Drink More Milk
Urra—College Workers

Talgh, N. C., Nov. 22.—Milk is a food, a healthy food and a complete food rather than a mere beverage. It is essential to the proper development of the young of all animal life; it hardens the bones; makes sound teeth and is a better beautifier than the prepared cosmetics of the chemist.

Such a belief was the message given to over 12,000 persons in Division County during the week of Nov. 18 when Miss Elizabeth Cornelius, home agent, put on a special "Milk For Health" week in the County. Miss Cornelius was assisted by a group of extension workers from State College and the United States Department of Agriculture. She al-

sol had the cordial support of the school authorities both in the towns and in the county. The young ladies taking special training at the Churchland School aided in spreading the message and before the week was over, each school child, white or colored, had heard how milk improves the general health and relieves undernourishment.

A total of 11,974 pupils were reached in 234 talks. The reaction was excellent and practically every school child stated that he would ask his parents for milk to drink in the future. But the message was also given to adults and five talks were made before 440 members of civic clubs and parent-teacher associations.

The work in the campaign found much apparent undernourishment. One of the interesting things found was that the Baptist Orphanage at Thomasville with 445 children examined had only 46 children who were 10 per cent or more underweight. Of the total number of children, 432 were drinking milk each day. The extension specialists state that this was a good demonstration of the value of milk in the diet, because 97 per cent of the children received milk and only ten per cent were undernourished.

A Word With the Old Folks

Elderly People Are Learning Importance of Good Elimination.

IN the later years of life there is apt to be a slowing up of the bodily functions. Good elimination, however, is just as essential to the old as to the young. Many old folks have learned the value of Doan's Pills when a stimulant diuretic to the kidneys is required. Scanty or burning passages of kidney secretions are often signs of improper kidney function. In most every community are scores of users and endorsers who acclaim the merit of Doan's. Ask your neighbor!

Tuxedo Builds Pulling Strength

Made of choice grains, mixed to a guaranteed uniformity, balanced to furnish every element necessary for health and energy, Tuxedo Chop gets right to the heart of the animal and fills it with an indomitable will to dig in and pull.

Courage in a horse or mule, when a stiff job is tackled, is found only when the animal has been fed right. Bone, muscle tissue, nerves, energy, all have to be renewed daily, and only a balanced ration like Tuxedo Chop will fill every need. Get a few sacks today and watch results. We recommend it highly.

WINSTEAD Warehouse

Roxboro, N. C.

Will be closed from Thursday, Nov. 25th, until Monday morning, Nov. 29th on account of the Thanksgiving Holidays. We all have many things for which to be thankful and we are especially thankful to our good friends from Person and adjoining Counties for the very liberal patronage they have given us this season. We feel that you have been well cared for at

The Winstead Warehouse

and that no one has lost a penny by selling their tobacco with us, in fact we believe you have made money by selling with us.

You can bring your tobacco to us during the remainder of the season and we promise that if it is possible we will get for you just a little more than you will get elsewhere. When we fail to please you just let us know and if we can satisfy you we SURELY will do it.
