IN AND ABOUT THE CITY

THEATRE OWNERS WILL NOT MEET IN CONCORD
Select Charlotte as Mid-Winter Meeting City and Morehead City as the Summer Meeting Place.
Concord failed to get the mid-winter meeting of the North Carolina Theatre Owners to become known today when announcement was made that the December meeting will be held in Charlotte. It was stated here several weeks ago that efforts would be made to land the December meeting for Concord, but meeting at Wrightsville Beach Monday members of the association voted to meet in Charlotte. The meeting next summer will be held in Morehead City.
W. E. Stewart, manager of the Pastime Theatre here, was honored at the meeting Monday when he was made assistant manager of the Charlotte zone, to be assistant to Nat L. Royester, manager for the zone.
Hereafter members of the association will pay dues according to the number of persons in the township in which his theatre is located, and managers were named for each zone, the managers being given the privilege of choosing an assistant. In the past dues were paid according to the number of seats in the theatres.
Mr. Stewart left Sunday for Wrightsville and will remain there until the convention is adjourned.
BERRY GIVES BOND FOR NEW SCHOOL BUILDING
Charlotte Contractor Makes Preliminary Plan For New School Plant at Mount Pleasant.
E. J. Berry, of Charlotte, holder of the contract for the new high school building at Mt. Pleasant, conferred here Monday with county school officials, visited the site of the school and afterwards stated that work on the structure would be started at once.
While in Concord Mr. Berry signed the contract with the county school board, presented his bond which was accepted and discussed with school officials some of the things to be done.
Later Mr. Berry and Prof. J. B. Robertson motored to Mt. Pleasant and Mr. Berry staked off the building site, designating where the work is to begin.
Before leaving for his home the contractor advised Mr. Robertson that work on the structure would begin at once and would be pushed during the summer so the building can be ready for occupancy in the fall.
Training School Wins Another.
The Jackson Training School team continued its winning streak, by defeating the Franklin Mill team, by the score of 10 to 4. It was a very lively and well played game, both teams making a number of errors. Lisk held the visitors to five scattered hits and would have registered a shut-out, but for poor support. Not one of the runs scored against him was earned. He fanned twelve batters and issued only two passes. While the school boys played poorly in the field they made good use of their bats. They greeted Mason in the first inning with a volley of base hits and marked up five runs. The school team's record to date is five victories and two defeats. The score:

Medical Supervision Brings Big Decrease in Baby Mortality Rate

CHICAGO—Four thousand five hundred and fifty-seven of the 59,000 babies born in Chicago in the last twelve months died before the year was out, according to Herbert C. Hooks, secretary of the Evaporated Milk Association, in an address here.
"Of this number, nearly 35 per cent died before they were seven days old," said Mr. Hooks. "Unsanitary conditions were one of the chief causes of death, according to statistics of health authorities. Death rate was highest, of course, among babies artificially fed. Thousands of mothers, however, found it advisable because of sickness or lack of natural nourishment to feed their babies artificial milk on fruit juices and market milk, or evaporated milk, which is simply milk in its most sterile form. Mortality among the 59,000 infants reached its peak during the hot weather months.
"Registration of babies at infant welfare stations throughout the city numbered 86,412 during the year. Of this number, the death rate was but 7.7 of each 1,000. The figures show that of the babies not under supervision, 74.7 per thousand died."

START LAYING CEMENT SLAB AT DAM TOMORROW OR THURSDAY

The cement slab in the impounding dam being built by the city, will be laid tomorrow or Thursday, it was stated this morning.
Grading work for the slab was started Monday and the pouring of the cement will begin as soon as the dam is properly graded.
The slab will cover part of the lake created by the dam and part of the dam. It is planned to lay the slab 12 feet on the dam, this allowing a several million gallons of water to be impounded.
Due to the dry weather of the past several weeks it was decided to complete part of the dam so the water could be used in an emergency. It will be August first, perhaps, before the dam is completed.

HISTORIC MARKERS TO BE UNVEILED TOMORROW

Markers Were Erected Near Jackson Training School by U. D. C. and D. A. R.
The regular meeting of the Cabarrus Black Boys Chapter D. A. R. will be held at the home of Mrs. W. D. Pemberton Wednesday afternoon at four o'clock. Misses Adele, Mary Phifer Pemberton and Miss Wilma Correll will be hostesses for the afternoon. After the meeting, there will be a joint unveiling of two markers at the rock on the highway near the Jackson Training School. One marker, erected by the Dodson Rainsour Chapter U. D. C., reads:
In Commemoration of the Ku Klux Klan
During the reconstruction period following the "War Between the States," This marker is placed on their assembly ground.
The original banner as above was made in Cabarrus county.
The other tablet to be unveiled was erected by the Cabarrus Black Boys Chapter D. A. R. which reads as follows:
Traditional Rock
where the three White boys (black as negroes) met their father coming from jail. Not being recognized, they demanded his horses and after placing the meal on top of the rock to protect it from wild dogs, they joined the other six boys who made up the "Cabarrus Black Boys" and destroyed Governor Tryon's powder about two miles north of here, May, 1771.
L. T. Hartsell will be the principal speaker at the unveiling and it is hoped that as many members as possible of the U. D. C. and D. A. R. organizations or any one interested in the history of the county, will make the pilgrimage Wednesday afternoon at five o'clock to this historical spot.

Special music will be rendered by the young people of the church. A double quartet will sing the Missionary's Farewell. The stringed quartet will also render special selections for the evening. Everybody is invited to this service.
