INJURY TO PLAYER IS STILL SERIOUS

Henry Satterfield's Condition Remains Unchanged, Is Hospital Report

INJURED BELOW EYE

According to reports from the Watts hospital last night, the condition of Henry Satterfield, Jr., who was injured Saturday while playing ball with the freshman team at the University of North Carolina, remains practically unchanged.

Satterfield received serious injuries below the left eye when he collided with fellow players in an attempt to reach a fly which had been batted over his head. He was knocked unconscious for over an hour, and was carried at once to the university infirmary, where he received first aid treatment before being brought back to Durham.

An X-ray was taken yesterday at the Watts hospital in order to ascertain whether Satterfield suffered a fracture of the skull, or whether the break, if any, was confined to the cheekbone. It could not be learned last night what the result of the X-ray was. The local ball player was said to be resting fairly comfortable, however.

During the years of his attendance at the Durham high school, Satterfield was widely known as one of the greatest basketball players ever turned out there. He played forward on the 1925 championship quintet which journeyed to Chicago last year, and was considered one of its outstanding players. He entered as a freshman at the university at Chapel Hill last year, and was elected captain of the freshman basketball team. He played shortstop on the freshman baseball outfit later in the season, and it was during his team's exhibition game with the Carolina varsity Saturday that Satterfield received his injury.

(Young Mr. Satterfield is a grandson of Mr. and Mrs. S. P. Satterfield. We are glad to state that the condition of the young man is very much improved, and it is thought he will soon be all right.—Ed.)

AN OLD FRIEND CALLS

We were glad to have a call from our old friend, Mr. R. E. Crutchfield, "Bob," as his old Roxboro friends know him, last Friday. He is now located in Greensboro, and covers the entire State in the interest of the International Harvester Company, looking after their separator business. He is very much interested in Person county and says he would advise any one in the dairy, or creamery, business who has as many as three cows to buy a separator. Says he will guarantee the increase from the use of such a machine will soon pay for itself, with even as few as three cows. If you are interested in a separator we would advise that you get in touch with him. Address him at Greensboro, N. C., 107 Wilson Street.

EASTER SERVICE

There will be Easter service at Beulah church on next Sunday morning at 11:30. All old members and old friends are cordially invited to this service.

Small Child Burnt

Last Friday little Dorothy, the four year old daughter of Mr. and Mrs. Henry Winstead, who live about five miles west of Roxboro, was severely burnt. It seems the little girl was in the room alone and in some way her clothing caught fire from a fire in an open fireplace, and she ran screaming out into the hall. Her sister, who was near, heard the screams and ran after her, catching her and succeeded in putting out the fire. Little Dorothy suffered intensely, the burns being on one side of her face, on her arm and one side of her body, but we are glad to learn from her physician, Dr. B. E. Fox, that the accident was not serious and that she will recover. Her sister deserves much praise for her thoughtfulness and prompt action in rescuing her and smothering the flames.

The Latest in Coiffures

Are you letting your hair grow out? Here's a way to make it look well-groomed. The hair should be slightly waved. It is arranged high on the left side and caught into a French roll at the back. An interesting feature about this style is that girls with long hair can effect it and give the impression of a new type bob.

CLEAN UP TIME IS HERE!
April 6-10, 1926

Once more we are having a CLEAN UP WEEK for Roxboro. This time we hope to do the job more thoroughly than ever before. The town officials are thoroughly in sympathy with the effort and will really clean. Residents will really clean. Residents will give heed to the Health Officers' suggestions and see that their premises are in right shape. We believe the business folks will do their part, too, in removing all paper, trash and rubbish of all sorts from the business section.

Let us all work together toward a real Clean Up Week and thus attain our goal, THE CLEANEST ROXBORO WE HAVE EVER HAD.—Chm. Civics Dept. Woman's Club.

Old Belt Tobacco Growers Asso.

A meeting was held in the court house yesterday morning for the purpose of going into the organization of the Old Belt Tobacco Growers Association. This new association will take the place of the Tobacco Growers Co-operative Association, which will cease to function after the next crop—if not sooner. About fifty farmers responded to the call, and heard the contract read and explained. A committee was appointed from each township to report back at some future meeting, when active steps will be taken to secure sixty-five per cent of the tobacco acreage in the county pledged.

Mr. J. Frank Timberlake is the chairman of the organization for the County, and will be assisted in the work by Mr. Copley.

AN INTERESTING LECTURE

Seeing China Through the Eye of The Camera.

Rarely has there been a more interesting and instructive service than that held at the First Baptist Church last Sunday evening. The Pastor, Rev. W. F. West, who spent several years in the East, showed a large number of pictures which he had taken while in China. The slides had been colored and were exceptionally good, while the lecture as they were being shown was of decided interest. He told the large congregation, which packed the auditorium to its utmost, many things concerning the Chinese which they did not know. Altogether, a more pleasant hour could hardly have been given. Mr. West proposes to give these lectures at appropriate intervals, and it goes without saying that when he wants a full house, he has only to announce another lecture.

FARMERS VISIT NORTH STATE CREAMERY

The Day Was Much Enjoyed And All Fully Repaid For Their Visit

MEANS MUCH TO COUNTY

Last Wednesday, fifty Person County farmers went to Burlington at the invitation of The North State Creamery Company. Of the nine townships in our county, seven were represented, showing the widespread interest the farmers have in an increase in the dairy and poultry business in the county.

Mr. F. H. Mendephall, Manager of the Creamery, was assisted in entertaining the visitors by Mr. Graham, president of the company. Mr. A. C. Kimrey, of State College, Mr. Cates of Alamance County, Mr. W. K. Scott, County Agent, Miss Marjorie Holmes, Home Demonstration Agent, Miss Hardin, Secretary of the Creamery, and thirty or more members of the Kiwanis Club. The Carolina Theatre sent complimentary tickets for all the visitors, and Mr. Cates, the "Pickle King of the South," contributed some of his famous pickles to the delicious lunch prepared by the Creamery. One of the outstanding impressions made on the visitors' was the evident loyalty to this organization and the interest the citizens of Burlington have in their creamery.

As the visitors were conducted through the creamery, each process of butter-making was demonstrated. They were shown how the cream was weighed, tested and pasteurized. Then there was the big churn, containing five or six hundred pounds of beautiful Dixie Brand Butter. This was packed in large moulds, hardened, cut into quarters and packed in cartons and made ready for shipment.

In the poultry feeding plant the methods of feeding, dressing and packing poultry in ice were demonstrated. Another interesting feature was the candling of eggs. In the afternoon Mr. A. C. Kimrey delighted the audience with a most practical talk about Ole-Sis Cow. Mr. Cates talked as farmer to farmer, in a short speech that was splendid common sense all the way through. Mr. Graham and Mr. Scott were most cordial in their expressions of good-will and helpfulness.

The fifty representatives of Person County who made the trip are very enthusiastic about the entertainment accorded them. They all report it was a day most profitably spent.

WHAT THE RESURRECTION MEANS

"The doctrine of the resurrection is full of joy to the bereaved. It clothes the grave with flowers, and wreathes the tomb with unfading laurel. The sepulchre shines with a light brighter than the sun and death grows fair."

Rent from the ignoble shell the pearl is gone to deck the crown of the Prince of Peace; buried beneath the sod the seed is preparing to bloom in the King's garden.—Chas. Haddon Spurgeon.
