IN AND ABOUT THE CITY

**GARDEN SUGGESTIONS BY STATE HORTICULTURISTS**

Monthly Bulletins Will Be Issued For Benefit of Contestants in "Home Garden Contest."

In an effort to stimulate greater interest in the "Home Garden Contest" and at the same time to offer aid to those persons in the State who have entered the contest, E. B. Morrow, State Horticulturist, will publish bulletins each month containing garden suggestions. The bulletin for May has been received by Miss Cooley, county home demonstration agent, who has made it public for the benefit of the public. The bulletin reads:

"The full-grown leaves and the abundance of spring flowers of early May indicate to the observant gardener that settled weather is at hand and that it is now time to plant abundantly of the tender vegetables. Seeds of such warm-season crops as snap and lima beans, okra, sweet corn, cucumber, cantaloupe, squash, pumpkin and watermelon should be planted now. Sweet potato slips and plants of tomato, pepper and eggplant which were started in the early seed-bed should be transplanted. Tomato seed should be sown in an outdoor bed to produce plants for the late crop.

"Of the cool-season crops, beets and carrots will withstand summer heat and may be planted if a succession of tender roots is desired. Such leafy vegetables as New Zealand Spinach, Swiss chard and parsley will add much to the way of greens and of material for garnishing.

"Thorough seedbed preparation is important at any time but is especially so in May since a short dry spell at this time may mean disaster to tender seedlings if the ground has been poorly prepared. Constant harrowing and cultivation is the best known means of keeping down weeds and conserving moisture and of mellowing the soil.

"In any gardening operation it is well to avoid more than can be properly cared for. A small plot given reasonable care and attention will produce as much as one twice as large if the larger sized plot must at any time be neglected."

**ANIMALS ARRIVE FOR Y CIRCUS HERE TOMORROW**

Diaphibus and Delphinian Among the Animals Arriving Today—Big Parade Tomorrow Afternoon.

Wild animals for the Ringtail circus at the Y tomorrow began arriving in Concord early this morning. The diaphibus and the delphinian were among the early arrivals this morning and later in the day the better known camels, elephants and lions were quartered at the Y.

Officials of the Y, who are sponsoring the circus, have been advised that the Queen of Sheba will arrive tomorrow morning. She will occupy the chariot in the parade tomorrow afternoon.

The parade will form at the Y at 3 o'clock and begin its line of march half an hour later. From the Y the parade will go down South Union to Corbin, drop to Church, then back to Depot, down Depot to Georgia Avenue and back to the Y over Grove and Union streets.

The afternoon performance, to be given on a big stage in front of the Y, will begin at 4:30. This performance will be especially attractive for children.

The night performance, with a program unusual for Concord, will start at 7:30. At this show artists from Charlotte, Concord and Greensville, S. C., will be on the program. In addition there will be stunts by the animals and other attractive numbers.

The gym classes to be seen here are among the best in the South. Charlotte will send teams from the Y. M. C. A. and the Y. W. C. A., while from Greensville will come the gym class recognized as one of the best in the South. Many of the numbers to be offered by these artists are as good as those seen in regular circuses.

Hundreds of persons are expected to take part in the parade. Various business houses will enter floats or other advertising mediums. Pictures of the parade and crowds lining the streets during the parade will be taken.

**BASEBALL GAME AT THE GIBSON PARK TOMORROW**

Catawba College Team Will Offer Opposition to Local Aggregation.

The Catawba College baseball team will be here tomorrow for a game with the Gibson Mill team. This will be the opening game of the season for the locals who were kept from making their 1926 debut last Saturday when the Highland Park team from High Point failed to put in appearance.

Manager Sid Basinger states that he expects to us practically the same team he had lined-up for last Saturday. This team includes several college stars as well as locals who have gained State-wide reputations as semi-pros.

The game will be played at the Gibson park at 3:30 and it is expected that several hundred fans will be on hand. Weather conditions have been ideal for baseball for several weeks and fine interest is manifested as shown by the large crowd on hand last Saturday.

The Gibson park is in excellent condition for playing. Changes and improvements have been made since the close of the 1925 season and local fans will be able to enjoy their game in a modern park this year.

**Peuse Furr Insists His Cow Told Him to Look Out.**

Staley News-Herald.

Peuse Furr, automobile salesman for a local motor company, claims he has the world beat when it comes to side-tracking cows and not injuring his car.

Only a few days ago Mr. Furr had gone down to Aquadale for the purpose of buying himself some special home-grown chewing weed and on his return found he side-tracked a big cow which jumped in front of his car on the highway.

Peuse stated that he was battling it down the road at about forty-five miles per hour when the cow jumped in front of him; he did not have time to stop and request the cow to move over to the other side of the road so he struck the cow a stunning blow. "Moo-woo, look out Peuse," Peuse believed the modest cow, while Peuse clutched the wheel trembling and in one minute the affair was over. Mr. Furr stated as he passed out of sight the cow was still standing atop the great embankment gazing at the fleeing car.

Peuse contends this is the only time in the history of Staley that anyone has heard a cow bellow to a man to look out. He declares this cow plainly told him to look out.

**Four Boys Arrested on a Grave Charge.**

Staley News-Herald.

The boys believed to be the ones who broke into the hot dog stand here which was formerly known as Long's Quick Lunch and the Salisbury filling station up the Salisbury road were apprehended late Thursday afternoon by officers.

Henry Surratt was captured at Norwood by Officer Fulton while the other three, Albert Boyd, Harry Garger and Adam Beck, were arrested in Ansonville.

All four youths were lodged in the Staley county jail here late Thursday afternoon. According to officers these boys had been canvassing the state in an automobile raving stores and thus far had succeeded in making their get away. Officer Fulton stated that the boys had some of their loot in the car at the time they were arrested.

The boys refuse to talk any themselves and very little has been learned from them. They have remained obstinate from the time of their arrest.

Man—What do you mean by taking your little brother across the street when there's so much traffic? I should think you would be afraid he would be run over.

Boy—What of it? We have a lot more at home.
