LOCAL MENTION

J. Ralph Fink has qualified as administrator of the estate of John L. Fink, Jr.

One new case of chicken pox was reported Thursday to the county health department.
H. W. Blanks is able to be at his office in the Y. M. C. A. again today after being confined to his home on Georgia Avenue for several days by illness.

Police officers made a search of the city Thursday for Ralph Brigman, wanted on two warrants in Newton. Brigman could not be found in Concord, despite reports from Newton that he was headed for this city.

L. S. Sloop has sold two tracts of land on Bradley Avenue according to deeds filed here Thursday. One tract was to Annie S. Cline for \$100 and other valuable considerations and the other was to W. A. Hileman for \$625.

The basketball tournament of the Southern Conference begins in Atlanta today and local fans will watch the results with keen interest to determine the fate of the Carolina and State quintets. Both teams play this afternoon in their first contests of the tournament.

No improvement is reported today in the condition of M. C. Rinehardt who has been critically ill for several days at the home of relatives in the county. Mr. Rinehardt developed pneumonia Wednesday and little hope is entertained now for his recovery.

Only two cases are to be tried in police court this afternoon, officers reported this morning. One is charged with speeding and the other with having liquor for sale. Business with the officers has been rather quiet during the week insofar as local cases of importance are concerned.

All members of the Fred Y. McConnell Post of the American Legion are urged to attend the meeting of the post tonight at 8 o'clock. Plans for a membership campaign will be made at the meeting and other important business matters also will be transacted.

Creeks and rivers in the county were running high Thursday as a result of the heavy rains Wednesday night. Cold Water Creek was especially high, flooding adjoining fields in various parts of the county. The streams are running more normally now, much of the flood water having passed during Thursday.

Fair and colder weather is the forecast for Concord tonight. Lower temperatures will not bring unusually cold weather, however, according to weather reports issued during the day. Concord enjoyed one of the finest days of the year Thursday following the rain of Wednesday night and early Thursday morning.

In any houses in the city were not numbered recently when new numbers were put up, persons occupying them are asked to call Q. E. Smith, city engineer, and he will see that they are numbered. The new numbers are black and one should be on every house in the city. The new directory of the Concord Telephone Company carries the new numbers opposite the telephone number of its patrons.

Bridgewater Lake is Now Filling Up.

Despite the record dry year of 1925, Bridgewater lake, which supplied a continuous flow of energy to the Catawba river for hydro-electric power during the dry months of the year, is filling up with almost the usual speed.

The water at the Bridgewater dam is now 45 feet from the top, but the spring rains are expected to give the lake the required supply of surplus water to carry on operations during the dry period of the year without curtailments.

Officials of the company are surprised at the normal situation. Although the rainfall so far this year is about normal the lake seems to be filling up fast as ever regardless of the dry condition of the ground caused by the deficiency in the rainfall last year.

At present the Bridgewater plant is the only one of the Southern Power's string which is not in operation. It was closed down when the rainy spell began so as to conserve all the waterfall for the lake. The plant, which is only supplemental to the power system, will not resume operations until enough water is in the dam to allow a goodly flow to find its way to the Catawba for other plants.

Declined to Leave the Jail. Hickory, Feb. 26.—(AP)—Monroe Harris, negro, is one individual to whom an opportunity to escape from jail meant nothing, and he declined taking advantage of the opportunity. When his two companions in the city lockup here tried on the main door and got away—only to be recaptured later—Harris remained in the jail.

The explanation given by him was the fact that he has only one arm and one leg.

"I knew it wouldn't do no good for me to get out 'cause they could catch me afore I got good started."

It is a curious fact that no birds of prey have the gift of song.

MAP OUT WESTERN CHAMPIONSHIP PLAY

Final Game to Pick Team For the Semi-Finals Played at Salisbury, March 4th. February 24.—Faculty managers and coaches of the eighth district winners of the west in the State high school basketball championship series met here tonight and mapped out a schedule to determine the western champion, to play the eastern champion at Chapel Hill on March 6th for the state title.

Representatives of Asheville, Gastonia, Charlotte, Unionville, Leasville, Guilford, Winston-Salem and Mooresville high schools were present, and they adopted the following schedule:

First Division—Mooresville vs. Winston-Salem at Winston-Salem February 27th. Leasville vs. Guilford at Winston-Salem February 28th. Mooresville vs. Leasville at Winston-Salem March 4th.

DO YOU WANT TO FEEL FINE

Then Don't Wait Any Longer—Follow the Advice of One Who Will Tell You How.

"If you are feeling tired and worn out—if the Christmas rush was too much for you, or if you have indigestion and can't eat, or if you are constipated, then follow my advice and take HERB JUICE. That is what I did and it made me feel like a new man." Mr. John Cook, East Gastonia, North Carolina, offers the above advice to his friends. He believes so strongly in HERB JUICE as any other person who has ever taken it. There are thousands of HERB JUICE boosters all over the country and that is the reason HERB JUICE is the best selling medicine of the day. They all believe in it and know that it is a pure combination of nature's products, so blended and combined as to make the most pleasant and effective tonic laxative.

MR. JOHN COOK

"I was suffering from indigestion and kidney trouble. Gas would form on my stomach and I could scarcely get my breath. My kidneys bothered me quite a lot, too, and my sleep was broken as I had to get up during the night repeatedly. I had no desire to eat, for my food disagreed with me so and I knew that I would suffer agony as soon as I had eaten. I would have headaches and felt tired and worn out all the time. When a person's stomach is out of order, he is usually out of order all over and everything seems wrong."

"I began on HERB JUICE, hoping that it might help me some. I did not dream that I would feel as good as I do now after taking it for a short time. I have absolutely been relieved of indigestion and stomach trouble and can eat anything I want, without gas forming. I sleep well, for my kidneys are regulated and I do not have to get up at all hours. HERB JUICE has built me up and I can not say too much for it. I thoroughly agree with others when they say it is the best tonic laxative on the market today and I heartily recommend it to all my friends. It does what it claims to do and there are no bad after effects."

Post and Flag's Cotton Letter. New York, Feb. 25.—The market today has again shown a poor undertone and there was very heavy selling from the south and Wall street on reports of an earlier spot basis and predictions of heavy shipments on cotton to New York. Weakness in the near months particularly was noticeable and was attributed to the reversal of straddles. Scale buying of the new crop options by both Southern and foreign interests was in evidence, but there was nothing aggressive about it and it failed to change sentiment on the floor which still remains bearish.
Those predicting lower prices point to the large unsold stocks of cotton, a weakening spot situation, the favorable start with new crop preparations and the expectation of another large acreage.
POST AND FLAG.

State Income Exemptions Will Be Same as Last Year. Raleigh, Feb. 25.—Income taxpayers who are holding back for federal information and expected a different form of exemption from that of last year may go ahead and save themselves their penalties by promptness.
Revenue Commissioner Doughton said today that the exemptions are

the same as they were last year. The rates are not, but that is not an issue for the man who pays. He knows exactly what exemptions to expect by merely following the rule of last year. But the folks in charge of the revenue business will fix his rate for him.
The commissioner desires that everybody avoid the penalty and tax can be done only by filing the returns by March 15. The commissioner beseeches the folks to do that.

TRIBUTE OF RESPECT

Resolved, That we, the officers and teachers' association of St. James Lutheran Sunday School, bow in humble submission to the Great Ruler of the universe for calling home to Himself the beautiful soul of Miss Constance Cline.
That in her death the association has lost one of its most valued members, ripe in council, loyal in duty and zealous in every phase of the work of the Sunday School.
That a page in our minute book be inscribed to her memory and a copy of these resolutions be sent to her loving family and the local pres.

The best sympathy

IT is only human for a funeral director to feel sympathetic in the presence of bereaved patrons. But it is real sympathy when he recognizes an obligation to see to it that the highest character of burial equipment is furnished at honest prices. Such a policy has been responsible for the success of this concern.

Typical of the burial equipment furnished by us is the Clark Grave Vault, recognized as a leader in the vault industry, because it gives positive and permanent protection.
