### QUALITY! PRICE! SERVICE!

These three words must be carefully studied by the grocery man. Everyone wants the best—if prices were not a factor everyone would buy the best, especially in food.  
We buy Quality Goods—price them right and turn our entire stock over on an average of twelve times per year.  
That is why we can beat the chain store on price and still give you the service of delivery and a charge account.  
If you are not already one of our patrons, give us a trial order today.

### C. H. BARRIER & CO.

### Protect Your Property and Your Money

YOUR house, when painted with Marietta House Paints, is practically guaranteed against the ravages of foul weather by the Marietta Service Certificate. No other paint manufacturer offers you such a certificate. Ask us about it today.

All trains stop in Concord except No. 38 northbound.

### BIBLE THOUGHT FOR TODAY

Bible thoughts remembered, will prove a perpetual heritage to after years.

Be Patient—Let patience have her perfect work, that ye may be perfect and entire, wanting nothing.—James 1:4.

### LOCAL MENTION

There will be no mid-week services at the First Presbyterian Church tonight.

Crowell P. Ritchie is very ill with appendicitis in the Rex Hospital at Raleigh, friends here have been advised.

Attention is again called to the fact that free typhoid and diphtheria vaccinations may be secured each Saturday at the county health department by the people of Concord and Cabarrus.

Joe, aged pet dog of R. A. White, died last Saturday night at the store where Mr. White works. Joe would have been sixteen years of age in August and for many years had been constantly with Mr. White.

The "Y" swimming campaign continues to add new names to its list of non-swimmers taught to swim. Half a dozen more were able to navigate the length of the pool yesterday under the instruction of Mr. Denny.

Miss Mary Horton, who is recuperating from a recent operation for the removal of her tonsils, is spending several days in No. 10 township with some folks. Her condition continues to show improvement.

Rev. J. B. Moose, Ph. D., professor of the Lutheran Synodical Seminary at Maywood, Ill., will deliver the sermon at St. Johns Sunday at 11 o'clock. Holy Communion will be administered at that time.

The two-year-old son of Mr. and Mrs. R. E. McNeely, of China Grove township, died Tuesday night of infantile paralysis. The child was stricken last Friday and was in a desperate condition from the first.

Four horses from the stable of J. F. Cannon, entered in races in New York State, won second money in their first races last week. Each horse won second honors in the race entered, showing fine speed and stamina.

Chief of Police Talbirt stated this morning that he had nothing new to report. Business with the officers has been rather quiet during the week with no cases of special importance reported so far. No session of the recorder's court will be held today.

The aldermen are said to be all set for their July meeting at the city hall tomorrow night. Due to the fact that the first Thursday in the month comes on the first day, members of the board will give attention to city matters earlier in the month than usual.

Judge John M. Oglesby, who is now attending the bar association meeting at Wrightsville Beach, will hold his next term of court in McDowell county. He has exchanged courts with Judge Shaw and will be in Marion, the county seat of McDowell, for two weeks.

Ben Paschal, former Charlotte star, has been playing with some regularity for the New York Yankees recently. Ben has been hitting well and has aided the New York team. Bame Ruth drove out his 26th home run of the season Tuesday but is still behind his record season of 1921.

The well at the Cabarrus Country Club had reached the 100-foot mark Tuesday and no big supply of water had been reached. The well was only about 35 feet before the present drilling was begun. The well is expected to furnish a big supply of water before much more digging is done.

Twenty-three children were treated at the dental clinic at the county health department yesterday by Dr. Adams, state dentist. From the large number who have visited the office for appointments, or telephoned, it seems likely that more children will receive the free services this year than ever before in the city and county.

### BODY OF AN INFANT IS FOUND IN SWAMP

Placed in Tow-Sack With Brick and Then Thrown Into Stream.  
Dan, June 29.—The body of a male infant was found in Mingo swamp, about five miles northeast of Dan, by some young men who were fishing in the stream. The infant had been put into a tow-sack and placed in the water. Bricks were put into the sack to weight it down.  
The remains had reached a state of decomposition which made it difficult to determine the color of the child, though it was thought to have been white. The child is thought to have been put into the stream soon after birth. It is not known if it was killed and put into the water after death, or if it was drowned.

### No-Legged Man in Court For Hitting Man With One Leg.

Raleigh News and Observer.  
Jack Davis, with both legs off, was in Wake Superior Court yesterday to enter a plea of guilty to an assault. Rather unusual, too, was the fact that George Allen, whom he hit with a crutch, is a one-legged man. Legless men apparently ought to be compassionate, and perhaps they are when one of them isn't out collecting. That's a different story, as Jack Davis related it to Judge Barnhill yesterday.

When Davis asked Allen for a dollar, the latter said he had already paid it, whereupon the former is alleged to have responded with a vigorous stream of crutches.  
Judge Barnhill didn't get around to Davis yesterday in imposing sentences, but he did remark something about the propensity of one-legged and no-legged men to get into court in Raleigh. It was last Sunday night that four one-legged men were called into the Raleigh police station to answer to charges of a "routine" nature.

### Charlotte Chamber Asking For Relief.

Washington, June 29.—A bill to relieve the Charlotte Chamber of Commerce of indebtedness amounting to \$8,146.58, paid without authority for the rental of land occupied by Camp Greene, was introduced in the House today by Representative A. L. Bulwinkle. Suit has been instituted against the Charlotte organization for the money which has been paid by the chamber to the owners of the land. The bill would also relieve from liability Captain Charles G. Dobbins, army disbursing officer.  
The land occupied by Camp Greene was leased to the Army for \$1,000 a year by the Charlotte Chamber of Commerce on September 1, 1917. The lease was renewed for the period July 1, 1918, to June 30, 1919, but payment was made in the amount of \$1,465.58 to the Chamber of Commerce for the period January 1, to June 30, 1919. This payment is said to have been made without authority of law.

### Fenner and Beane Cotton Letter.

New Orleans, June 29.—Liquidation in advance of the bureau was in evidence today and gave the market an easier tendency for new crop position. They broke through the 16 cent levels for distant deliveries. While October touched 16.05 July on the other hand developed periods of strength owing to reports of active demand for spots from large spot interests and efforts of shorts in that month to cover. Crop news was generally favorable except that the hoppers are still active in many sections. San Antonio reports the invasion of the hopper or flea is passing in that section and plant now fruiting freely again. Crop ideals are increasing again and indications are for or less estimate form the government.  
FENNER AND EANE.

Rocking chairs have been substituted for the customary pews in a church in Haines City, Fla.

### BUT FEW PEOPLE THINK ALVIN MANSSEL GUILTY

Strenuous Efforts Being Made By Asheville Folks in His Behalf.  
Tribune Bureau  
Sir Walter Hotel  
Raleigh, June 29.—"I sure am proud to know that so many people in Asheville think I am innocent and doing so much for me," said Alvin Manssel, negro youth under sentence of death when told by the Tribune correspondent today of the efforts being made by the people of Buncombe county and Asheville in his behalf.  
His voice quivered just a little and his eyes became misty when told that many people believed him innocent and that every effort was being made to uncover new evidence that would save him from the electric chair and that yesterday Governor McLean had held a special hearing at which this new evidence was presented.

But while Manssel is hopeful, there is no cock-sureness about him. He has been dwelling in the valley of the shadow too long, and death has been too near for him not to know the seriousness of it all. Still he holds his head erect and looks you in the eye unflinchingly when he says:  
"I am innocent. I have never harmed anyone."

And it is hard not to believe him. There is none of the furtiveness of look and manner that characterizes the habitual criminal, or the man with a guilty conscience. He talks without hesitation and looks you straight in the eye. He appears to be every bit what his friend and attorney, Sam B. Craig, of Pickens, S. C., says he is, an honest, hard working, well-meaning negro boy.

"I have known Alvin since he was just a small boy in Pickens, and I have never heard one word that would reflect on his character or honesty," said Mr. Craig today.  
While your correspondent was talking to Manssel, Hall Johnson, his chief attorney, and Mr. Craig came in and his face lighted up with a smile for an instant, for he knew they were his friends.  
"I sure am mighty proud I got so many good friends," he said.

### Vance County Farmer Grows 265 3-4 Bushels on Four Acres.

Henderson, June 29.—The Wilson county farmer who produced 100 bushels of wheat on 4 1-2 acres, as told of in a news item from Wilson several days ago, has a rival in the Ridgeway section, just north of this city. R. D. Paschall writes that R. J. Bender, of near Ridgeway, had four acres planted to wheat this spring and produced 265 3-4 bushels on the land, which he said was 51 bushels and better to the acre, and assures all doubting Thomases that "you can see the land and the wheat by measure." Mr. Paschall further assures that Mr. Bender's "is a dirt farmer, as we call them."

The silk from which the regimental colors of the British army are made costs in some cases more than fifteen dollars a yard.

### MAN HAS MIRACULOUS ESCAPE

"I was told by our family physician that I could not live without an operation, as my liver and gall sack were in such a condition. I set the day to go to the hospital, but then I saw the advertisement of MARY'S. Since taking it I am feeling like a two-year-old. I am sure I never could have survived an operation." It is a simple, harmless preparation that removes the gastric mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Gibson Drug Store and druggists everywhere.
