

PRICES ADVANCED HERE MONDAY

RECOVERED FROM LITTLE SLOMP LAST WEEK

About 60,000 Pounds Sold For An Average of \$31.93.

Sales were very good last week but the offerings were not up to what they were a few days before, and this may have been the reason many of the farmers thought the price sagged a little on Thursday and Friday. However, on Monday the sales opened up well, with good breaks at both of the houses, and the average for the entire sale at the two houses was \$31.93.

Compare the averages being made on the other markets and you will see the Roxboro market is taking mighty good care of the farmer who brings his tobacco here. In fact one farmer and he is a good one, for he averaged for 700 pounds 45.00 dollars net, told us he had heard so much about what other markets were doing that he took a load to one so often quoted, but he would not take the receipt out, for he done better here. He says it is a waste of time, but also a waste of gas to haul your tobacco elsewhere. And we believe he is right.

MOVING WEEK

Truly last week was moving week with some of our business folks. First Mr. Doares moved his barber shop from Depot Street to the Palace theatre building basement, and now it is Palace Barber Shop.

He was followed by Mr. I. O. Wilkerson, who has opened up the Palace Pharmacy in the Palace building. You can't miss his place, it is on Main Street, opposite the court house. Mr. Wilkerson is not fully fixed as some of his fixtures have not arrived, but he says he is serving his BEST drinks just as of old and invites you to make him a visit.

Then a few days later the Roxboro Light and Power Co. moved into the building formerly occupied by the Princess. Mr. Long is somewhat handicapped at present, as his place is not arranged just to his liking, but you will find some one present to receipt your bills.

NO BETTER PLACE THAN THE HYCO.

Mr. B. L. Evans of Roxboro route 2 sold 600 pounds at the Hycos last Monday and made an average of \$45.00, clear check. Mr. Evans says he heard so much talk about what tobacco was doing on some of the neighboring markets that he tried them, but one trial was enough to convince him that there was no better market than Roxboro and no better house than the Hycos. He says when a farmer of this section hauls his tobacco elsewhere he is wasting both time and gas.

MR. DANIELS OPENS OFFICE HERE

Mr. A. P. Daniel, who is district agent for the Shenandoah Life Insurance Co., has moved to Roxboro and opened an office over Mr. G. W. Thomas' Hardware Store. Mr. Daniel led his company in business during the month of October and is making a fine record in the insurance business.

NOTICE

Notice. People desiring to entertain some of the children from the Oxford orphanage, next Saturday, will please notify Chas. A. Harris at Peoples Bank.

SCHOOL NOTES

A goodly number, about three fourths of the 84 white teachers in the county, were present at the Teachers' Meeting last Saturday. Dr. J. Y. Joyner who for 17 years was State Superintendent of schools was with us and said a few words of encouragement. He was suffering from a severe cold, but could not withstand an invitation to look upon such a fine body of teachers, he said.

In accordance with the usual custom it was suggested that the schools have holiday both Thursday and Friday of Thanksgiving week. Some however wish to teach Friday and Saturday and make up lost days. All who wish to do this can if it is agreeable with the patrons. Some parents like to have their children at home occasionally for two work days in succession.

A few teachers have failed to fill out their information blank in detail, something is left out. Please attend to this at once. Also if you desire your record to go into Raleigh with the name of your last certificate, but that certificate has not been sent you yet, please send me your name so that they can look it up in Raleigh and put it on the State Rating as it should be. If attention is not called to this your old rating will be put down and you will be paid accordingly. Some teachers from other states have not received their certificates. Will you please notify me giving your name and address and the schools you have attended, your credits, etc.

I wish to mail the November Budget next week and it must be complete in detail.

Instead of mailing you direct the Education Week Material, it has all been sent to me, and I have just received it. Teachers can get this material from the office and observe these days later.

Mrs. J. A. Beam.

THANKSGIVING SERVICE AT LAMBERTH MEMORIAL

Thanksgiving will be observed by the members of Lambirth Memorial Church on Thanksgiving day with services at 10 o'clock. Everybody is invited to attend this service, and especially asked to bring a thank offering of not less than \$1.00. This is a small group of Christian men and women and they have built a church which is a credit to the County. They have sacrificed largely themselves and now they are asking friends and the public generally to help them pay off the debt on the building. Attend this service and take your dollar, but if it is so that you can not attend, then send the dollar anyway.

IMPORTANT

The Oxford Orphanage Singing Class will give a concert in Roxboro on Saturday, Nov. 22nd, in the school auditorium. This concert will consist of music, drills, operetta, etc., and you can rest assured you will get your moneys worth. Our people have always given them a good house and we feel quite sure this will be no exception. Let everybody remember the date and greet them with a full house.

GOOD FARMING

Mr. B. S. Winstead is what we call a good farmer. From 1 bushel of clover seed he mowed 23 loads of hay and fed 5 head of horses off of it all summer. He has sold 9 curings of tobacco which he has sold for over \$2500. Ben, who is working for the Independent Warehouse, South Boston, Va., says he sold this with that house, and if you have some tobacco just as good he will do as well for you.

FARM LAND SELLS FOR \$200 AN ACRE.

Who says farm land is not worth anything? Last Thursday when the T. H. Street farm lands were sold one tract brought \$200 an acre. Of course, it was a small tract, but nevertheless it brought \$200 an acre. The entire farm brought nearly fifty thousand dollars, and the heirs were well pleased with the sale. This sale was conducted by the Atlantic Coast Realty Co., and there is no doubt about their knowing their business.

TOBACCO BOOMING AT THE WINSTEAD.

Last Monday the Winstead Warehouse averaged \$32.00 for everything sold on the floor, including green tips, scraps, etc. The farmers were happy, we were happy and everybody was happy. The following are a few of the high averages made:

O. H. Hamlet averaged \$45.00; F. L. Ashley averaged \$46.25; Carver and Long averaged \$44.00; H. Parker averaged \$44.00; Murat Lunsford averaged \$46.25; Floyd Parker averaged \$44.00; Charlie Norris averaged \$50.00; Rogers and Co. averaged \$44.00; Satterfield & Russell averaged \$50.00; Rogers & E. averaged \$50.00; Edgar Walker averaged \$45.00; J. J. Rogers averaged \$54.50; Coy Lunsford averaged \$49.50, and well, we could fill up The Courier with others who made great big averages.

Business Man and Farmers See Feat Of Cotton Ginning

Twenty or more farmers and business men of this town and community witnessed a feat of cotton ginning at the ginnery of G. W. Thomas, which probably means so much to the development of the cotton growing industry in this county, as the invention of the cotton gin meant to the South as a whole. J. R. Lummus, who lives a few miles from Roxboro, brought in a load of cotton weighing 1,270 pounds, which had been pulled burr and all instead of being picked clean in the field. With Mr. Thomas's up-to-date plant, including the new boll-breaker and cleaner attachments, this load of bolly cotton netted a bale weighing 318 pounds, which sold on the local market at twenty cents.

The work was done under the direction of Joe T. Banks, experimenter and boll ginning expert from Texas. The farmers who witnessed this novel process were enthusiastic about it, for it was a clear demonstration that every boll of the late local crop that has cotton in it can be saved.

SUCCESSFUL BAZAAR.

The ladies of the Presbyterian Church held their bazaar on last Saturday, and report a great success, having made one hundred and forty dollars on same.

"KATHLEEN"

A "Mirthquake" of Laughter, Greeted by A Large Audience

The play, "Kathleen," presented last night by the Legion boys was one of the best and most thoroughly enjoyed we have seen this season. The various characters performed their parts in a splendid manner, and it is hard to pick the stars, but the leading characters were Messames Mangum, Goodman and Bradsher and Wallace Woods, Bob Sutherland and Charlie Harris. The chorus girls and the Dance O'Mania girls were fine, and especially must we remember the bunch of little girls attired in their nighties—they were decidedly good.

Too much praise can not be given Miss Kathryn I. Morris, who directed the play, for remembering that she had only about ten days in which to whip this play into being it is hard to see how she did it. But it was her master mind which made it such a wonderful success.

Having finished all business the social part of the program was taken in charge by Messames P. H. Fontain, Will Humphries and Wingate Rodgers, who served dainty refreshments. Tom Tarheel says it is nice to be able to erect a fine tombstone to mother after she is gone but much better to give her a home water system now.

NEW YORK SHIVERS IN GOLD

EIGHTEEN ABOVE ZERO

Sixty-Mile Freezing Blast Sweeps Over Metropolis From Atlantic.

New York, Nov. 17.—New York shivered today in the coldest November 17 in the city in the records of the weather bureau.

A 60-mile freezing blast swept in from the Atlantic to put the thermometer at 18 degrees above zero at 7 o'clock this morning. Two persons, a man and a woman, died as a result of the storm. Ships fought their way into port several hours late and wearing coats of ice, and small craft were swept to sea with their half frozen crews. Ashore, less havoc was wrought with trees and window panes.

Neither of the cold wave victims was identified. The man was found frozen to death over an engine room grating of an Eastside building. There was no heat coming through the grate bars.

The woman, known to her companion, James Letera, a scow captain, only as "Julia," died of a disease caused her to lose her balance and fall into the East river as she attempted to board Letera's craft. Letera broke his leg in rescuing her. He dragged her ashore and then had to crawl half a mile to get help. The woman was dead when he returned with a policeman and an ambulance. Five men were rescued at sea from an open motor boat found by the coast guard cutter Seminole.

THE BEAUTIFUL SNOW

This section was visited by the first snow of the season on Monday night. It suddenly turned very cold on Monday evening, but no one was looking for snow. November seventeenth is pretty early for snow in this section.

WHAT HAVE YOU

Almost every family in the country has something which might be turned into money—perhaps chickens, eggs, butter, a cow or pig, hog or sheep. Anyway, whatever it is, if you have more than you need why not try a "Want ad" in The Courier. One cent a word and a few weeks will find a buyer—try it.

An Honor Subscriber.

Mr. Joe Buch of route 5 has been a regular subscriber for this paper for more than 35 years and when he came in for renewal last Thursday he brought us about a peck of the smoothest, nicest fall grown potatoes we have seen. He said he just dug 35 bushels of them, BAPTIST LADIES BAZAAR DEC. 6th.

Mr. A. L. Bradsher, prominent tobaccoist of Roxboro, and Miss Marnetta Crowell, of Statesville, were quietly married last evening at 6 o'clock in the main auditorium of the First Presbyterian church by Dr. David H. Scanlon, pastor. The ceremony was witnessed by only a few friends of the young couple. Mr. and Mrs. Bradsher will make their home in Kinston, where Mr. Bradsher is connected with the R. J. Reynolds Tobacco company. Mrs. Bradsher was a teacher in Greensboro before her marriage.—Greensboro News.
