Record Breaking Sales

South Boston, Va., Sept. 28.—Never before in the history of this market have prospects for a banner season been brighter, according to T. E. Hodges, one of the proprietors of the famous Planters Warehouse of this city. Mr. Hodges, who has just returned from Lake City, S. C., where he was proprietor of a warehouse this summer, reports a highly satisfactory season for the Planters Warehouse during the coming season here, which will open Tuesday of next week, October 4th. During the past summer extensive improvements and additions have been made at the Planters, giving it now 67,000 square feet of floor space and making it one of the largest, if not the largest warehouse in the bright belt. This house will again be run by the firm of Hodges & DeJarnette, veteran warehousemen, who are known, respected and admired wherever tobacco is sold. Sales this year, as last, will be conducted by T. E. Hodges and E. A. DeJarnette, who are acknowledged to be two of the best men in the bright belt at running sales. There is not a pile on the floor that escapes their eyes and for which they do not put forth every effort to get the highest possible prices. The entire staff of the Planters has been chosen this season with but one thing in view, to get men who know tobacco and will work at all times for the interests of the customers. A warm welcome awaits everyone at this house, day or night, and every farmer is cordially invited to "drive in" whether he has tobacco with him or not. This paper will carry advertisements for the Planters each week, giving reports of sales, etc. Watch for them.
