide for the next.

Let this labor of love fill your soul. Then you'll find like the pilgrims that are gone on before. You are on the right road for your goal.

—Practical Knowledge.

Post and Flagg's Cotton Letter. New York Feb. 16.—Dullness continues the outstanding feature of the market with no suggestion as to when the ice is likely to break up. Price fixing is in evidence on a scale down in volume sufficient so far to absorb offerings as bearish speculative traders appear willing to provide. It is believed by many that much more of that remains to be done and that old limits for buying remain unchanged and would provide an effective check on any decided tendency to decline following more aggressive tactics by professional traders.

That element, however, seems to have gone about as far as they consider prudent, pending some strong confirmation of their views by developments in connection with the actual. If pressure from that source should make its appearance in any important way it would quickly be reinforced and driven home by heavy selling for short account by the professional element. As long, however, as March holds its premium and grounds exist to believe that May will presently exhibit the same characteristics, a considerable degree of doubt will exist as to whether reports of slacks demand and an easing of the basis are not chiefly traceable to sources where the wish it father to the thought.

At any rate the existence of such premiums is hardly compatible with actually distressing conditions among holders of cotton, whether mills, merchants or farmers. Such conditions might arise but it is highly doubtful if any of the present sellers have any solid reasons for expecting that or are doing more than exercise the undoubted prerogative of every American citizen, free, white and 21, to do a little guessing on his own account. POST AND FLAGG.

University for Geniuses.

After five years of research Prof. Louis Terman, of San Francisco, and a group of psychologists, have selected the 1,000 "most gifted" children in California. The next step is to ask for an endowment of \$5,000,000 with which to build a university where these "geniuses" can be properly educated. Prof. Terman says that too much time and money are now spent in America in an effort to educate stupid and mediocre children who will be unable to make any use of their training. He wishes to "give genius a chance." If his university is realized it will be "an experimental station in genius."

USE PENNY COLUMN—IT PAYS

What everybody seems to save up for a rainy day is pessimism. Things could be worse. It's a long time before vacation. Enjoying your work is more fun than enjoying its profits. A street car on time saves nine cuss words.

There are parts of the United States so dry they are almost as dusty as the Pacific Ocean.

A Wilmington, N. C., baby of two months named Ruth can walk already, but you can't believe these proud fathers. (Copyright, 1926, NEA Service, Inc.)

Courage! I frankly admit that I dislike getting old. I feel that I am swiftly passing through my allotted time. Each year seems But I would not care to live over a to go swifter than the preceding one, single hour in my life. A home and children are a part of the routine of a normal existence which I have been denied. Every woman wants a devoted husband, and home and children, but not every woman is accorded those blessings. I am employed in the business world, having a nice position and work that I like very much. I am very thankful that

Miller's Antiseptic Oil, Known as Snake Oil

From coast to coast men and women are singing the praise of "Snake Oil," a most powerful, penetrating pain relieving liniment. It will penetrate thickest sole leather in 3 minutes.

Mrs. B. Werner, New Orleans, La., writes: "Thanks to your wonderful penetrating oil, it relieved me of Rheumatism and deep seated chest cold after other remedies failed." "I had rheumatism so bad I had to walk on crutches for nine years," says H. C. Hendrix, old soldier of Minneapolis, Minn. "After three months treatment with 'Snake Oil' I laid off my crutches and now can walk like a boy."

J. B. Moore, Pittsburgh Pa., railroad man, says: "Snake Oil" is the only liniment that ever gave me relief from rheumatism. I use it regularly after being exposed to bad weather." For rheumatism, neuralgia, lumbago, stiff joints, pain in back and limbs, corns, bunions, chest colds, sore throat, "Snake Oil" is said to be without an equal. Refuse imitations. This great oil a golden red color. Mfg. only by Herb Juice Medicine Co., U. S. A. Get it, your druggist's.—(Adv.)

I can work and earn my living. Have you anything to say to a person who is not so fortunate as to be able to have the things which a normal person claims as a natural inheritance, and to whom marriage, a home and children seem like impossible attainments, and impossible joys?"

One of the busiest men in England today is Sir Bradford Leslie, the great bridge builder, who, although he is in his ninety-fifth year, still visits his office every day. At present he is giving most of his time to designing a helicopter—an airplane that can rise vertically from the ground and remain suspended in the air.

WELL KNOWN HARRISBURG FARMER SAYS IT'S HIS DUTY TO ENDORSE IT.

HERB JUICE Ended Stomach Trouble, Pains in Back and Constipation. "Your HERB JUICE has been such a help to me and relieved me of stomach trouble in such a short time that I feel it is my duty to give this statement and to tell others about this medicine," said Mr. M. L. Lambert, a well known and prominent farmer living on Route 1, Harrisburg, N. C., and who has been a resident of Cabarrus County for the past 20 years, when he called to see the HERB JUICE man a few days ago. "Several years ago," continued Mr. Lambert, "I began to have trouble with my stomach after eating. It seemed my food would not digest properly and would sour and ferment as soon as it reached the stomach, and right there I made the mistake that thousands of others make—I tried to wear it off. I would take a dose of soda, which would relieve me for the time being, but did not remove the cause, and I gradually grew worse until I reached the stage where I could hardly eat at all. I was constipated all the time, which allowed the poison to accumulate and upset my entire system; liver was out of order and would fill up with bile, causing severe bilious attacks, and I had severe pains across my back and side, caused, I suppose, from my kidneys being so irregular. Some time ago I noticed a statement from a friend of mine about HERB JUICE, so I began using it also. As I said before, it has been such a help to me that I feel as though it is my duty to tell others about it. In all I have used five bottles of HERB JUICE and I now feel and look like a new man. HERB JUICE has relieved me completely of the stomach trouble and it is a pleasure for me to be able to eat and enjoy a meal once more without having the usual after effects. Not only has HERB JUICE relieved me of the stomach trouble, but it has regulated my bowels, also kidneys and liver, and I never have any more bilious attacks or those pains in my back and side and I have gained several pounds in weight. The benefit I have derived from HERB JUICE has convinced me beyond a doubt that it is all it is advertised to be and I do not hesitate to recommend it." For Sale by Gibson Drug Store, Al. or F. L. Smith Drug Co., Kannapolis.

Spring Hats Made to be sprung in March. BUT—You can't keep such brimfuls of newness in the back room or the background. To them March 1st is only a date on the calendar—they have lots of dates to keep between now and then.
