Mrs. Josephine Arthur

Do You Need a Tonic?

Durham, N. Car.—"About fifteen years ago two of my children had whooping cough so badly that afterward their lungs and bronchial tubes were affected from the strenuous coughing. They kept getting weaker and I believe would have had serious pulmonary affection had it not been for Dr. Pierce's Golden Medical Discovery. I gave them several bottles until they were entirely out of danger and well and strong. I would never hesitate in recommending Dr. Pierce's Golden Medical Discovery as a tonic after any prostrating illness, because it brings permanent strength."—Mrs. Josephine Arthur, 409 Toby St. Obtain Dr. Pierce's "Discovery" now from your druggist, in liquid or tablets. It can safely be given to little folks as it contains no harmful ingredient. Write Dr. Pierce, President Invalids' Hotel, Buffalo, N. Y., for free medical advice.

**SCHOOL**

The little crossroads schoolhouse held only a score of pupils. In case of fire, exit was easy for all.

Today our schools literally turn away pupils, often working many classes in morning and afternoon shifts. Despite constant fire drills we frequently have appalling disasters from such crowded buildings. Suppose one of the victims was your child.

A school building of concrete being fireproof is not only safe for children, but also safe for the taxpayer's money—for it is permanent. And in first cost it is but 6% more than one of impermanent materials. Ask your building material dealer to demonstrate to you what is true building economy. He knows.

**Practical Nurse Tells**

Mrs. N. E. Snow, of Route 1, near Paris, Tenn., tells the story of her experience as follows:

"I am 62 years old and I have been a practical nurse for more than 20 years, taking mostly maternity cases. One of my daughters suffered from cramping at . . . She would just bend double and have to go to bed.

**CARDUI**

The Woman's Tonic

was recommended to her and she only had to take about two bottles, when she hardly knew that it was . . . she suffered so little pain.

"My youngest daughter was run-down, weak and nervous, and looked like she didn't have a bit of blood left—just a walking skeleton, no appetite and tired all the time. I gave her two bottles of Cardui. It built her up and she began eating and soon gained in weight and has been so well since."

Cardui, the Woman's Tonic, has helped suffering women for over forty years. Try it. At all druggists. E-100

**\$1045**

**Mark This Example of what Studebaker alone can do**

**STUDEBAKER** is the world's largest maker of quality cars. Our assets are \$90,000,000. We have \$50,000,000 in model plants. Our sales have almost trebled in three years, because of our matchless values. Last year, 145,167 people paid \$201,000,000 for Studebaker cars.

Motors. This is done in no other car at our prices. Then we use more Timken bearings in this car than are used in any competitive car within \$1,500 of our price. And Timken bearings take up wear as no other bearings do.

**Why this price?**

This Light-Six Touring Car is priced at \$1,045. Built under ordinary conditions such a car would cost you from \$200 to \$400 more.

**But we build 150,000 cars per year.**

We make our own parts. We build our own bodies in \$10,000,000 body plants. We have 12,500 up-to-date machines. Our major costs are divided by enormous output.

The result is a value no other maker even tries to match in a fine car of this size. Come see what it means to you.

**Send for the Book**

Mail us the coupon below. We will send you free our new book that will inform you on five simple things which reveal the value of a car. For instance—
