A men who has spent most of his life in social service work receity said that he had practically reached! the conclusion that the most effective way of attacking modern probtems would be to anaugumte a permanent nation-wide campaign for

home ownership.
His idea is that the source of most of our present-day trouble is the

lack of family stability. The home owner does not deserhis wife and children.

He does not suffer from wanderinst. He takes a strong interest in his

community. The purchase of his own home arouses his ambition, his thrift, and

The title given this lesson is some what misleading. Strictly speaking, this was far from a triumphal entry. It was rather the official presentation of the King of the Jewish netton.
"lack of the cry, "hosanna," the awful
word, "crucify" was uttered by the
ame persons who cried "hosanna." Chough they were utterly blind to the act, God was about to carry out His dan of hosanna, which means "save now," through the crucifixion of the Son of God.
