QUALITY AT LOW COST

SCHUMANN-HEINK SUIT WON.

Div. Receipts \$3,750. From Transit Company For Taxicab Crash. St. Louis, April 10.—After almost eight years of litigation, the \$35,000 damage suit of Mme. Ernestine

Schumann-Heink, concert singer, against the United Railways Company here, has been settled out of court by payment of 3,750 to the plaintiff. A stipulation to that effect was filed in Circuit Court today.

Mme. Schumann-Heink was injured when a street car collided with a taxicab in which she was riding, February 23, 1917. She sued, asserting three ribs were broken and that her nervous system was injured permanently. Twenty-nine contracts

had been cancelled due to her illness, she alleged.

Commodore Stoltz Visits Charlotte. Charlotte, April 9.—Commodore J. Perry Stoltz, owner of Fleetwood hotels, in Miami and Hendersonville is in the city. Report has it that he has closed a deal here looking toward the establishment of a large tourist hotel here, but Clarence Kuester, who has been with Mr. Stoltz constantly during his stay, denies that Mr. Stoltz has closed any deal here. It was reported that he had bought a two hundred acre tract near Myers Park valued at \$200,000. This Mr. Kuester denies. He says Mr. Stoltz came to see contractors at work on the Fleetwood hotel at Hendersonville and made no reference to any hotel for Charlotte says Mr. Kuester. He has gone back to Hendersonville from there to Charlotte and then to Miami. He is to build a hotel at Augusta and has bought one at Charleston called the "Fort Sumter."

Students' Trunks Burn in Davidson Dormitory. Davidson, April 9.—Fire was discovered at 10:30 o'clock Thursday night in a room occupied by H. M. Arrowood and J. P. McKnight, resulting in two trunks and contents and incidentals being destroyed. The room was in Watts dormitory, which is fireproof, and the flames were thus confined to the one room.

It is believed that the fire was caused by a cigarette being laid on the table, later falling into a trash basket, which was close to the two trunks. Arrowood was at his home in Shelby, while McKnight had left about 20 minutes before the fire was discovered for Charlotte.

"Dream Woman" Wakes After 30-Months' Sleep. Pound, Wis., April 18.—Mrs. Molly Stankowitz, forty-year-old "dream woman," who mystified the medical world by sleeping thirty months with only three or four short interruptions, has been awakened and returned to health by the removal of several large stones from her kidneys.

Surgeons who have observed her case are of the opinion it is without parallel. For almost three years the patient lay in a comatose condition, able to take liquid food only through a tube. Although unable to speak or move a muscle while sick, she says she was aware of everything going on about her, a fact unknown to those in attendance.

YOUNG MAN COMMITS SUICIDE IN NEW YORK

Stabs Himself With Pair of Shears and Then Leaps From Window of Skyscraper.

New York, April 9.—John C. Hilton, young Williams college graduate and son of a banker, plunged headlong to his death from a skyscraper window today after stabbing himself with a pair of shears.

As he was dictating a letter in the office of an advertising firm on the 20th floor of a building at Madison avenue and 46th street where he was employed, the "life of the office" young Hilton suddenly jumped to his feet, stabbed a long pair of shears repeatedly into his chest and hurled himself from the window. Hilton was a son of Frank L. Hilton, vice president of the Bank of Manhattan company.

During the Christmas holidays the engagement of young Hilton and Miss Mary Mixsell, of Bethlehem, Pa., was announced but no date had been set for the wedding. Hilton was graduated in 1923 from Williams college where he was editor of The Purple Cow, was on the staff of the Williams Record, and was a member of the musical club.

Hilton's employer said he had been in poor health for several days. Fellow workers said that although he had been somewhat depressed recently, he seemed in excellent spirits today.

TWENTY-THREE PERISHED ABOARD BURNING VESSEL

Dutch Tank Steamer Still Afloat Forty-Five Miles Below New Orleans.

New Orleans, April 9.—Grounded in the Mississippi river about 45 miles below New Orleans, the Dutch Tanker Silvanus, which was wrecked by explosion last night after it collided with the Standard Oil tank steamer Thomas H. Wheeler, tonight was still burning. Seamen of several boats are believed to have caused the death of 23 sailors.

While circumstances surround this river tragedy were being investigated by federal and steamship officials, searchers were seeking the bodies of five men missing since a series of explosions occurred here yesterday aboard the O. T. Waring, another Standard Oil tanker. Adolph M. Johnson, of New Orleans, an electrician, died in a hospital here tonight of injuries received in this disaster. One man injured aboard the O. T. Waring remained in a critical condition tonight and forty-four others were suffering from injuries.

Damage caused by the two disasters conservatively is estimated at \$3,000,000. About two-thirds of this amount probably will be borne by the owners of the Silvanus.

Post and Flag's Cotton Letter.

New York, April 9.—The market is simply wallowing in a sea of uncertainty, with no signs of a breeze from any quarter to give it steerage. Sentiment of all sorts is plentiful, but no disposition for definite expression. Talk of large acreage and mill curtailment, with a large out of season surplus has created a strong bearish feeling in professional circles, but the delayed start increasing danger of damage from insects and later weather checks selling, especially with near month premiums holding firmly in spite of the number of bales this year. Selling against the crop is still a long way off, and with the trade still absorbing offerings on a scale down, an oversold condition could easily arise.

Buyers, however, feel under no compulsion to follow advances, and prefer to wait on developments before increasing commitments, and continue to accept moderate profits when in sight, and take chances on no placing to advantage.

The market is small beer and skittles, and affords no peg on which to hang an opinion.

POST AND FLAG.

The longest pastorate in the Protestant Episcopal diocese of Pennsylvania is held by Rev. J. A. Goodfellow, rector for fifty-four years of one church in Philadelphia.

JOHN COTTON LOSES HIS LIFE IN LAKE

Drowned in Lake Osecola, Near Hendersonville, When Boat, He Occupied Alone Capsized.

Ashville, April 9.—John Cotton, popular son of Dr. and Mrs. Clyde E. Cotton, of Asheville, was drowned shortly before 3 o'clock this afternoon in Osecola lake, one mile from Hendersonville, when a small boat in which he was rowing along capsized in 25 feet of water, according to word received here.

The boy was seen struggling in the water by two highway workers who were dragging the road nearby, but went under before aid could reach him at a distance of about 30 feet from the bank. He had made his way from a point said to have been about 100 feet from shore.

The body was recovered within 10 minutes by Roy Williams, who dived in the icy waters, but the boy was pronounced dead by Coroner A. L. Beck, who was summoned to the scene immediately.

Lake Osecola is a pleasure resort but had not been opened for the season.

Young Cotton was graduated from Asheville high school in June 1923. There he had been football cheer leader, head boy and president of the senior class. Later he entered the University of North Carolina and was a student there until the fall of 1925. Recently he had lived in Hendersonville and had been a real estate salesman.

DEMOCRATIC PRIMARIES

The Democratic voters of Cabarrus County are hereby requested to meet at their respective voting precincts on Saturday April 17th, 1926, for the purpose of selecting five members of the Township Executive Committee and naming delegates to the County Convention on April 24th to be held in the county court house.

At the County Convention delegates will be named to represent the county at the State Convention to be held in the city of Raleigh on April 29th.

The primaries will be held in the several townships and wards at 2:30 p. m.

ROSA B. MUND, Vice Chairman County Democratic Executive Committee, Concord, N. C., March 22, 1926.

BILIOUSNESS

Retired Minister Tells How He Keeps in Good Form With the Assistance of Black-Draught.

West Graham, Va.—The Rev. Lewis Evans, a well-known retired minister, now past 80, living here, has a high opinion of Black-Draught, which he says he has taken when needed, for 25 years. "For years I had been suffering with my liver," he says. "Sometimes the pain would be very intense and my back would hurt all the time. Black-Draught was the first thing I found that would give me any relief."

"My liver has always been sluggish. Sometimes it gives me a lot of trouble. I have suffered a lot with it—pains in my side and back, and bad headache, caused from extreme biliousness."

"After I found Black-Draught, I would begin to take it as soon as I felt a spell coming on and it relieved the cause at once. I can recommend it to anybody suffering from liver trouble. A dose or two now and then keeps me in good form."

Made from selected medicinal roots and herbs, and containing no dangerous mineral drugs, Black-Draught is nature's own remedy for a tired, lazy liver. NC-166

OPPOSITE NEW HOTEL

It's Refrigerator Time in Concord

Are you planning to buy a new Refrigerator? If so, why not let us show you the "LEONARD CLEANABLE?" The Refrigerator that will mean an investment to you instead of an expense.

A refrigerator must be something more than a box for ice and a place to store food. It must keep the food cold and it must keep it cold by a constant circulation of pure, dry air. It must also be so constructed that it can be kept constantly clean, otherwise germs will gather and not only destroy the food, but seriously menace the health of the family.

No thoughtful person would like to waste ice, food or the money it takes to buy them, so see the LEONARD one-piece-porcelain before you buy.
