

# Build It Now!

This funny looking little guy with the big nose and bald head has got to face the music. The determined attitude of the Mrs. tells us that she is absolutely through seeing rent money handed over to Mr. Landlord. She wants a brand new home of her own. She's got the plans, and she knows where the lumber is coming from. Us!

There's another bald-headed man in this town who said he was going to build this year. If he doesn't get busy pretty soon we'll set his wife on him!

### PROMISE

To be strong that nothing can disturb your peace of mind.

To talk health, happiness and prosperity to every person you meet.

To make your friends feel that there is something in them.

To look on the sunny side of everything and make your optimism come true.

To think of the best, to work only for the best, and to expect only the best.

To be just as enthusiastic about the success of others as you are about your own.

To forget the mistakes of the past and press on to the greater achievements of the future.

To give so much time to the improvement of yourself that you have no time to criticize others.

To be too large to worry, too noble to anger, too strong for fear, and too happy to permit the presence of trouble.

To think of yourself and to proclaim this fact to the world—not in loud words, but in great deeds.

To live in the faith that the world is on your side so long as you are true to the best that is in you.
