DeLuxe

THE BEDSPRING LUXURIOUS

DeLuxe is the most luxuriously comfortable bedspring made. It will give you a lifetime of satisfactory service and more soothing delightful healthful repose than you have ever known.

Luxurious comfort in the bedspring DeLuxe is a result of special features in the construction, among which are the extra long highly tempered conical coils, tied together diagonally at the top with elastic helical coils. These helical coils are securely attached to the large coils by Patented S-Hook Fasteners which insure the integrity of the entire fabric and distinguish DeLuxe from its many interior imitations. Each coil is thus given freedom of action and the bedspring is made flexible, so that it follows the contour of the figure and supports the whole body buoyantly in a natural and therefore healthful position. It does not sag like a hammock or pitch to the side of heavier weight when occupied by two persons. Tranquilized and made drowsy with a sense of physical comfort, you drift off into sound and refreshing sleep.

DeLuxe is handsomely finished in Rome Gray Enamel and will fit metal or wood beds (and bow-foot wood beds) without any change.

It's the Bedspring, not the bed or mattress that makes all the difference.

Like you, we stop at most homes on Main Street regularly, meeting another necessity—dry cleaning service. You make more stops now than we do, but it may be noticeable to you that our service-cars are seen offener each year.
