Rev. S. S. Graybeal filled his regular appointment here Sunday night. His sermon was one in a series having as its theme, "The Church." The well filled church was evidence of the interest with which these sermons has been received.

Mrs. Bess D. Latham and Miss Mamie Smithy, attended the funeral of Herbert Walters, Sunday.

Mr. and Mrs. Roy Walker and Mrs. J. M. Burkett visited Mrs. Frances Jones at the Ashe Memorial hospital Sunday.

It was with sadness that we learned of the death of Mrs. Sarah Rhodes Sunday afternoon. For a number of years she had been a shut-in and had been missed at church and where ever illness or trouble of any kind came to one of her neighbors, for her loyalty to her church and her kindness to those who were unfortunate, had won her the love and respect of everyone. Most of her more than ninety-six years were lived here at Warrensville. She had known suffering and grief, having lost seven children and her husband, but she lived serene, with strength and courage throughout the years, patient, gentle, kind and sympathetic is with her family in forgetful of self. Her life was an their loss, yet, truly, it is well example in Christian living, its with "Mother Rhodes."

Again Bring Tobacco To W. Jefferson

Hugh Halsey, left and John Kennedy, right, of Piney Creek, had the distinction of being the first to bring tobacco in to the Tri-State Burley Tobacco Warehouse last year. Halsey already has 4,000 pounds on the warehouse floor this year and Kennedy will have his here for the opening sale.

ECA Funds Running Short; Used Up Ahead Of Schedule

Washington — The Economic Co-operation Administration has dipped into its last billion dollars, the agency disclosed.

Outlays for foreign recovery soared to a new high of \$650,032,579 last week, ECA's weekly report said. The previous high mark was \$263,345,203.

These brought total dollar commitments to \$3,610,852,173 in gifts and about \$800,000,000 in repayable loans. Congress appropriated \$5,330,000,000 for the European and Chinese economic programs.

ECA now is using "ghost money" in some cases — approvals covering shipments scheduled for the April-May-June quarter of 1949, for which funds will not be available unless Congress provides a supplemental appropriation.

close only a relief from suffering, and the entrance to a new day.

We mourn her passing, and our sympathy is with her family in their loss, yet, truly, it is well example in Christian living, its with "Mother Rhodes."

ECA Administrator Paul G. Hoffman has announced that ECA will ask President Truman for permission to use up its funds by April 1. Congress provided that the funds should run until June 30, unless the President found that a faster rate of outlay was necessary.

Hoffman has said he will present the situation to Mr. Truman shortly and will ask Congress for about \$1,250,000,000 to run the agency from April 1 to the end of the fiscal year on June 30.

Shipments approved for ECA financing after April 1, therefore, carry a conditional clause — dollar help will be provided only if Congress appropriates the money.

A sharp rise in approved shipments for Britain contributed heavily to last week's spending. British grants totaled \$336,895,000 and brought the total of British gifts to date close to the billion-dollar mark — \$969,137,347.
