

October Farm Calendar

Things to be done this month
Agronomy: Plant oats, wheat, rye, barley for grain, and oats and vetch or rye and vetch for hay and soil building.
 Dip oats in formalin solution and treat wheat with copper carbonate to prevent smut.
 Plant crimson clover, vetch, Austrian field peas and other cover crops this month. Do not neglect inoculation where necessary.
 Put rape for grazing purposes on the richest spots available.
 Sow alfalfa on rich, well prepared, well fertilized and limed land, preferably the heavier types of soils with clay subsoils.
 Order limestone for use on legume crops. Ground limestone may be applied after crops are up.
 Select seed corn in the field and keep the seed pure.
Horticulture: Sow radish and mustard seed for fall and early winter crop.
 Harvest sweet potatoes, before frost kills the vines.
 Thin out young turnips, beets, kale, spinach and lettuce and thus hasten development.
 Set narcissus, tulip, hyacinth, crocus, etc.
 Apply paradichlorobenzene for peach tree borer control October, 1st to 15th.
 Take down mounds made in July for peach tree borer.
 Fumigate grain and other stored products that are weevil infested. Carbón Disulfide is remedy to use.
 Continue to clean up and destroy all dead material in gardens and orchards.
Dairying: Plant early this month ample rye and oats to furnish winter and spring grazing.

Cull out those poor producers before winter time—they will not pay for their feed this winter.
 Select that pure bred bull out of tested ancestors to head the herd.
 Use the dairy cows to clean up the corn and hay fields after harvest.
 Keep production records and feed and breeding records.
Animal Husbandry: Sow rape, rye and oats for forage for livestock.
 Feed liberally sows suckling pigs. For the pig is fed most economically through the sow.
 Give young pigs additional feed in a creep to secure greatest growth and cheapest gain.
 Keep animals free from internal and external parasites (worms, lice, etc.)
 Cull all non-productive animals and dispose of them.
 Start a flock of sheep on your farm. They pay well when managed right.
Poultry: Make all the poultry as comfortable as possible.
 Feed regularly and at the same time each day and give plenty of fresh clean water.
 Be sure that the feed is properly balanced for the pullets.
 Stop all cracks in poultry houses before cold weather. They cause roup.
 Use green feed to help egg production.

Reunion Dinner And Supper

On Sunday, September 18th, 1927, a surprise reunion was celebrated at the home of Mr. J. C. Clayton of Moriah, N. C. The secret was kept from Mr. Clayton and his daughter, Miss Sarah, until Sunday morning when the first guest arrived. From then on the sons and daughters, grandchildren and great-grandchildren poured in, also friends and other relatives until the number reached the mark of 201, including Elder B. F. McKinney and family of Durham. It was a scene most beautiful to behold in the well shaded yard. Dinner and supper was served on a table

Makes Life Sweet

For seven generations the National Household Remedy of Holland for kidney, liver and bowel troubles has helped make life brighter for suffering men and women. Begin taking them today and notice how quickly your troubles will vanish. At all druggists in 3 sizes.

 Performances 2 and 8 P.M.—Doors open 1 and 7 P.M.

TICKETS ON SALE CIRCUS DAY ONLY AT DAVIS DRUG CO.

Frequent Bilious Attacks

"I suffered with severe bilious attacks which came on me two or three times every month," says Mr. Ollie Miller, of Murray, Ky.
 "I would become dizzy. My head would ache terribly, feeling as if it would almost burst. It felt exactly like a tight band was being drawn closer and closer around my temples.
 "My stomach would be so upset I could not retain any kind of nourishment for hours. I would have to quit work and go to bed.
 "My color was awful. I was yellow and my skin was drawn and dry. I did not have any energy—no ambition to work. I was just about half sick most of the time because of these spells.
 "One day one of my neighbors, who has used Theford's Black-Draught for years, said he had noticed how bad my color was and thought it would help me.
 "I got some Black-Draught immediately and began to take it regularly until I got my system clear of the poison I had been absorbing. I soon began to feel better and developed a fine appetite. I had no more bad headaches or bilious spells." C-128

Theford's BLACK-DRAUGHT
 Purely Vegetable

about thirty feet long out under the trees in the yard on the east side of the dwelling. The table was loaded with everything good to eat. Mr. McKinney made an appropriate talk and invoked the blessings of God on the family.
 Mr. Clayton has four sons and four daughters, forty grandchildren and twenty-four great-grand-children. All were present except five grand-children and two daughters-in-law. Mr. Jim C. Clayton will be 83 years old the 25th of December, 1927. He is a Confederate soldier, in splendid health and enjoyed the occasion extremely well. He asked that the table be reserved for another one next time. He is a native of Person County. Every one seemed to enjoy the day and are wishing Mr. Clayton many more such happy days.
 An Engliaman, flying at the rate of five miles a minute, wins the air wonder if an Irishman was chasing him?

Camel
 The cigarette that leads by billions

Just to state a great truth in another way—Camel is so exactly what so many smokers want that no other brand is even a close second.

If all cigarettes were as good as Camel you wouldn't hear anything about special treatments to make cigarettes good for the throat. Nothing takes the place of choice tobaccos.
