IN AND ABOUT THE CITY

LITTLE BUSINESS BEFORE ALDERMEN AT JUNE MEET Property on Which City Taxes Have Not Been Paid Will Be Advertised in Near Future—Other Matters. While no matters of outstanding significance were presented, the members of the board of aldermen were kept busy several hours Thursday night at their regular monthly meeting in the city hall with the discussion of routine business. Albert Johnson appeared before the board and asked that a pipe line for drainage purposes—storm sewer—be laid from Church Street to Vance Street. Repeating the story he told the aldermen at the meeting on May 6th, Mr. Johnson said that due to the lay of the land water stands in the streets almost continually. After some discussion, the petition was tabled until it could be further looked into. The board empowered the street committee to buy flags to be used for street decorations on the various occasions they are necessary. In the past these flags have been rented. The May report of Quint E. Smith, city engineer, was read and accepted by the board. John R. Query, local contractor, was awarded the contract to pave the west side of Cedar Street. The aldermen re-elected A. F. Goodman and J. O. Moore to serve on the water and light board for a period of two years. The lot belonging to Mr. Barbee in Ward 5 was condemned by the board for the purposes of constructing a storm sewer there. E. C. Barnhardt, W. B. Branton and C. S. Smart were named as a jury to assess the damages. C. N. Fields, city tax collector, was authorized to advertise for sale all property on which the taxes for 1925 have not yet been paid. He was also authorized to advertise for sale all property on which the street assessment, the last payment of which was due this year, has not been paid. The members of the board granted Mayor C. H. Barrier a ten days leave of absence, beginning June 4th. Mayor Barrier will attend the International Kiwanis Convention at Montreal, Canada. ROTARIANS INSPECT THE NEW HOTEL BUILDING Devoted Business Hour to Tour Over Hostelry Which Will Open Next Week. Concord Rotarians paid a visit to the new Hotel Concord this week, and declared the building perfect. When members of the club met at the Y. M. C. A. Wednesday in regular session they were advised that instead of the usual program they would be given a trip over the hotel. The program committee planned a trip as a means of informing the club members of the many fine points of the hotel and its equipment. The club members visited the hostelry in a body and were shown over it by G. L. Patterson, president of the hotel company and a member of the Rotary Club. Every floor in the building was visited and every modern feature explained by Mr. Patterson. A "Peep Johnnie" Loses His Shoe. Mooresville Enterprise. Last Friday night about 11 o'clock while a young gentleman was calling on one of our fair damsels, some one was heard to step upon the porch. The attention of the young couple was attracted by the unusual caller. After waiting a short while for some one to ring the door bell or to give some signal of their presence, the young man pulled back the shade or curtain and there stood a man staring in at the window. The young man found a pistol lying near the point blank at the "peep Johnnie" through the window, breaking to pieces a large plate glass window. Following the first shot the young man left the house and gave chase to the eve-dropper, firing pistol at intervals. Finally both the intruder and the pursuer fell down. The Johnnie struggled to his feet and as he made a desperate plunge for liberty, the young man caught him by the arm and secured one of the man's shoes, having then under his arm. The fellow finally escaped, but the shoe is on exhibition at Keltner's clothing store where the one losing the same can secure it by calling, and making claim. Effed Chain Sale Off to Fine Start Here. The Effed chain sale in Concord got off to a fine start this morning. When the store was opened at an early hour this morning scores of shoppers were on hand and the number increased during the morning so that by the noon hour the store had been visited by hundreds of shoppers. A. E. Harris, manager of the store, this morning stated that he was very much gratified with the excellent business enjoyed by his store during the day. "We have made unusual plans for this sale," he said, "and naturally I am pleased that the public has responded in such generous fashion." Well Known Colored Couple Has "House Warming." Rev. W. H. Litzker and wife, L. A. Litzker, a well known colored couple of the city, entertained Thursday evening at their home 92 Broad Street at a "house warming." The couple entertained their white friends from 7 to 8 o'clock with friends of their own race calling from 8 to 11 o'clock. Much interest was shown by those present in the new home of the couple. The host is janitor at the Merchants and Manufacturers Club and was presented with a gift by the club and many of the persons who called. He expressed deep appreciation for these gifts and the interest of his friends. The telephone wires in London alone, if joined together, would stretch round the world fifty times.

CONFEDERATE VETERANS DINNER GUESTS OF U. D. C.

Twenty-Four Gather at Y. M. C. A. and Renew Associations of the Past—Mr. Coltrane Makes Talk. Twenty-four Confederate veterans were the dinner guests of the United Daughters of the Confederacy Thursday at noon in the auditorium of the Y. M. C. A. The veterans marched into the dining room to the strains of "Dixie" played by Mrs. C. B. Wagoner. During dinner Mrs. Wagoner rendered a number of patriotic airs. D. R. Coltrane made a short informal after-dinner talk in which he glorified the important part that North Carolina soldiers played in the Civil War. Local members of the North Carolina Cotton Growers' Co-operative Association are expected to signify by ballot not later than June 8th their choice of a director from this district. At a district convention held recently the names of T. J. W. Broome, L. D. Robinson and H. A. Scott were presented, with the latter dropping out. Several days after the convention Mr. Broome let it be known that he was not a candidate, leaving the field to Mr. Robinson who has declared he has not the time to give to the work now. Despite this utterance members of the association have been urged to vote for him so that he may recognize in their ballots the appreciation of the members for the excellent service he has rendered the association. Mr. Robinson has been one of the leaders of the association and friends here give to him much of the credit for the success of the organization. The ballots are to be in not later than June 8th. In this district are the counties of Cabarrus, Rowan, Anson, Union, Stanly, Mecklenburg, Davie and Davidson. Philadelphia fight promoters expect a record crowd to witness the 10-round contest between George Carpentier and Tommy Loughran, which is billed for the Sesqui-centennial Stadium on the night of June 17.

BASEBALL HERE AT THE BIGSON PARK TOMORROW

Manager Lowe Will Bring His Belmont Team to Concord for Weekly Contest. With the defeat at the hands of the Fort Mill team an incentive to greater things, members of the Gibson baseball team have been working hard this week for tomorrow's game. Manager Lowe will bring his Belmont team here for the weekly game which will begin at 3:30 at the Gibson Park. The Belmont team has been a consistent winner for several years and is certain to furnish strong opposition to the locals. The management of the local team states that several news faces will be in the line-up tomorrow. Richards, who played stellar ball last Saturday, will play again, and it is planned now to use Simmons on the mound. PROHIBITION REFERENDUM TURNED DOWN BY COMMITTEE

Short Shift Made of Move For Modification.—Committee Strictly Dry. Washington, June 3.—Short shift was made today by the senate prohibition committee of the proposals for a national referendum on the wet and dry issue and for modification of the eighteenth amendment and the Volstead act. Three of the five members of the committee, which recently held lengthy public hearings on the measure, quickly adopted a report by its chairman Senator Means of Colorado recommending that the bills be indefinitely postponed. This action still must be approved by the judiciary committee. Senators Means, Goff, West Virginia, and Fitzgerald, Oklahoma, republicans, signed the report, which also has the approval of Senator Walsh, democrat, Montana. Senator Reed, democrat, Missouri, the other member, and the wet on the committee, said he would file a minority report later. With respect to the proposal of Senator Edge, republican, New Jersey, for a national referendum of the prohibition question, the majority report said such a referendum was not provided for in the constitution and that it was the belief of the senators "that it was not the intention of the framers of the constitution that national referendum would ever be attempted." The proposal of Senator Bruce, democrat, Maryland, for modification of the eighteenth amendment so as to return control of the liquor question to the states was dismissed with the observation that "we believe this amendment to be morally right and economically wise." The report added that so long as the prohibition amendment is a part of the fundamental law "it is the duty of all officers, legislative, executive and judicial, to aid in its enforcement."
