### CONCORD FURNITURE CO.

Starts Saturday Morning, April 10th and Runs Through Saturday, April 17th.

#### CASH IS THE BIG NEED IN MIAMI NOW

Investors and Speculators Hard Put to it to Find Funds.  
Miami, April 7.—Miami is in the midst of an acute period of readjustment, accompanied by a frenzied search for cash. Large developments of real estate are retrenching and seeking loans. Others enterprises, threatened with failure, are being reorganized and refinanced. Small outlying subdivisions are quietly sinking into oblivion, carrying with them expensive pavements and street lamps.  
Investors and speculators in real estate, from business men to mechanics, are scraping for cash to pay income taxes and meet payments on property.

Mortgages on high grade real estate can be bought for 80 cents on the dollar and money lenders are exacting high discounts.  
The "Settling" Process.  
All this is what Miami terms the "settling" process. It was generally recognized at least three months ago that the "boom" period was at an end. The skyrocketing of prices under the stimulus of speculative buying could not endure.

Thus far the reaction has been characterized by stagnation rather than by reduction of prices. Real estate is being sold for less than it would have brought six months ago, but for more than it would have brought a year ago. Business sites and choice residential property well within Miami bought during the height of the boom are being sold at small profits.

At the same time the resale departments of the large developments and brokers are loaded to the guards with listing of property which they cannot sell. Owners are willing to sacrifice anticipated profits, but to accept losses.

"Will the Market Break?"  
The question which is causing no little apprehension in Miami is, "Will the market break?" Income tax payments already are pressing on investors who put their profits last year back into real estate. Thousands of speculators who applied all their cash on first payments on real estate are not in a position to make their second payments, which will fall due in the next three months. Unless the market revives sufficiently to permit them to dispose of parts of their building they will lose all they have.

For the present speculators are holding on grimly and from the sounder developments they undoubtedly will receive lenient treatment if they cannot make payments promptly.

"Suckers" who bought from irresponsible promoters who misrepresented their land or who will never make the improvements they promised have already lost. "Suckers" who bought in outlying subdivisions which will not be populated until Miami is as large as Chicago, have lost. Speculators who gobbled up more land than they can digest, will

lose. Beneath the hurried surface of the "settling process" there has been a steady judicious buying of high grade real estate in the heart of Miami. The volume of real estate transactions in Dade county, in which Miami is situated, during February, as indicated by the sales of documentary stamps, was \$46,560,000. In February of last year it was \$62,693,000. On smaller calculation the transactions in January totaled \$56,320,000, as compared with \$39,003,000 in January, 1925, and \$54,320,000 in December, 1925. Total sales in 1925, thus figured, were approximately \$1,500,000,000.

#### CRIMES OF YOUTH "HEART BREAKING"

Judge Webb Laments Tendency of Young Boys Toward Petty Thievery.  
Jefferson, Apr. 7.—Superior Court convened here Monday with clear skies and a record crowd, which overflowed the courthouse to hear an able charge by Judge James L. Webb, presiding.  
Judge Webb was listened to by the crowd with the closest attention during the hour and a half he spoke to the grand jury. He turned to the audience frequently and raised his voice in emphasizing points.

"A man who does not believe in law enforcement should not be juror, either grand juror or petty juror," he declared. "We can't exist without law. Without something to restrain men, civilization would cease to exist and anarchy would prevail. We should take off our hats to the law. We should obey every statute which is enacted."  
In paying tribute to Ashe county Judge Webb said: "I am delighted with your splendid highways and beautiful scenery. All this country is to be the scene of a great development and increase in wealth. People are hearing about it and will come and abide with you, or at least spend their summers here. There is no scenery in the world to surpass yours. It is a place to attract people, a great country with great possibilities and a great future."

He gave an unusually plain exposition of the most prevalent crimes, laying especial stress on the liquor laws and motor vehicle regulations. He deplored the tendency among young boys toward petty thievery, which he declared was heart-breaking, and a result of "walking on stilts" during the war, trying to keep up with the crowd, and laxity of parents. With especial force he attacked the cigarette habit among the young, which he declared was killing thousands of boys, and demanded the enforcement of the statute forbidding selling cigarettes to minors.

#### Duke Students Hurt in Automobile Crash.

Harmony, April 7.—Two Duke university students and three other persons were seriously injured in an automobile wreck ten or 12 miles north of here Sunday, according to

reports brought in by Harmony high school students who live at Hamptonville, near the scene of the accident.  
Nelson Ireland and Jack Caldwell were the most seriously injured. Ireland said, Young Ireland suffered a severe cut on the leg and both young men were bruised and cut about the body and face. Walt Wagener, in whose car they were riding, was not dangerously injured.

According to the best information obtainable, it seems that the Wagener car, a new Ford touring, was driving north on route No. 23 when a Dodge touring car, driven by Miss Lucy Stinson, came in behind and a race followed. The two cars struck as the Dodge attempted to pass and both were completely wrecked. Miss Stinson was hurt in the crash, and her sister, Miss Beulah Stinson, suffered cuts about the head and was badly bruised. All the victims of the accident were given medical aid by Dr. H. J. Weaver.

#### Speedway Tickets Received for Sale.

Charlotte News.  
Tickets for fifty-five thousand seats for the next 250-mile championship race which will be run in the Charlotte speedway bowl May 10th were received from the printer Thursday by the manager, Coleman Roberts.

Thousands of reservations have already been made by fans and indications point to the most spectacular race in the history of the bowl, according to Mr. Roberts. Tickets are now available and will be sold from Speedway headquarters at 432 South

Tryon Street.  
In the past, it has been the custom to accept reservations only, but this time race fans may select their seats and carry tickets away, thus insuring choice locations said Mr. Roberts. General advertisement of tickets will begin April 11th.

#### Mrs. M. A. Emerson Badly Bruised.

Mooreville Enterprise.  
Last Friday afternoon Harrison Emerson, accompanied by his mother, Mrs. M. A. Emerson, and several of his children, were en route to a funeral in front of Oak Ridge school on the Prospect road a car was in front of his and had slowed down to drop avoid striking several school children that were in the road, none of whom made any attempt to get out of the road, it is alleged. Mr. Emerson would either run into the car in front of him or strike some of the children had he kept going, but rather than do either he diverted to the side of the road. His car struck the opposite embankment with such force that it threw Mrs. Emerson out of her seat and bruised her considerably. Mrs. Emerson is quite an aged woman and the injuries are feared to be serious. The young son of Mr. Emerson sustained a laceration across his forehead, which was sewed up by Dr. Bell. One casing was torn off the Emerson car.

"Gorgeous, but you were gone a long time!" exclaimed Nell. "Have a blowout?"  
"No!" replied Ada in disgust. "He never spent a cent!"

### CAROLINA MAN HAD TO GIVE UP REGULAR WORK

**"But I Haven't Lost a Day on Account of Sickness Since Karnak Put Me to Feeling Fine as a Fiddle About a Year Ago," Says McAbee.**

you how bad off I really was, I got to the place where I had to give up my regular work and never worked more than two days a week. I had to take strong laxatives for constipation, and spent so much money without getting any relief I was at a loss what to do.

"Never in my life have I seen anything to equal this Karnak, why, it fixed me up about a year ago and I've been feeling as fine as a fiddle ever since," says J. H. McAbee, of Whitney, S. C., just three miles out of Spartanburg.

"Yes, sir, this medicine just drove my troubles out almost before I knew it," adds Mr. McAbee. "I tell you, I was in bad shape, too. Gas would just blow me up terribly after a meal, and would crowd around my heart and make me feel like I would smother."

"I had a continual dull aching in my back, and I was so nervous that nights I'd roll and toss and could hardly sleep a wink. Just to show

"Believe me, I am sure thankful for the day I got Karnak. I want you to know three bottles of this medicine put me in the pink of condition. Why, it just fixed me up so fine I could eat anything I wanted, even onions, and not have it trouble me one bit afterward. No more bloating, gas or pains of any kind. I gained weight and strength, and although it's been a year since Karnak fixed me up, I haven't had to lose a day from work on account of sickness. I don't believe there ever was or ever will be a medicine to equal Karnak."

Karnak is sold in Concord by the Pearl Drug Co.; and by every other reliable druggist in Concord and in every other town.

### The better all-year Anti-Knock Fuel

Fast firing! That's a big quality in Sinclair H. C. Gasoline. Fires fast—gets your car away fast—takes it over the hill in high! And when it fires, it fires completely! Without a "knock". Without a "ping"—or a "thump". It's an anti-knock gasoline and it's all gasoline—all comes out of an oil well. The sooner you put "H.C." Gasoline into your tank, the sooner you will put a new smoothness into your engine. And it's economical, too—because it gives you more miles to the gallon!

### SINCLAIR H.C. GASOLINE

ONLY THREE CENTS MORE THAN REGULAR SINCLAIR.
