

I've
signed up
with P.A.
for life

TWO months ago, I would have told you that I was pretty well satisfied with my smoking tobacco. I didn't know Prince Albert then! Gee, what a lot of tricks I missed without even knowing it. Never mind. I'm making up for lost time now. My jimmy-pipe is working double shifts.

I load up the minute breakfast is cleared away and hit it up from then until "lights out." That's one of the fine things about Prince Albert. You never tire of it. Each pipe-load tastes better than the last, if such a thing is possible. I know I'm set for life now.

Prince Albert is cool as a dip in the lake. No matter how hard you drive it, you never burn out a bearing. It is sweet as a check in the morning's mail. Fragrant, too, like fresh-picked flowers. Fragrant in the tin, and fragrant as you smoke it. Real tobacco, I tell you.

Maybe you think you are all set in the matter of smokings. I wouldn't stop there. Because, if you haven't smoked P. A., your best bet is still to be collected. On my say-so, and that of millions like me, why don't you try Prince Albert? I'll guarantee you'll be glad you did.

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and perch removed by the Prince Albert process.

Declares Roadside Parking Has Its Commendable Points.

Atlanta, Ga., June 16.—Declaring there are thousands of girls in Atlanta who have no place to entertain young men visitors but along roadside, Judge Luther Z. Rosser stated in municipal court here that officers are "too suspicious of automobiles parked for a short time on the country roads, and too quick to make arrests for this offense."

"In the summer," said Judge Rosser, "the cool open air of the country is almost necessary to refresh one after the heat and dirt of a day in the city and I frequently stop along the roadside with my wife to enjoy the evening air."

Judge Rosser's remarks followed the trial of Charlie Morgan, of Brown's Mill road, charged with shooting four times at J. R. Hillman and a feminine companion in a car alleged to have parked on Morgan's property.

Highways Being Treated With Oil, Staley News-Herald.

The Salisbury highway is now being oiled and all the dust extinguished and the road is really becoming a pleasure to ride over. Several other roads leading out of Albemarle are being oiled also. The Concord Highway is being oiled out for several miles also.

All of West Albemarle is greatly pleased with this work, for it was almost impossible to live in that section, due to the suffocating clouds of dust that covered everything from the smallest shoot of grass to the parlor curtains.

Skill in Kitchen Wins Trip Abroad For 16-Year-Old Girl Bread Expert

Girls who turn up their noses at work in the kitchen but pine for a trip abroad should take a lesson from 16-year-old Florice Schroeder, of Morris, Minn.

For it is because of her interest in household work and her ability to turn out flaky baking powder biscuits, pans of crisp-crust hot rolls and deliciously toothsome cakes that Florice will spend a month this summer on a trip to England, France and Switzerland while the flappers who shun the kitchen are left lingering at home.

Florice's culinary skill and her knowledge of the what and why of the ingredients that go into her cooking won for herself and her domestic science teacher, Miss Margaret Randall, of Grand Forks, N. D., a European trip as guests of the Royal Baking Powder Co. In a national essay contest, conducted in high schools, on why baking powder made with cream of tartar is best, her paper won first place and the coveted trip. Special credit was given for the actual experience in the use of baking powders indicated by her essay.

The entire population of Morris has become Florice fans since the announcement of the award and the high school has raised a special fund for her use on the trip. While all the expenses of travel, etc., are provided by the Royal company, her townsfolk want to show their appreciation of her victory by making it possible for her to indulge herself and Miss Randall in a few extras along the way and, perhaps, a bit of Paris shopping.

Returning from Switzerland via Paris, there will be an excursion to Fontainebleau and Versailles before crossing over to England. A special feature will be a visit to the vineyards in southern France from which cream of tartar chiefly comes.

Leaving New York on the "Auriantia" July 7, this Minnesota Cinderella and her teacher will arrive in Paris July 13. Then will follow a period of sightseeing that will carry them to Avignon, Montpellier, Nimes, Nice, Grenoble, Marseilles, Geneva and other points of scenic and historic interest.

WEAK, RESTLESS

Tennessee Lady Had So Little Strength She "Couldn't Get Around." Took Cardui With Benefit.

Gainesway, Tenn.—"I wasn't able to do any of my work, and it seemed like I had so little strength I just couldn't get around," says Mrs. Frank Murphy, who lives near here.

"My mother knew of the good Cardui could do, so she told me to take it. I sent and got a bottle, and seemed like all the time I grow stronger."

"I had been suffering with pains in my sides all the time, and Cardui helped this wonderfully. I needed a tonic for female trouble, and Cardui just fitted the need. I was awfully restless and could not sleep at night, but after taking two bottles of Cardui I could sleep 'like a top.' I got along all right, and I know it was due to Cardui. I can certainly recommend it to women suffering from women's troubles."

"My present health is just fine." Thousands of women have written to tell how Cardui relieved them of pain and suffering, and helped them to improve in health and strength.

Cardui is perfectly harmless, being an extract of mild-acting herbs, and contains no dangerous drugs or harmful ingredients.
