TIME OF CLOSING MAILS

The time of the closing of mails at the Concord postoffice is as follows: Northbound 1:36-11:00 P. M. 3:04-10:00 A. M. 3:44-4:10 P. M. 3:58-8:30 P. M. 8:00-11:30 P. M.

LOCAL MENTION

W. W. Flowe is able to be out again after being confined to his home by illness.

One new case of measles and one new case of diphtheria were reported this morning to the county health department.

The condition of Mrs. John Ritchie, who has been ill for several days at her home on South Spring street, is reported today as improved.

W. A. Brown, who has been suffering with a leg ailment, has had the leg placed in a plaster cast. He is in Charlotte today undergoing treatment.

The local Y volleyball team will go to Kannapolis tomorrow night for the championship tournament of that town. The game will be played in the Cannon Y.

The new road from Mt. Pleasant to the Stany county line was opened to traffic Sunday. The road was completed about two weeks ago but was closed to traffic until it had been allowed to set for some time.

Games in the City Basketball League will be resumed tomorrow night at the Y. The Winscott and DeMolay teams will play. The schedule was halted last week on account of the influenza epidemic.

A number of Concord persons motored to the Sandhills yesterday but they saw few peach blooms. The trees in the peach orchards there are just beginning to turn and it will be another week before they are in full blossom.

Plans for a City Baseball League, similar to the one operated last year, will be made at the Y. M. C. A. this week by Physical Director Denny and others interested in the proposition. It is planned to hold an organization meeting at the Y in the near future.

Prof. and Mrs. Hinton McLeod, Prof. A. S. Webb, Prof. J. B. Robertson and Miss Janie Klutz have returned from Raleigh, where they attended a meeting of the State Teachers' Assembly. The meeting was a most profitable one, they report.

The physical exercise classes at the high school were resumed today by J. W. Denny. The classes were cancelled last week when many of the students were confined to their homes by influenza. The regular schedule will be carried out in the future, Mr. Denny states.

Thomas A. Brantley has sold to John A. Brantley for \$175 property in City View, this city, according to a deed filed Saturday. Another deed filed the same day records the sale of property in the York addition of Concord by Henry McDaniel to W. H. Gillis for \$900.

Three cases are to be tried in recorder's court this afternoon, according to the police blotter. One defendant is charged with having liquor, another with assault with a deadly weapon and another with being intoxicated. The docket is one of the lightest in recent Mondays.

The new hotel in Concord will not be opened to the public on Easter Monday night. Reports to this effect have been circulated in Concord and nearby cities, but it is known that the building will not be ready for occupancy in that date. It will be May first at the earliest before the structure is completed, it is said.

Britt (Rube) Wilson, Cabarrus southpaw, reported in Charlotte this morning for spring practice with the Charlotte baseball team. The pitchers and catchers have reported a week earlier than the rest of the squad which will begin work next Monday. The first exhibition game of the year in Charlotte will be staged Friday when Detroit and Toronto meet at Wearn Field.

Drink Delusions.

A couple of old roustabouts were sitting in a bar-room imbibing in cocktails. Presently one of them remarked, "Do you know, Bill, I think I'll buy this hotel."

"Wait till we've had a few more drinks," said Bill, "and I'll sell it to you."

New street lights installed by the city of San Francisco in the Chinese quarter consist of a standard designed in imitation of a bamboo stalk which is surmounted by a lantern of pagoda design glassed with amber panels.

DEMOCRATIC PRIMARIES

The Democratic voters of Cabarrus County are hereby requested to meet at their respective voting precincts on Saturday April 17th, 1926, for the purpose of selecting five members of the Township Executive Committee and naming delegates to the County Convention on April 24th to be held in the county court house.

At the County Convention delegates will be named to represent the county at the State Convention to be held in the city of Raleigh on April 29th.

The primaries will be held in the several townships and wards at 2:30 p. m.

ROSA B. MUND, Vice Chairman County Democratic Executive Committee. Concord, N. C., March 22, 1926.

President Calvin Coolidge (in silk hat) pretence entering the Plymouth, Vt., cemetery just before the body of his aged father, Col. John Coolidge, was laid to rest alongside of the president's son, Calvin, Jr. John Coolidge is shown standing in the slightly Dick Jarvis, head of the U. S. Secret Service, is pictured behind the sled wearing a light cap.

Oteen Hospital. HOTLY CRITICISED

Several Former Inmates Make Charges of Inhuman Treatment.

Raleigh News and Observer. L. M. Kelly, of 7 South Person street, this city, says that the criticisms of Oteen Hospital as made in Wednesday's Asheville Citizen by the publishers of the Oteen Skylight and George T. Word are not a bit exaggerated. Mr. Kelly says he has just been sent away from Oteen although he has tuberculosis. He says he was sent away after he had been there only two weeks. On being discharged he was told, he states, that he had to leave to make room for those who needed treatment worse than he did.

Mr. Kelly said he could not follow this line of reasoning as there are accommodations at Oteen for fifteen hundred men and there are only fifty or six hundred there. He contends that the number has been cut down by a general application of the treatment which was accorded him.

The story in the Asheville Citizen says in part: "Charging that 90 per cent. of the patients in Oteen hospital are bitter against the present administration of the institution, and that this situation is having a pronounced ill effect upon their progress toward recovery, the publishers of the Oteen Skylight called at the Citizen office and made a statement of their side of the controversy that has been raging since the medical officer is alleged to have become peeved at articles carried in the publication and seized the office furniture of the paper which had been contributed toward its maintenance as a morale agent by a former administrator."

"On the heels of this charge there came another from George T. Word, who asserts that he was until recently a patient at the institution, and who alleges that the patients are treated inhumanly and unfairly by the present administration of the hospital. "The Skylight publishers, John G. Heller, Robert A. Bowen and C. E. Bullard admitted that they had received a letter from E. P. Odendahl, the medical officer in charge, in which he asked them to cancel his subscription to the publication. "It is further stated that since that letter was published in 'Skylight,' several hundred subscriptions have come in from those who are said to have protested against the alleged attempt to suppress the publication of the paper and its circulation among the patients. "The communication from Mr. Word in part is as follows: "The Statement. "Man's inhumanity to man makes countless thousands mourn." This trite and true expression has been brought vividly and forcibly to my attention the past three weeks while a patient at Oteen. Men suffering with the dread "white plague" contracted in line of duty, in the service of their country are being sent to United States Veterans' Hospital No. 60 at Oteen and recommended for treatment. After being kept in an observation ward for from three to fifteen days where there is no doctor, nurse or attendant on duty at night, they are being discharged this way. "Not in need of hospitalization" despite the fact that their hospitalization admission order from the Veterans' Bureau examiner specifically reads "Active tuberculosis—treatment recommended."

"The writer was discharged from the above named institution February 13, as 'treatment completed case,' after about one month's observation. In less than 24 hours I had a bad hemorrhage of the lungs. Having spent practically five years in sixteen tuberculosis institutions and being transferred to Oteen for the express purpose of receiving treatment after spending the past six months in a tuberculosis hospital in Ohio and paying summarily my own walking papers, I gave my own expenses en route. I was without transportation."

"When One's Standing Is Lost. "Sedatory work," said the college lecturer, tends to lessen the endurance. "In other words," butted in the smart student, "the more one sits, the less one can stand." "Exactly," retorted the lecturer; "and if one lies a great deal, one's standing is lost completely."

LOYAL ORDER OF MOOSE

IRISH POTATOES

Early Indications Point to a Large Acreage in North Carolina.

Raleigh, N. C., March 22.—(AP)—Early indications point to an Irish potato acreage in North Carolina this year at least 25 per cent. in excess of the acreage last season, it was stated today by the North Carolina Crop Reporting Service, following a survey of the state.

Early Irish potato acreage in North Carolina shows a marked increase over last year, says the Crop Reporting Service. This is on a basis of reports made by farmers, seed and fertilizer dealers, coopers and railroad officials.

Only about 85 or 90 per cent. of the potato crop had been planted at the time the survey was made, it is pointed out, and it is remarked that "it is to be borne in mind that some influencing factor might cause an increase."

SAYS IT'S GREAT SYSTEM BUILDER

Another Kannapolis Mill Man Gives Herb Extract Known as HERB JUICE Credit for Restoring His Health.

"I am most pleased that it was good fortune to learn of Herb Extract known as HERB JUICE in time to save me from further suffering. I never knew what it was to have a well day on account of constant gas pains which I suffered as a result of stomach trouble and indigestion. Such would be my condition today, were it not for Herb Extract known as HERB JUICE," said Mr. J. E. Lowder, well known cotton mill man connected with the Cabarrus Mill, Kannapolis, N. C., and resides at 781 Juniper street, when he called to see the HERB JUICE representative a few days ago.

"In my opinion," Mr. Lowder continued, "Herb Extract known as HERB JUICE is the greatest medicine on the market today and I am most eager for all to know what a truly wonderful remedy it is for indigestion and constipation. On account of gas pains and bloating after eating, I was almost afraid to eat anything. Everything seemed to disagree with me. My liver was sluggish and I always had a tired, worn-out feeling, due, I believe, to being badly constipated. I could not sleep well at night and would get up the next morning feeling worse than when I went to bed. My whole system was out of order, for I needed something to purge me and clean my system. In Herb Extract known as HERB JUICE I found the very remedy I was looking for. Ever since I began using this medicine I have gained in weight and strength until today I am feeling 100 per cent. improved. I have never found the equal of Herb Extract known as HERB JUICE for indigestion and constipation. The gas pains and bloating have stopped, my liver acts regularly, also my bowels are in good shape and I am not bothered with constipation. Herb Extract known as HERB JUICE is the best laxative and tonic I have used, and I know I owe my present improvement in health to this wonderful remedy. I will always praise it and recommend it to anyone suffering as I did, for I know from experience it will do the work and do it well. My whole family are taking Herb Extract known as HERB JUICE with wonderful results."

crease or a decrease in expected plantings, thereby making it necessary to revise our preliminary estimate. Present indications are that we will have at least a twenty-five per cent. increase in potato acreage this year."

The potato and trucking situation generally are reviewed in the statement today:

"While there is a small increase over the whole trucking area of the State, the largest increases are in the following counties: Beaufort, Carteret, Craven and Pamlico. There is also a decided increase in acreage around Bethel. These places have an increase of from 30 to 50 per cent., while Elizabeth City, Mount Olive and other sections will range from 10 to 20 per cent above last year. The western part of the State is reported to have no increase but rather likely to show a slight decrease. However, it is too early to get expected acreage in the mountain section."

Haulings of seed potatoes by railroads appear to indicate an increased planting around Vandemere and Aurora, but it must be remembered, it is said, that a large number of Irish potato seed was grown last year, as compared with little this year.

Some seed potatoes have sold for as high as \$12 per barrel and have averaged for \$8.50 to \$9.50 this year, which resulted in decreased acreage for the small farmer, or one short of operating capital. Increases are due to the expansion of acreage with the wealthiest farmers and to investments made by contractors. In Beaufort county about 35 per cent. of the total crop was planted by the contracting method. There are several options to this method all of which center around the farmer being financed by others for which he in turn gives a specified quantity of potatoes or a given per cent. of the total crop at harvest.

Weather conditions have been very unfavorable to the potato grower. In some sections three work days per week was the maximum during most of the planting season. Despite this fact planting was not delayed, due to the improved methods of farming and the use of modern machinery, which has about taken the place of man labor to a great extent on farms. While farm labor has been plentiful, it was the belief of some that there would be a shortage during harvest time. The State Commissioner of Labor and printing has announced that he hoped to be in position to supply a sufficient amount of labor to meet the demands of any emergency that might arise.

"As yet we have not attempted to forecast the price of potatoes, but indications are that the early market will be exceptionally good. The quantity of potatoes held by growers and local dealers in the 35 late potato states on January 1, 1926, and available for sale after that date is estimated to have been 67,127,000 bushels, or 22.3 per cent. of the total crop, compared with 119,223,000 bushels on the same date last year, which was 30 per cent. of the total crop. Stocks on hand January 1 are estimated to be much lower than stocks on hand on the same date in any year since 1919, when holdings were estimated at 65,405,000 bushels.

New Jersey spent about \$325,000 last year in mosquito control work.

Only about 85 or 90 per cent. of the potato crop had been planted at the time the survey was made, it is pointed out, and it is remarked that "it is to be borne in mind that some influencing factor might cause an increase."
