Attorney-at-Law
Office over Garrett's Store
Roxboro, N. C.

Farm Forest Is Labor Saving Crop

Raleigh, N. C., Dec. 6.—Reducing labor costs increases profits in any business and most progressive business men are constantly on a search for labor-saving systems. Farmers do this by installing labor-saving machinery but there is still another way which has been largely overlooked and this lies in giving more attention to labor-saving crops.

"The farm forest is one of the great labor-saving crops for North Carolina farmers," says R. W. Graeber, extension forester. "This crop is within the reach of every farmer without a great outlay of money if he will only cooperate with Nature and follow the system which Nature so plainly suggests."

Mr. Graeber states that no special soil preparation such as plowing and harrowing is needed for a crop of pines, oaks or poplars. No seed is needed if a few seed trees are left in place. No fertilizer is needed because nature maintains the fertility of the forest soil through the annual fall of leaves and twigs. All that is necessary is to keep out destructive forest fires. When the fires are kept out, a heavy blanket of leaf litter prevents weed growth and helps to hold a good supply of moisture. It is in the harvest alone with a timber crop that the labor of man is required.

"Nature has provided fine conditions for tree growth in North Carolina," says Mr. Graeber. "Good soil, ample rainfall and a long growing season will permit any farm woodland to produce an annual growth of one-half to one cord of wood per acre while many areas of pines are producing two cords and more an acre each year. Where a farmer does not cut more than the

annual growth of his timber, a self-perpetuating labor-saving crop is made an actual reality."

It is not necessary to spare the ax but it is necessary to use the ax that the best tree specimens have an opportunity to contribute their share to an unending crop, states Mr. Graeber.

Executor's and Surviving Partner's Notice

As surviving partner of R. A. Spencer & Son and having qualified as executor of the estate of R. A. Spencer, deceased, late of Person County, North Carolina, this is to notify all persons having claims against the estate of said deceased in the partnership of R. A. Spencer & Son to exhibit them to the undersigned at his office in Roxboro, North Carolina on or before the 18 day of November, 1927, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate and the partnership of R. A. Spencer & Son will please make immediate payment.

This 15th day of November, 1926.
R. M. SPENCER,
Executor of R. A. Spencer and surviving member of the partnership of R. A. Spencer & Son.

What Is a Diuretic?

People Are Learning the Value of Occasional Use.

EVERYONE knows that a laxative stimulates the bowels. A diuretic performs a similar function to the kidneys. Under the strain of our modern life, our organs are apt to become sluggish and require assistance. More and more people are learning to use Doan's Pills, occasionally, to insure good elimination which is so essential to good health. More than 50,000 grateful users have given Doan's signed recommendations. Scarcely a community but has its representation. Ask your neighbor!

THAT'S THE MOTTO OF

WINSTEAD
Warehouse

Roxboro, N. C.

Sales have been good this week, and we are glad to see so many satisfied farmers—you know it makes us feel good when you are satisfied. We make it a point to look after every pile sold on our floor, and it makes no difference whether it is Smith Brown, a tenant, or Mr. Big Farmer, no pile is overlooked. You can send your wife or your boy with that load and they will be just as closely looked after as if you came in person. That's the way we do business.
