BIRD'S ROOFS

SUPER-TWIN Shingles

Bird's Super-Twin Shingles are especially suited to the large, handsome residence, and have the rugged appearance of heavy slate.

1. They are laid 5" to the weather and have a large exposed area, over 9" in width.

4. They have an unusually smooth and even surface of natural red, green or blue-black crushed slate.
5. Like all Bird's Twin Shingles, the Super-Twin is a one man, one hand shingle.
