

### The Everyday Counselor

Rev. Herbert Spaugh, D. D.

We are so busy. Everybody I meet is busy. But are we busy about the right things? That is what ought to concern us. Repeatedly I've written in this column that too many of us mistake motion for progress. Too many of us are busy about the wrong thing.

There is an interesting story buried back in the Old Testament, which tells about the selection of Saul as the first king of Israel. After he had been chosen, they couldn't find him. A diligent search was made for the new king and the record says quaintly that they finally found him after the Prophet Samuel had prayed to God. The Bible verse reads, "Therefore they inquired of the Lord further, if the man should yet come thither. And the Lord answered, Behold he hath hid himself among the stuff." (1 Sam. 10-22).

How many of us have hidden ourselves "among the stuff"? We are literally covered up with "stuff," which we have gathered up and piled around us. Stuff!

Relieve the aches and "sleep robbing" miseries of Colds fast with 666 (Tablet or Liquid)

**GRAPETTE BOTTLING CO.**  
West Jefferson, N. C.

What gatherers we are. How covered up we are with it. It all seems so important now, but in the light of eternity it will amount to nothing. We may have this "stuff" piled up in an office, in a business. We may even have it in a home. It takes tremendous effort to accumulate it, and more effort to care for it.

Many of us read last Christmas Charles Dickens' "The Christmas Carol." Do you remember the conversation between Scrooge and Marley's ghost? Scrooge tells Marley that he had been a good man of business. Marley cries aloud, shakes his chain, and says, "Business! Mankind was my business."

Frequently I hear someone say that he is not too much concerned about Judgment Day, that a God of Love would not condemn a man for his sins. Almighty God does not condemn us. We condemn ourselves when we hide ourselves in "stuff," busy ourselves about the wrong things, fail to follow His plan for salvation, fail to put Him first. The Bible tells us emphatically that God desires "all men to be saved, and to come unto the knowledge of the truth." Christ said "Blessed are they that hear the Word of God and keep it."

A correspondent sent me these lines inscribed on a tablet in the Cathedral of Lubek: "Thus speaketh Christ our Lord to us: Ye call me Master, and obey me not; Ye call me Light, and see me not; Ye call me Way, and walk ye not; Ye call me Wise, and follow me not; Ye call me Fair, and love me not; Ye call me Rich, and ask me not; Ye call me Eternal, and seek me not; Ye call me Gracious, and trust me not; Ye call me Noble, and serve me not; Ye call me Mighty, and honor me not; Ye call me Just, and fear me not; If I condemn you, blame me not."

## Sudan Grass Proves To Be Profitable For Dairymen

Sudan grass for summer pasture, ordinarily a highly desirable forage crop in most areas, promises to be even more profitable this year to dairy farmers.

Sudan grass has always been one of the best feeds for summer drought insurance. This year, with the prospects of high prices for all types of feed, Sudan will fill the gap when permanent pastures are suffering under the summer sun at lower cost per cow days of grazing than any other supplementary pasture.

A limit has been found to the geographical areas in which Sudan makes good growth. From Minnesota to Texas, Sudan, both the regular and sweet varieties, have proved to be profit makers.

Typical examples of how Sudan has carried herds through the summer is reported from the farm of Fred Schueneman, of near Ava, Mo.

Schueneman, a patron of the Kraft Foods Company's Ava plant, sowed 4 and one-half acres of Sudan last year the last week of May and another four acres the first of June. He turned 14 cows and 5 heifers on the 4 and one-half acres the 15th of July and left them on for 10 days. Then he turned them in on the 4 acres for 10 days. When he took them off for a period of about 2 weeks to give the Sudan a chance to get a good start. Then he turned in on both plots for about a month before using other pastures. Later in the fall Schueneman got more pasture from the 2 fields, about 40 days during the grazing season.

Alva Preston, Douglas County, Mo., agricultural extension agent gives some interesting figures on the increases in milk production from several plots of Sudan. Last year he made a record of four farms where 23 acres of Sudan were planted that did not have Sudan in 1946. In the summer of 1947 composite records of the four dairymen showed that they had an increase of 945 pounds of milk per acre between June 15 and August 15 and then had more days of pasture later in the fall. Preston figures that the crop was worth more than four times the cost of seed and fertilizer to the farmers.

Those who have experience in growing Sudan for summer pasture, point out that it requires good land that should be well fertilized, many recommending that the fertilization be similar to that of corn. They also say that Sudan works in well in a rotation program where the Sudan is torn up in the fall and the plot seeded to small grains for winter and early spring grazing.

There is one warning that agronomists have put out about Sudan and that is—"get your seed early." Seed stocks are at the lowest point in years, chiefly because acreage planted last summer was needed for forage in almost all areas and little was harvested for seed.

Planning Sudan pasture, about January 1 stocks of wheat in districts that cover 650 million bushels of wheat disappeared in July-December 1947 out of 1,439 million bushels on hand July 1.

For those trouble makers, a green heavy spraying with cresote or a coal tar disinfectant, the chicks should not be placed in the house for several days. The strong fumes are injurious to chicks.

one-half to 3/4 acre per cow, and securing the seed needed now, will be the dairyman's insurance against falling milk volume this summer, the agronomists say.

### ARMY AIR FORCE RECRUITING GAINS

(Continued from page 1) charged with obtaining 1080 men per month as their share of the recruits necessary to meet the national quota each month, and, in February, a total of 1650 young men from the two states enlisted in either the Army or the Air Force.

Sergeant DeLuca also states that the local office over-subscribed its quota for the month of February.

Although the national Army and Air Force Recruiting program has not accomplished the number of enlistments necessary to keep the Army and Air Force at full strength during recent months, the members of the Recruiting Service working in North and South Carolina have obtained more than their share of recruits during both January and February of this year. Credit for this is given to the fact that the public is becoming aware of the value of an enlistment in the Army to the young men of the "Carolinas" and the returning of many former servicemen to uniform after having tried civilian life for a time. These men found that the Army really has something to offer them in the way of security and a successful career, and they have been returning to the service in large numbers for several months.

The following named man was enlisted from West Jefferson during the month of February: Billie E. Bell, W. Jefferson.

### Obituary

Mary Jane Miller

Mary Jane Miller, daughter of Ira Miller and the late Dora Miller, was born April 27, 1893 and died March 4, 1948 at the age of 54 years, 10 months and 7 days.

She is survived by her father, one sister, Alpha, of Oval and Kannapolis, two brothers, Odera and Dailey, of Oval, and a host of relatives and friends. Her mother, three sisters, and one brother preceded her in death.

Mary Jane never developed mentally beyond a child. We have

Under and by virtue of a Decree and Judgment of the Superior Court of Ashe County made in the above entitled proceeding, I, Ira T. Johnston, Commissioner, will sell to the highest bidder for cash at the Court-house door in Jefferson, North Carolina, on the 10th day of April, 1948 at one o'clock P. M. The following described land and real estate, to-wit:

A tract of land containing 10 acres, more or less, lying and being in Cabarrus Hill Township, Ashe County, North Carolina, it being the land listed for taxes in the name of J. W. and J. L. Kernoodle for the years 1929-47 and for specific description of said land reference is hereby made to the title deed or deeds for the same recorded in the office of the Register of Deeds of Ashe County.

seen her in her simplicity and trust, and are sure she was no more responsible for sin than a child. She knew how to work and in this she found her great joy.

Her mother has been dead for three years, and during these years, Mary Jane has suffered much in body. Although loving hands have done what they could do for her, she has missed her mother's care as any child would have done.

During all of her suffering, she was submissive and patient. We are all sure she has gone to that land where there is no more suffering and sorrow, and where there is no tortured bodies or childish minds. Those like Mary Jane, who are capable of enjoying earth least, will by the way of contrast, enjoy heaven most.

Funeral service was conducted at Bethel Baptist church, by the Rev. Herbert Caldwell of Sparta. Rev. Harrison Miller, of Glendale Springs and Rev. Dewey Rotten of West Jefferson.
