COUNTRY CORRESPONDENCE

GILWOOD. James Brunley and Miss Louise Chester have returned home after a week's stay at the Christian Endeavor conference at Davidson College. J. F. Bradford, E. P. Seaford and E. G. Seaford spent one day in the mountains of the western part of North Carolina looking over a large real estate development. They reported a grand time and is worth any one's time to take the trip. W. O. Goodnight has started to thrash wheat at Frank Rankin's. He reports that Mr. Rankin will make no less than 1,200 bushels of wheat. J. Mack Bradford, Sr., gave James Brunley and extra clear definition for the word "thrilling." James stated some of the thrilling events at the Christian Endeavor conference.

Gilwood is putting out a winning baseball team this year. They work together, thereby no one trying to play the whole game to himself. We have one of the best lineups in the history of the team. Goodnight is showing good form in the pitcher's box. He sticks to us. Come and see him push the ball by the batters. In spite of the drought cotton is growing very rapidly, and we predict an average crop this year. Boyd Hartwell seems to be pleased and in good heart on account of the fine prospects for a bumper crop.

Sam J. Hartwell and J. M. Bradford are planning a trip to the mountains in the western part of this state.

Frank Widenhouse, of Concord, was married to Miss Janie Dewese, of Gilwood, at the Gilwood manse last Thursday evening at 5:30 o'clock. They spent the night at Frank Johnston's. The club boys of Gilwood community gave the bride and groom a first class serenade, the first being about 10 o'clock and the second about 11:30 o'clock. We truly hope the newly couple a smooth path to success and happiness. DAKUM.

LOCUST.

Thanksgiving and praise for the blessed, refreshing showers!

Miss Maggie Eudy, of Kannapolis, was the guest last week of Miss Ora Lee Honeoy.

Mrs. D. G. Warnock contemplates leaving on Tuesday of this week for her home in Detroit.

John R. Osborne is showing a collection of snake rattles—six or seven—which were taken from a rattler killed at the sawmill where he works in South Carolina. In this connection we learn a coachwhip some four or five feet long was killed in Stanfield a few days ago. It has been many years since we heard of a coachwhip.

Miss Bessie Smith left last week for Asheville where she will attend summer school.

Miss Novella Shinn and little Margaret Smith, of Albemarle, spent a couple days at C. L. Smith's while Mrs. Smith visited in Albemarle.

The school election held here last Tuesday registered 87. Sixty-four voted for and three against the special tax.

Mrs. H. P. Carpenter, of Stanfield, is improving from severe injuries sustained a week ago on returning from a visit in Forest City when near Midland the driver went to sleep and the car was wrecked.

Mr. and Mrs. E. B. Smith, of Albemarle, announce the birth of a son. The service station here was broken open again Sunday night. All the tires and a number of flashlights were taken. We have not learned what else.

When is our picnic to be? Let's have it right away before the folks leave for summer resorts. P.

ROUTE SEVEN.

The Jackson Training School met their match Saturday and lost a very interesting game to the Pythians by the score of 10 and 6. There were a few familiar faces to the White Hall fans on both teams. The most familiar was Lloyd Garmon, catching for the school, and Archie White, holding second base and pitching the last three innings for the school. The familiar faces on the other team were Lefty Lentz, playing first base, and also Art Morris, pinch hitter for the Pythians. Morris was put in as a pinch hitter in the ninth frame. He got on to White's first ball and this boy did not stop until he pulled up at third base. Peter Bost pitched for the Pythians. John Russell and White pitched and Garmon did the receiving for the school. This makes the third defeat for the school this season.

We will sure have some muddy roads if it continues to rain as it has for the last few days.

Forrest Russell had roasting ear corn for dinner Monday, June 21st. Can any of you writers beat it for early corn? CAROLINA KID.
