Conundrums.

Who is the first boy mentioned in the Bible, Chap. I.
When was the first game of tennis played in the Bible? When Joseph served in Pharaoh's court.
What words have all the vowels in alphabetical order? Face-tiously and abstemiously.
What is invisible yet never out of sight? The letter I.
Why is a teacher whipping a scholar like your eye? Because she has a pupil under the lash.
Why is the letter D like a squalling child? Because it makes ma mad.
A word of five syllables—take one away and syllable will remain. Monosyllable.
Why is the letter G like the sun? Because it is the center of light.—Teacher's Magazine.

Most Children Have Worms.

Many mothers think their children are suffering from indigestion, headache, nervousness, weakness, costiveness, when they are victims of that most common of all children's ailments—worms. Peevish, ill-tempered, fretful children, who toss and grind their teeth, with bad breath and colicky pains, have all the symptoms of having worms and should be given Kickapoo Worm Killer, a pleasant candy lozenge, which expels worms, regulates the bowels, tones up the system, and makes children well and happy. Kickapoo Worm Killer is guaranteed. All druggists, or by mail. Price 25c. Kickapoo Indian Medicine Co., Philadelphia and St. Louis.

Best Laxative for The Aged.

Durham Herald: Mr. Wilson is popular with the people and the politicians of his party are afraid to say anything against him.

Old men and women feel the need of a laxative more than young folks, but it must be safe and harmless and one which will not cause pain. Dr. King's New Life Pills are especially good for the aged, for they act promptly and easily. Price 25c. Recommended by Hambrick & Austin.

The average person should drink more in the summer than in the winter, to supplement nature's efforts to wash the body through the pores of the skin.

If She Will She Will.

Two young single women were having a chat one afternoon on the avenue when they saw a couple of friends coming toward them.
"There's young Wealthy rocks out for a promenade with Sister Eaker again. I wonder if she is his intended?"
"Oh; much more than that. She's his desperately resolved."—Record Herald.

No Substitute Could Do This.

No inferior substitute, but only the genuine Foley Kidney Pills could have rid J. F. Wallich, Earllett, Nebr., of his kidney trouble. He says: "I was bothered with backache and the pains would run up to the back of my head, and I had spells of dizziness. I took Foley's Kidney Pills and they did the work and I am now entirely rid of kidney trouble. My father-in-law, now past 93 years, has taken them and they have added years to his life."

Greensboro Record: We need a whole lot more courts. Judge Peebles came here for a two weeks' term, but left yesterday—one day over one week. But perhaps the lawyers, when they say more courts, are choice about who is to preside. However, if they are, they are very particular not to mention the matter to Judge Peebles.

The Brilliant Stars of June.

By the end of June, Mars, Venus, Saturn, and Jupiter will all be morning stars, but Foley's Honey and Tar Compound is at all times the "Star" medicine for coughs, colds, croup and whooping cough. A cold in June is apt to develop into bronchitis or pneumonia as at any other time, but not if Foley's Honey and Tar Compound is taken. It will surely head off the cold, and heal the inflamed membranes. The genuine in a yellow package.

Rocky Mount Transcript: Now that the Supreme Court of the United States has upheld the right of a State to fix minimum passenger and freight rates we wonder if the situation in North Carolina will be changed.

NEW CITY BUILDING PLAN

Rectangular Arrangement of Streets That Prevails in America is Abandoned in Europe.

The rectangular arrangement of streets, which prevails in most American cities has been generally abandoned in Europe. So has the modification of it, by the addition of radial avenues, of which Washington is such a conspicuous example. Irregularity has been substituted for regularity, although there is no hard and fast rule about it. Streets are laid out in sweeping curves or parabolas, as in parks or private estates. By this means recurring vistas of parking and houses are secured, as well as the maximum of light, air, and open aspects. Even in the poorer quarters this plan is pursued. This has completely revolutionized the appearance of the city.

Open spaces for parks and playgrounds are reserved at intervals within easy walking distance of almost every home. These are so numerous that one is impelled to believe they are looked upon as a necessary part of city building, as necessary as schoolhouses or police stations. These open spaces are very varied. Some are round, others are square; some are sunken gardens, others suggest an Italian villa. In order that they may not obstruct traffic, the open spaces are often to one side of the street. The imagination of the artist has been allowed free play in the designing of these neighborhood parks.

NEW YORK IS TO CLEAN UP

Button inscribed "For Health and Decency" to Be Worn by Million Citizens.

The campaign of the board of health to have New York give itself a whole-sale scrubbing, beginning April 1, is to include the distribution of a million coat lapel buttons as soon as the proper appropriations are made at city hall.
One button will read: "For Health and Decency, Clean Up New York City, 1913."
Another, intended for women shoppers, will read: "We Don't Deal in Dirty Stores. Clean Up! 1913."
The general plans of the active campaign are held up while Dr. M. M. McMillan, assistant sanitary superintendent, and his assistants compute the cost of the city's co-operation of the work based on their survey of this city. Doctor McMillan reported that he has found Manhattan very dirty in spots, but that Brooklyn was dirty all over.—New York Evening World.
