One new case of German measles was reported this morning to the county health department.

The Y. P. C. U. of the Associate Reformed Church will hold an open meeting Sabbath evening at 7 o'clock. "Temperance" will be the subject of the meeting to which the public is invited.

Despite the snow and resultant bad roads about sixty persons were present at the Keller Church Thursday night to see the movie program offered by Dr. S. E. Buchanan, county health officer.

Marriage licenses have been issued to the following Kannapolis couples: Jacob L. Axtman and Miss Maudie Midland; Howard L. Freeze and Miss Norine Burgess; and Bennie R. Bonds and Miss Mary Alice Erwin.

Dr. J. C. Rowan, pastor of the First Presbyterian Church, has been called to Camden, S. C., to conduct the funeral services for Dr. W. J. Dunn. He will return Saturday and will conduct the regular services in his church Sunday.

Only one case was scheduled to be tried in recorder's court this afternoon and as it has been continued, the court will not be in session. This is the second time this week no session of the court was held due to lack of business.

A current event contest will be held at the Y. M. C. A. Saturday night. The contest will be in addition to the regular movie program which will be shown beginning at 7 o'clock. Youngsters present are expected to take part in the contest.

Tom Drake, arrested here recently for alleged participation in the "Dad" Watkins murder in Stanly county, has been freed. He was given a hearing in Albemarle Monday and when the solicitor explained that he did not have enough evidence to warrant his being held, Drake was released.

It is probable that the kite flying contest for members of "Our Sunday Gang" will be held tomorrow on a hill near the White Parks Mill. If weather conditions are favorable the contest will be held under the direction of Harry Lee Johnston, boys' work secretary of the Y. M. C. A.

The home of "Tiny" Morrison, well known colored woman of Concord, was destroyed by fire Wednesday night. Everything in the house was burned, it is said, and the woman needs clothing and other goods. Her husband died about three weeks ago of pneumonia and she is said to be in need of aid.

W. W. Flowe, A. R. Howard, A. R. Hoover and F. C. Niblock have sold to W. D. McLaurin for \$850 property in No. 4 township, according to a deed filed Thursday. Another deed records the sale of property in No. 2 township by W. W. Morris to John L. Alexander for \$100 and other valuable considerations.

Most of the snow which fell here early Thursday morning melted during the day. Temperatures during the day never fell very low and the snow had little chance against this warmth. Streets, sidewalks and other points of traffic are practically free of the snow now and indications are that by tonight practically all of it will have melted.

WOMAN'S MISSIONARY COUNCIL IN SESSION

FIRST TIME IN STATE

(Continued From Page One) nouncement of the angels. His parting words were: 'My peace I give unto you.' At a crucial moment in his life the peace issue was foremost. The populace cried out for the release of Barnabas who had led the armed revolt against the foreign invaders, but demanded the persecution of the one who had taught the way of peace by aggressive good will. Peter declared that God had 'preached the gospel of peace by Jesus Christ.'

Referring to the part that the gospel of Christ must play in international affairs, if peace is to reign, the speaker commented:

"But some things in our modern life are incompatible with His Way of Peace. Attitudes of superiority toward other nations, economic rivalries for raw materials and world markets, excessive armaments, international fear and suspicion, and ignorance of each other, retard the coming of His reign as Prince of Peace.

"We have too little faith in the world of spiritual forces; we fail to distinguish between the early warlike character of the God of the Hebrews, the Father of Jesus; and we lack the same enthusiasm and daring in waging peace that has characterized us in waging war. Thus we miss the Way.

"Again He says: 'I am the Way.'"

Physicians the world over now employ it. This is to urge that you learn what it means to you. These are the facts: A vast number of ill conditions are caused by torpid livers. Those conditions, through scant bile, let germs breed in the intestines. Those germs create toxins, and the poisons cause troubles like these: Indigestion Constipation Impure Blood Heart and Kidney Troubles Bad Complexions High Blood Pressure Lack of Youth For generations it has been supposed that cathartics stimulate the liver. Now we know they don't. So millions have suffered from torpid livers, despite all the drugs they took. Most ill conditions are probably due to that. Now medical science has found the way to really make the liver active. The way is ox-gall, a liver secretion. It is bringing to millions a needed help they never found before. Ox-gall in its finest form now comes in tablets, called Dioxol. Each tablet contains 10 drops of purified ox-gall. All druggists supply them. Every ailing person, every person below par, should learn the changes that Dioxol brings. Learn this at our expense. The results may change your whole life, your entire career. They will start within 24 hours. See what this modern method means to you. "Clip this advertisement, take it to our special agent, Pearl Drug Co., and they will give you a liberal sample of Dioxol free."
