DOUBLE ACCIDENT OCCURS NEAR HELENA

Four Cars Figure in Smash; Several Persons Hurt, But None Seriously

WET ROADS THE CAUSE

Seven men and four automobiles were the principal actors in an unusual automobile smash-up which occurred about 9:30 o'clock last Saturday night seven miles from Roxboro on the Durham road. Robert Tuck, Nick Allen, Jack Slaughter, Otis Gentry, Joe Allen and two colored men received minor cuts and bruises about the face and body, while the cars were badly damaged. The colored men in a Ford were coming toward Roxboro when they collided with the Ford car in which were Mr. Allen and Mr. Slaughter. These men received some slight injuries while the cars were considerably damaged. About this time Mr. Gentry in a Ford roadster stopped on the side of the road and proceeded to render what assistance he could when another car occupied by Nick Allen and Mr. Tuck, sideswiped the wreckage and turned over on the hard surface, the Allen car being knocked off the road. Mr. Tuck was the most seriously injured of the party, receiving an ugly cut on the forehead. He was found lying in the road with blood and glass scattered all about him, but it is not thought he is seriously injured. The accident is attributed to the slick condition of the highway at the time, in addition to the drivers being blinded by the approaching lights.

EXPRESSION RECITAL AT OLIVE HILL HIGH SCHOOL

Miss Sarah Gertrude Knott, head of the Expression department at Chocoma College, will give a recital at Olive Hill School Friday evening, March 12th, at 8 o'clock. The first part of the program will be "Sun Up," the play by Lula Vollmer, which had such a sensational run in New York. Miss Valmar is a North Carolinian and the scene of the play is laid in the North Carolina mountains.

The second part of the program will be a group of old-fashioned numbers which Miss Knott will give in costume.

The entertainment is being given under the auspices of the Parent-Teachers' Association but the object is to give the people of this section an opportunity to hear something really good, rather than to make money for the P. T. A. A charge of fifty cents for adults and twenty-five cents for children will be made to defray expenses. No one who has an appreciation for worth while things can afford to miss hearing Miss Knott.

INTERMEDIATE CREDIT BANK

A law firm who are interested in forming an Intermediate Credit Bank met in the court house last Saturday evening, but owing to lack of interest it was impossible to complete an organization. The matter was left open but there is little to encourage the hope that such an institution will be formed here.

B. & L. ASSOCIATION IN SPLENDID SHAPE

Report of Secretary Walker at Annual Meeting Shows Encouraging Growth

RANKS NEAR TOP IN STATE

The annual meeting of the stockholders of the Roxboro Building and Loan Association was held at 11 o'clock Saturday morning in the offices of the Secretary and Treasurer, Mr. J. S. Walker. The meeting was well-attended, a majority of the stock being represented. This Association is one of the youngest in the State, being only three years old, but in that time has risen since its incorporation until at present there are few associations in the State having any better rating. The Building & Loan idea was new to this section, but ever since the first series of stock was offered has filled a real need in the community and has aided materially in the building and financing of homes. The total shares in force number about 2350, and assets amount to \$73,948.89. Earnings of this stock, as reported to the stockholders by the Secretary, have amounted to 8 1/4 per cent, which is an unusually high figure among organizations of this character. Its great success is due almost entirely to the excellent management and careful attention of its officers, and much of the credit is given to Mr. J. S. Walker, the very efficient secretary. He has handled its affairs most satisfactorily for three years, entirely without remuneration. The unusually high earnings of the stock of this Association are due largely to the absence of overhead and operating expenses.

The stockholders re-elected all the former directors with the exception of two, and Messrs. W. H. Harris and J. W. Nozll were named to fill these vacancies. Immediately after the stockholders' meeting, the directors met and re-elected the former officers without any change. A new series of stock will be issued April 1st, and in view of the excellent earnings of the Association in the past, the new series will no doubt be largely subscribed.

M. C. Winstead To Leave Caswell

Marcus C. Winstead, who has since its institution served as judge of the Caswell county recorder's court, has today, March 2, handed in his resignation to the board of county commissioners, severing his official connection with the office. It is understood that Mr. Winstead will leave Caswell around the 15th of March and will locate at Hendersonville, North Carolina, where he will practice his profession.—Messenger.

COTTON SEED CLEANER

Mess. T. T. Hester & Company are installing a first class cotton cleaning machine and will have same ready for business on next Monday. This is quite a convenience for the farmers, for no cotton seed should be planted without first having been cleaned. And while it is true, every indication is that cotton will not bring a fancy price next year, we believe our farmers will find it to their advantage to plant some cotton, and not depend entirely on tobacco—it also may be low. In any event, when you have two money crops you stand a better show than when you have only one.

Oboy! . . . Whatta Life!!

The Prince of Wales, credited with being England's best advertising bet in his tumbling act from galloping steeple-chase horses, has a real national rival—now that John Coolidge, son of the President has taken up boxing at Amherst college. Right now John is nursing a rather "ouchy" nose and the Prince is carrying his left arm in a sling—the former having lost a three round battle in a boxing tournament and the latter from a bad split—his thirteenth fall in a race.

The Boys Corn Club Honor Roll

These Corn Club Boys Are Going To Show Dad; Sixteen Boys Wanted

We are mighty proud of our Boys Corn Club, but we want seventeen more to complete our list. To date there have been thirty three to join, and we want fifty to complete the club. Say boys, don't you want to get in this bunch of live boys, one of whom will win Fifty Dollars, without any strings to the proposition. Of course, if we do not get the fifty boys to join, it will go on with those who have joined, but we had set our mark at fifty, for we wanted to show the old farmers of this good County what the progressive young farmers could do. Come on, boys, send in your name this week.

ROXBORO AND OXFORD DIVIDE IN BASKETBALL

Oxford High School Basketeers Upset Expectations of Many Roxboro Fans

LAST GAME OF SEASON

The Oxford high school basketeers upset the expectation of many of the local fans, when they defeated the Roxboro high school quintet by a score of 19 to 13. The game was the most exciting and hard fought battles that has been played on the local court this season.

Both sides brought into action the five man defense, which proved to be more valuable to the opponents than to the locals. Avegette, of the Oxford team contributed 7 points to the tally, while Harris, for the locals came through with 6 points to his credit.

The visitors seemed to find the basket more often than the Roxboro lads, who missed many chips, which might have made a different story.

Both teams came back in the second half with a strong determination to take the lead and keep it. The local tossers, however, succeeded in overcoming the one point lead and, when the whistle blew again the Oxford team needed three points to make the score a tie.

Winstead contributed seven points to the score of the locals, while Oakley ran a close second by making a total of six points, also playing an exceptionally good game, by breaking up many passes. Parham, of the visitors, came through as high scorer of the game making a total of eight points.
