LOCAL MENTION

The regular meeting of the Concord Kiwanis Club will be held at the Y. M. C. A. tomorrow at 12:30.

One new case of scarlet fever was reported this morning to the county health department.

Movies will be shown tonight at the county home by attendees of the Y. M. C. A. Tomorrow night they will be shown at the Hartwell Mill.

Willis M. Dorton left Wednesday for Black Mountain, where he has accepted a position with the T. H. Matthews Electrical Shop.

Grammar grade teachers of the county will meet at the court house here Saturday morning at 10:30. Work assigned for them at the last meeting will be discussed and settled by the teachers here Saturday.

Persons interested in the organizing of the Gibson Mill baseball team are invited to the meeting to be held at No. 2 school tonight at 7:30. Full plans for the team probably will be made at the meeting.

There will be no preaching services at New Glead Reformed Church on Sunday. The congregation has been invited to attend the opening of the new Trinity Reformed Church in this city on that day.

According to a deed filed yesterday at the court house W. L. Robbins has sold to W. B. and E. A. Robbins for \$10 and other valuable considerations property on Buffalo street, Ward One, this city.

G. C. Heglar, well known farmer of this county who has been ill for several days, is now undergoing treatment in the Charlotte Sanatorium. He is resting very comfortably today, it is reported.

Mrs. Lou Barringer died early this morning at the State Hospital at Morganton, according to a telegram to county officials. She formerly resided on Route No. 3, Mt. Pleasant. It is probable that the body will be brought to the county for burial.

Dr. E. F. West, of Ohio, prominent minister and speaker of the Reformed Church, will speak in Trinity Reformed Church here April 12th. Members of "Our Sunday Gang" have been given a special invitation to attend the service.

Youngsters of the Y. M. C. A. are planning a big Ping Pong Tournament during the month. The tournament will begin March 22nd and continue through the 27th. Many players have already signed for places in the list of contestants.

Friday, March 5, will be Oliver Day at York & Wadsworth Co.'s store. Lunch will be served at noon, and a string band will furnish music. You are cordially invited to be the guest of the store on that day. Read the particulars in ad. in this paper.

Rev. Harris B. Thomas, rector of All Saints Episcopal Church, was called to Morganton today by the sudden death of the wife of the rector of the Episcopal church of that city. Due to his absence there will be no services in All Saints church this evening.

Police officers again this morning reported no new business. "It has been unusually quiet during the week," one officer stated, "the public seemingly being determined to give us little to do." No session of the recorder's court was held yesterday afternoon, as no case had developed since Monday.

The aldermen are ready to receive requests for more streets and sewer lines at their March meeting at the city hall tonight, it is said. It is predicted that street extension work probably will not be authorized until several sewer lines have been laid. The meeting is scheduled to begin at 8 o'clock.

Persons who entered the 1925 "Better Garden Contest" will have until March 15th to file their reports, according to information received by Miss Cooley, county home demonstration agent. Miss Cooley states that a number of splendid reports have been received by her and she expects to have them all in by the fifteenth.

Premiums to be given for school exhibits at the next Cabarrus County Fair are being worked out now. Prof. J. W. B. Long, principal of No. 2 School, will be in charge of the display but he has asked Prof. J. B. Robertson, county superintendent of schools, to aid him in deciding what exhibits will be awarded with prizes.

J. M. Hendrix has an unusual fifty-cent piece, or at least one with which Concord people are not very familiar. The coin is the Alabama centennial coin, issued in 1919. On one side there is the seal of the State of Alabama and on the other engraved heads of Bibb and Kilby, governors of the States in 1819 and 1919, respectively.

Many persons still send letters to travelers in the Philippines "in care of the American consul, Manila." Manila, as a part of our possessions, has no more need than Omaha of an American consul.

The sturdiest person I ever knew was a man who was offered a glass of beer and who said "No, thank you, don't drink, but give me the five cents."

SAYS COLLEGE WASTED FOUR YEARS IN HIS LIFE

Nebraska Alumnus, After Six Months Tackling of World, Asserts, Training Left Him Unable to Cope With Problems. Lincoln, Neb., March 2.—University circles are greatly stirred by a sharp criticism printed in the current number of the Nebraska Alumnus, organ of the graduate students, over the signature of Emmett V. Maun, who gained an A. B. at the commencement last June, and who now, after six months' tackling of the world, tells his alma mater right to her face that he wasted four years of his life by teaching him things of no earthly use to him out in the world.

The editors printed the letter rather apologetically, saying they did so for the purpose of inviting a discussion of the wisdom of the education the State University gives to its graduates.

Maun says that some graduates land in a nice job kept for them in the family business circle, and others land on their face when they take a broad running jump into the world.

"I am one of those who landed on his face," he writes. "At the university they trained my mind by methods of study, they crammed it full of history, philosophy, theory and facts, but left me untrained to meet the world and its problems."

Maun tells about his several unsuccessful efforts to find himself and that he is now confronted by a choice between two jobs, neither of which provides more than a living wage. This leaves him without ability to pay debts of honor acquired while seeking an education. It makes it impossible for him to carry out his desire to establish a home. He is without a profession. He declares his college course was insufficient and left him unfitted. He concludes with these pungent paragraphs:

"Let the idealist use his philosophies. Let him say that money is not everything. But for everything that he tells me money will not buy I will tell him ten things that it will. "Thus, my university has failed me. It taught me idealism when I needed realism. It taught me theory and I needed practice. It drew me in, a fisherman; it did not advise me and let me learn when it was too late and then turned me out—four years behind the man who did not go.

"If I criticize, I offer also a remedy. Discard a history, a philosophy, a Greek, a geography a Latin and an economics instructor, and hire a \$15,000-a-year man who has trained men and who knows men. Put him at the head of a vocational guidance department. Let him interview every freshman and every senior. Let him advise these men at all stages and finally get a job for the man who is suited for the job. If the head of the department is the right kind of a man and if he creates the right kind of a department, he will save 100 years of wasted lives every year."

New Harmony, Indiana, has just celebrated the centenary of the Robert Owen socialistic colony there. The first infants' school in America is said to have been established in this place. The first woman's club in America was founded there in the Fauntleroy home. The Owen home was for many years the home of the U. S. Geological Survey.

Over 4,500 runaway marriages are contracted every year in Elkhart, Maryland, a village of 2,500. The "industry" is estimated to be worth \$100,000 a year to taxicab drivers, "marrying parsons," hotels, restaurants and the county clerk.

In addition to a weekly benefit system the Bricklayers, Mason and Plasterers International Union grants paid up life-membership cards to all who have held continuous membership for fifty years and to soldiers members totally disabled in the World War. Of the six members who have been granted paid up life membership cards three of them are residents of Canada; two live in New York State, and one in Pennsylvania. There are sixty members holding paid up life membership cards following fifty years of continuous active membership.

"A neighboring state is spending \$300,000 a year for county agents to educate the farmer in the science of increased production. It is not spending a dollar to educate the consumer either at home or abroad in the use of these products."—F. W. Sargent, president, Northwestern Railroad, speaking in Minneapolis.

NEW CHAIN GROCERY STORES

DOING TREMENDOUS BUSINESS IN THE CAROLINAS

All Owned and Operated by Local People.

Merchants who have opened "M" System Self Serving Grocery Stores in Greensboro, Raleigh, Sanford and Greenville, North Carolina are enjoying an exceptionally fine business and making excellent profits. Sales have increased beyond their fondest expectations. A new method of continual prosperity has been opened up to these men.

In addition contracts have already been closed for the early opening of M Stores in Charlotte and Durham. Negotiations are being made in numerous other points. M Store No. 2 Raleigh opened last Saturday and broke all sales records.

The system enables the man with small capital to enter the chain store field on a favorable basis as the large operators. It opens up to him a new method of rapid turnover only obtainable through M System service.

In the M System the selling of groceries is reduced to an exact science, overhead expenses are cut to a minimum.

The M Service Corporation gives continuous service in buying, advertising, etc., and enables the individual store to have the same buying power as the combined power of more than 500 stores that are now in operation.

The exclusive franchise rights together with the fixtures are sold under a most liberal proposition and one which each operator declares exceptionally fair and satisfactory.

It is not only the most beautiful grocery store in existence, but also the fastest operated. A larger volume of business can be done per square foot of floor space than in any other system.

Stealing in the M System store is practically unknown. The checker can see at a glance every inch of shelving and floor space in the store. In the operation of old style stores, the merchant and clerks take thousands of steps daily, waiting on customers and when Sunday comes they are tired and exhausted. The M System eliminates this. The customers wait on themselves and the little waiting that they do means nothing to them. The M Store System makes everything easy for the operator. When Sunday comes he never is too tired to enjoy it with his family. He sleeps well at night, no clerk hire to bother with, no bad accounts to think over, no mixed orders or delivery service to contend with. Everything is paid for on the spot and all worries eliminated.

The M System Mfg. Company headquarters is at Fort Worth, Texas, but an office and factory are maintained in Atlanta, Georgia, by Cenech & Jackson, Eastern Managers, 116 Marietta Street and to whom a letter or telegram will bring full information. Contracts are being closed very rapidly, and the opportunity that is yours today to secure the M System for your county may be gone tomorrow.

A visit to any of these stores, and a talk to the owners will convince you of the tremendous money making possibilities as an M System operator.

ATE TOO FAST

South Carolinian Took Black-Draught For Indigestion, and Says He Could Slop Eat Anything.

Ballentine, S. G.—Mr. W. B. Bouknight, of this place, gave the following account of his use of Theford's Black-Draught:

"Just after I married I had indigestion. Working out, I got in the habit of eating fast, for which I soon paid by having a tight, bloated feeling after meals. This made me very uncomfortable. I would feel stupid and drowsy, didn't feel like working. I was told it was indigestion. Some one recommended Black-Draught, and I took it after meals. I soon could eat anything any time.

"I use it for colds and biliousness and it will knock out a cold and carry away the bile better and quicker than any liver medicine I have ever found.

THEO. H. HARRIS' BLACK-DRAUGHT LIVER MEDICINE

Quick Way to End Dangerous Cough

Why let a dangerous cough hang on when you can, through a simple treatment, get speedy relief and often break it up completely in 24 hours?

The treatment is based on the famous Dr. King's New Discovery for Coughs. You take just one teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing it. It has a double action. It not only soothes and heals irritation, but also removes the phlegm and congestion which are the real cause of the coughing. So the worst cough quickly disappears.

Dr. King's New Discovery is for coughs, chest colds, bronchitis, spasmodic croup, etc. Fits for children, too—no harmful drugs. Very economical, as the dose is only one teaspoonful. At all good druggists. Ask for DR. KING'S NEW DISCOVERY FOR COUGHS.

The best sympathy

IT is only human for a funeral director to feel sympathetic in the presence of bereaved patrons. But it is real sympathy when he recognizes an obligation to see to it that the highest character of burial equipment is furnished at honest prices. Such a policy has been responsible for the success of this concern.

Typical of the burial equipment furnished by us is the Clark Grave Vault, recognized as a leader in the vault industry, because it gives positive and permanent protection.
