Youthful Singer Not Satisfied With Present Success—Wants to Stand on Top.

Atlanta, Ga., April 24.—Marion Talley, who sang last night before the largest audience that ever packed the Atlanta auditorium to hear a grand opera program is not satisfied with her position in the world of music.

This was revealed today when Miss Talley, the youngest member of the Metropolitan Opera Company, declared she could not be content with the success she has achieved thus far. With the applause of thousands

COULDN'T DO HER HOUSEWORK FOR THREE YEARS

ILL HEALTH PREVENTED

Is Now Feeling Fine and Has Gained Eighteen Pounds.

"For three long years I could not do any housework. Ill health prevented. I was in a general run down condition. I could not build up. I was so very nervous that everything worried me. I could not say what in particular hurt me but I simply hurt all over. A real restful sleep was unknown to me and I lost fifteen pounds in weight. It was a great day for me when I heard of HERB JUICE for as soon as I had taken a few doses I began to feel better." Mrs. R. H. Kelly of South Gastonia, North Carolina, gave the HERB JUICE demonstrator the above interesting facts.

MRS. R. H. KELLY

As there are so many HERB JUICE enthusiasts in Gastonia, it was not hard for Mrs. Kelly to hear of HERB JUICE and she is using this means of telling others of it NOW.

"At present I am doing my own housework," continued Mrs. Kelly, "after a lapse of three years. I never felt better in my life. HERB JUICE has built me up by first removing the cause of my sickness. It has given my entire system a good cleaning, my bowels and kidneys are regulated. I eat anything I want, sleep well and am enjoying doing my work. It is hard for my friends to realize that I am the same person of a few months back. I have gained about eighteen pounds in weight. "In my opinion, there is no other medicine in the world like HERB JUICE. It is not only pleasant to take, but it brings about results in a very short time and there are no bad after effects. It will help anyone who tries it. It hasn't failed yet and it won't in your case." For sale by Gibson Drug Co.

still ringing in her ears as a result of her triumph last night in "Lucia." Miss Talley expressed her intention of striving onward toward musical perfection.

"No, I am not satisfied," she asserted. "I want to keep on improving. I want to study and practice and train until I am as near perfection as it is possible for me to be."

Nor is her mother, Mrs. Helen H. Talley, satisfied with her youthful daughter's success in her first season of opera.

"I want Marion to be the premier singer in whatever she undertakes," Mrs. Talley explained. "I want her to be the best there is. My ambition is for her to become the outstanding figure either in opera or in concert."

Miss Talley, together with the other members of the Metropolitan Opera Company, left here tonight for Cleveland, Ohio, for an engagement extending from Monday until May 5th. Then the company will go to Rochester, N. Y., for two days, after which Miss Talley will begin a concert tour. In September she will give a concert at Kansas City, her home town, where she is idolized. At her Metropolitan debut in New York a large delegation from Kansas City was present and a number of Kansas citizens came to Atlanta to hear her sing.

Doesn't Play Golf. She doesn't play golf—never had a golf club in her hand—and she doesn't participate in any other sports. Nor is she interested in society. She said she always received a large number of invitations to attend dinners and dances but that she rarely accepted.

She made an exception, however, during her week's stay in Atlanta. Last night she attended a dinner given in honor of Otto H. Kahn, chairman of the board of directors of the Metropolitan Opera Company.

"I didn't get to the hotel until 10 o'clock," she laughed. "That's the latest I ever stayed up in my life. Every other night I have been here I was in bed by 9 o'clock. You see, my work tires me so I have to go to bed early in order to get enough sleep." And she gets up at 6 o'clock.

Early Start. "I have never been able to sleep late," she explained, "and besides, I like to get an early start at my work. If I had 48 hours every day there wouldn't be enough time for what I want to do."

"How long did it take you to prepare for last night's opera?" she was asked.

"Nineteen years," she smiled. Then she recited the events which

led up to her Metropolitan debut. At the age of 10 she began to study music and to sing occasionally in the First Christian Church of Kansas City.

Then she began to appear at dinners and society gatherings. When she was 15 she went to New York to study music, and later went to Europe to study and travel.

Her contract with the Metropolitan Opera Company was signed in Milan, Italy, last July 4th. Previously she had been offered a contract but declined, feeling, she said, that she was too young.
