A TALK WITH A ROXBORO MAN

Mr. J. A. Paylor, Farmer of Beams Avenue Tells His Experience.

There is nothing like a talk with one of our own citizens for giving hope and encouragement to the anxious sufferer from the dread kidney disease. We therefore, give here an interview with a Roxboro man: "When I farmed steadily I got spells with my kidneys which put me out of fix," says Mr. Paylor. "My back was sore and lame and mornings I felt stiff across the small of my back. It was hard for me to get up after sitting as sharp pains stabbed through my kidneys. My kidneys acted too freely and I had to get up several times during the night to pass the secretions which burned in passage. Doan's Pills cured this weakness and put me in good condition again. I procured Doan's Kidney Pills at Hambrick & Austin Drug Store and whenever I feel a symptom of kidney weakness, Doan's relieve me." 60c. at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Don't Lose Sight of the Food Value of Your Baking. Plain flour has a large amount of food value but it must be combined with good baking powder in order to retain this value. Most self rising flours are not successful because they do not raise the bakings to the proper lightness. This means a certain loss of nutrition because they are heavy and hard to digest. Every time you eat food that does not properly digest you do not get the full nutritional value—you are over-taxing your stomach. Nourishing and perfect bakings are what good health demands. The one sure way is—use pure flour and good baking powder. If you want to find what thousands of housewives have learned—make some biscuits with self-rising flour—then make some with good plain flour and Calumet Baking Powder—notice the great difference. One trial will satisfy you. Your health demands that you make the experiment. Those who know—millions of housewives, domestic science teachers, big hotels, restaurants, bakeries and railroads will not use anything but Calumet, the Economy Baking Powder. Play safe—use Calumet and plain flour. It is the most economical and satisfactory, where light, wholesome and pure foods are desired. PACKED IN TIN—KEEPS STRENGTH IN
