Colds and Grip Cured New Way

New Treatment for Deep, Grippy Colds Being Introduced by Local Druggist, With Guarantee.

After thousands of laboratory tests modern science has at last combined into one remedy, called RUSSELL'S RB-31, the ingredients needed to relieve the distressing symptoms of deep, grippy colds.

Aids Nature

Most remedies have disappointed you in the past because they have failed to reach the five symptoms, which follow swiftly in the track of the first sneeze. Now when you feel one of those feverish, grippy colds coming on you can take RUSSELL'S RB-31 and get relief quickly through its remarkable power in aiding nature to act with full force in curing the cold.

1. It reduces the fever.
2. It relieves the pain.
3. It cleans the body of impurities.
4. It liquefies the sticky mucus and promotes its ejection from the throat, bronchial tubes and lungs.
5. It allays the harassing cough which so often comes with a cold.

Adults Only

Prepared especially for adults RUSSELL'S RB-31 brings more complete relief to men and women than those remedies which must be kept mild because they are also used for the treatment of children.

Money Back

So strongly are the local druggists backing this remedy that they offer it to the families of this city with a guarantee to refund money if RUSSELL'S RB-31 fails to give desired relief.
