DR. WAITE PLEADS NOT GUILTY TO MURDER CHARGE

New York, April 10.—Dr. Arthur Warren Waite, who has confessed to poisoning his father-in-law, John E. Peck, millionaire drug manufacturer of Grand Rapids, Mich., entered through his counsel today a plea of not guilty when arraigned on a charge of murder in the first degree.

His counsel reserved the right to change the plea within 10 days.

Won Prize for Display at County Commencement

The prize given by the Sewing Class of the Roxboro Graded School, for the best display of work during this term, was presented to Miss Lorena Mills by Mrs. R. E. Cheek, the Domestic Art teacher, last week.

Mr. C. A. Hall In Town

We enjoyed a social call from Mr. C. A. Hall of Woodsville on last Wednesday evening. Mr. Hall is a candidate for the Legislature and said he was just spending a few hours in town getting in touch with County politics.

HEAVY FRENCH LOSS REPORTED BY BERLIN

French Counter Attack on Lost Positions of 2,000 Yards in Width Utterly Fails.

Berlin, April 9.—Via London, April 10.—Exceptionally heavy French losses are reported in connection with the German advance south of Hancourt, by which the Bavarian and Silesian troops now occupy the heights of the so-called Termiten hill. The French losses within a few hours were increased by a counter attack on the lost positions, which failed utterly.

The captured positions are more than 2,000 yards in width. They are on the left bank of the Meuse about two thirds of a mile southward of Hancourt and are a continuation of height 287. The taking of these positions tends to straighten out the German line before Verdun and is considered of great importance.

Fifteen officers and 699 men were taken prisoners, including numerous recruits of the 1916 class who were captured un wounded.

Austrians Prepare Offensive.

Rome, via Paris, April 10.—The Austrians are preparing an offensive on a large scale along the whole Italian front, according to dispatches received here, which state that this action was decided on at a recent conference between Archduke Eugene and the other Austrian commanders. Strong bodies of troops have been withdrawn from the Rumanian border and quantities of munitions are being sent from the interior of the empire. The Italian military chiefs, the dispatches further say, have made all preparations to break the offensive and to force the Austrians back on the defensive.

Successful Meeting.

The revival which has been in progress at the Methodist Church for the past ten days closed last Sunday. Rev. Mr. Davis left on Friday morning and the meeting was continued by the pastor, Rev. O. W. Dowd. At the services Sunday morning there were received into the church twelve or fifteen members.

The preaching by Rev. Mr. Davis was greatly enjoyed and he will receive a cordial welcome whenever he may come this way. The church was revived and much strengthened by his labors while here.

Wilkerson School Again The Winner

Monday night the boys of the Roxboro High School and the Wilkerson School boys met in the auditorium for another debate. This was the second debate between these two schools, and as on the first, the Wilkerson School Boys were victorious.

GRANVILLE-PERSON SENATOR.

Dr. Tucker, of Person County, The Right Man.

Senator Titus Currin was in Oxford Saturday and talked freely of Dr. Tucker's qualifications to represent the Granville-Person district in the State Senate this year.

"The honor goes to Person this year," said Senator Currin, "and I know of no man in his county better equipped to serve the people of this section. Dr. Tucker was a member of the House last year and he proved his worth. I regard him as being a very strong man and the people will make no mistake in sending him to the Legislature."

There is a prevailing opinion over the State that the voters are taking little interest in the campaign this year and there is some fear that there will be a heavy falling off in the Democratic vote on account of the new primary law, but Senator Currin takes a rosy view of the political situation and states that the voters will become enthused in ample time.—Oxford Ledger.

Infected Milk Causes Typhoid.

Seventy-six out of eighty-seven cases of typhoid fever which occurred in a recent outbreak have been traced by the United States Public Health Service to infected milk. Had the first cases been reported to a trained health officer the outbreak could have been stamped out promptly. When will we learn that disease prevention is sure and cheap?

ANNOUNCEMENT

I hereby announce myself a candidate for County Commissioner, subject to the action of the Democratic Primary. It has been many years since this section has been represented on the Board and I will appreciate the support of all Democrats.

Respectfully,
J. W. CASH.

Mr. J. C. Daughtridge Here. Fire Destroys Home of Colored Man On Route 3.

Mr. J. C. Daughtridge of Rocky Mount, was a Roxboro visitor last Wednesday. Mr. Daughtridge was here in the interest of his father's campaign for Governor. He states that the outlook all over the state is very gratifying to them, and that encouraging reports are coming from almost every county in the state.

Yesterday morning the home of Arthur Graves, colored, was destroyed by fire, and everything in the house was destroyed. The man was in the field at work, and the woman was at work at the home of Mrs. W. G. Bradsher. The house was the property of Mrs. Bradsher, being on one of her farms.
