Baptist Union Meeting.

The Union Meeting of the Beulah Baptist Association meet with Clements Church, Saturday and Sunday, Sept. 30th.

The Union was organized by election by E. J. Tucker, Moderator; F. E. Heston, vice-Moderator, and James Rogers, Clerk.

There were several important discussions: the budget and envelope system, relation of the class work, duties and obligations of each member to his church. These topics are of especial interest to all the churches and it is regretted that the weather was so unfavorable and so few of the churches could get the benefit of the discussions.

However, the work before this organization is great. The program will be arranged with the view of better fitting our churches to carry out their great mission. The future has great things in store for these meetings. The good that can be done through this union cannot be estimated.

IT IS NOT TOO LATE, NOMINATE YOUR BABY FOR THE \$400 IN GOLD. IT'S WORTH AN EFFORT.

Last week, we published the names of babies entered so far in the Shower of Gold Campaign. Did you read the list and see who the babies were? Did you look for the name of your baby? If you didn't find your baby's name in the list, by all means send in its name today and start your baby on the road to a good bank account.

Special attention is called to the fact that no time has been lost and it is not too late to enter your baby in the campaign. The contest is just getting started and as it stands now, the race belongs to any candidate who can see four hundred dollars for their spare time effort. Never was there a better proposition open to you to protect your baby's future. Think of it, \$400.00 in gold money will be paid to the parent of some baby in just about 8 weeks. Is there anything better you can turn your spare time to, that will net you a larger sum than this? Don't stand back and let some one else win the gold prize that was really intended for your baby. With the proper determination on your part, you can win one of the prizes just as easy as anyone else, especially when your baby is just as popular and you are known by just as many people.

We urge you to heed the advice of your friends and put your baby in the race. Many of your friends are waiting to see if you are going to put your baby in the contest. You know who are in the race, and who you will have to work against, so get busy now.

A LETTER FROM MAJOR SCHUCKER

Person County Men Who Have Responded to Call will Serve in 321st Infantry.

COMPOSED OF N. C. MEN

Camp Jackson, S. C. September 28, 1917. Roxboro Courier, Roxboro, N. C.

Dear Sir:

We wish you would publish the following in your paper: The men from Person County who have responded to the call of their country, will serve in the 321st Infantry, commanded by Col. E. A. Shuttleworth. This regiment is composed of men from North Carolina, and will be a North Carolina Regiment. The First Battalion will be commanded by Maj. Max L. Barker of Salisbury. This battalion is made up of men from the middle part of the state. The Second Battalion, commanded by the writer, Louis E. Schucker of Creswell, and in this battalion the men from your county will serve. The Third Battalion commanded by Capt. D. W. Adals of Old Fort, N. C. is made up of men from the western part of the state, and we look forward to a regiment that North Carolina can well be proud of.

The writer wishes that if at any time, parents and wives do not hear from the men who have left their homes, they will address a letter to him and he will be glad to inform them.

LOUIS E. SCHUCKER, Major, 321st Infantry, Camp Jackson, S. C. Unable to Attend.

Rev. J. A. Beam, Superintendent of Schools, requests us to say to the people of the County that he regrets it is impossible for him to be present with them on today, the day when all of the school children have been asked to attend the fair. He is attending the marriage of his son in the eastern part of the state. We verily believe we can vouch for Mr. Beam, for no man is happier in working among the school children than he, and nothing short of a funeral or marriage could keep him away.

PERSON COUNTY FAIR IS NOW ON

Today is Person County School Day; Large Crowd in Attendance; Two More Days.

EXHIBITS HIGH-CLASS PURCHASE FORD TRUCK

The Fourth Annual Person County Fair opened Tuesday morning with a big parade of marshals on horse back, automobiles and buggies, with the red, white and blue, leading colors.

The program today includes that of the school children of Person County and even now as this article is being written they are pouring into Roxboro by the hundreds, both children and their parents. From the looks of the crowd this morning, and with the weather fair and warmer, the largest crowd ever in Roxboro will be here today.

The exhibits are all of a high class, and considering everything, is large, and a wonderful exhibit of what Person county farmers are doing.

The races each day at 3 p. m. are attracting a large crowd. Horse racing and automobile racing is of the best.

The midway this year is far better, cleaner and a higher class than ever before on the Fair grounds. The management of the association promised the people of Person county that nothing indecent nor would gambling be allowed at this Fair, and after a careful examination by the writer, we found that the association had kept its word. And too, the attractions are good, and well worth the price of admission.

The Fair will continue through Thursday and Friday. We hope to be able to publish the winners of premiums in the Courier at an early date.

OVER 200,000 LBS. SOLD ON MONDAY

Last Week Market Sold 436,974 Lbs. For \$131,408.43; Average Entire Week \$30.07; Prices Good.

OVER MILLION IN SEPT.

The Roxboro Tobacco market sold from September 5th, date of the opening of the market, to September 28, 1,317,673 pounds of tobacco for \$357,335.00 averaging for entire month \$27.12. The month of September was the biggest opening sale month for Roxboro for many years.

October came rushing in Monday morning and so did the weed come rushing on the Roxboro market. The biggest day for the warehouses ever known in the history of the market—over 200,000 pounds being sold, sales lasting from 9:30 until night. The banks on Monday paid out over \$75,000.

Roxboro has five warehouses, and each warehouse has a force that is always working in the interest of their customers. They are all well lighted with good accommodations for the farmers and their horses.

There are more buyers on the market this year than ever before, and more real competition. Every company wants tobacco, and from the prices they are paying they intend to have it. Bring your tobacco to Roxboro you will be satisfied. No higher averages made ANYWHERE than here.

Hurdle Mills Community Fair.

The community fair held at Hurdle Mills last Friday was a great success, far exceeding the expectations of all, though we had expected much of this live community. It shows what the good people of any community can do when they get together. The exhibits were fine, in fact the judge from Raleigh said it would do credit to an exhibit at the great State fair. This is but a beginning and we look for the fair next year at this place to be much larger than even this one was, and it is hoped the other sections of the County will follow the example and have a community fair the coming year.

GERMAN SOLDIERS HOPING FOR PEACE

Teutons Are Resentful Because Their Officers Remain Well Back from the Fighting Front.

OFFICERS LOSSES GREAT

Canadian Headquarters in France, Oct. 1.—Reports that the rank and file of the enemy troops have a great longing for peace is confirmed by every prisoner captured. One of their chief grievances is the failure of their higher officers to take risks. Even company commanders freely depute to the under officers their duty while in the trenches, and remain well back from the front.

This is so different from the relations between our officers and men that it is freely impressed on the minds of the Germans on every occasion when there is hand-to-hand fighting, in which our officers invariably lead their men, while the German officers seldom do so. They are not acuated by fear and it must be assumed that they are obeying orders in thus hanging back. Very great losses of the German officer class early in the war may have made it necessary to conserve their leaders. Whatever is the reason for their failure to take risks as great as those to which their men are subjected, the latter discontented.

HIS ENGLISH

He knew his Latin very well, He also knew his Greek, And German, French and Spanish all With fluency could speak.

When he essayed his native tongue His learning went amis; He rattled off a jargon that Went very much like this:

"'Wat do I know erbout that guy? Say, listen to me, be' No kiddin' now, the gink hsa got 'A hogshhead full o' dough."
