HE WANTED IT READ.
An editor and a merchant were discussing the virtue of billboard advertising. The merchant contended that more people read the billboard than the newspapers. After a lengthy conversation in which neither man would give in, the men parted.

The next week the merchant came tearing down the street to the newspaper office wanting to know why the obituary of his wife's mother was not in the paper, especially after he had seen that a copy was taken to the newspaper office. "Well," said the editor, "I know you wanted the obituary read by the people so I took it out and nailed it up on your billboard."

In Memory of Dorothy Gentry.

On Nov. 1st God saw fit to clip the sweet bud from the family of Mr. and Mrs. T. W. Gentry. Dorothy was nearly five years old, just the joy and pride of that dear home. Why the precious little girl was taken remains for us to understand. One thing we do know, God never makes a mistake. Everything was done that could be done for her; in spite of what we did God did not think best for Dorothy to remain in this sinful world. There is one consolation when trouble comes—I feel that God is trusting us when He sends trouble on us. Oh, that we could feel that it was a trust when it comes. Dorothy is a little angel tonight, dear parents. You have made one deposit in heaven, now you have more than ever to live for. I trust you will be able to feel God's presence as you have never before. Dorothy can not meet you with outstretched arms here any more, but you can meet her in heaven. Now in place of grieving let us thank God for lending Dorothy to us for nearly five years. Her little sweet blue eyes and smiling face has meant a lot to us. The memory of her little chatter and foot steps will be with us for many years to come. Let me commend you to the One that never makes a mistake. Lord, I thank Thee for her little life; help us to be as she when we have to leave.—A Friend

DON'T YOU WANT HEALTH TOO?

Read the following excerpt from affidavit:

Since an attack of Typhoid Fever seven years ago, my heart troubled me with fast beating and skipping: I had had coughing spells, and short labored breathing. My face was hot and flushed, and my feet were cold at all times, also had constipation. I had taken medicines for years with no relief.

On May 6th, 1924, I went to Dr. R. B. Davidson, at Zebulon, putting myself under his care. He gave me no treatment what so ever, except CHIROPRACTIC SPINAL Adjustments, and after a few days I noticed a change for the better: the coughing spells subsided, my heart became regular and the temperature of my face and feet became normal.

I can honestly recommend CHIROPRACTIC to anyone who is suffering with any ailment, and will be glad to answer any inquiry in regard to my case.

Signed, R. T. Batchelor,
