Don't Be Afraid to Invest in Real Estate—it Is a Sure and the Only Sure Way to Save

William Jennings Bryan said: "Real estate is the best investment for small savings. More money is made from the rise in real estate than all other causes combined. To speculate in stocks is risky, and even dangerous, but when you buy real estate you are buying an inheritance." Real Estate in and around the city of Concord has jumped by leaps and bounds and the end is not yet. There are just as good opportunities now as there was in the past.

A good bit of fun, games and songs were mixed in the afternoon's program. We all like Miss Cooney, our present county home agent, very much. She is extremely efficient and so willing and ready to help out in measures of betterment for our people. The Woman's Missionary Society of Center Grove E. L. Church has just finished the study of "Looking Ahead With Latin America." This book was highly interesting. The final study and discussion of the chapter was held Thursday, April 15th.
