

Petitions are being circulated for an extra session of the legislature to deal with the freight rate question.

The situation in California is getting to be troublesome to say the least. The citizens of that state are anxious to pass a law that will protect the interests of the state as they find it from experience and yet it is necessary for them to proceed carefully and not do anything which would be in conflict with the relations of our country with that of another.

President Wilson telegraphed Governor Johnson, of California, asking whether anti-trust legislation could be held up until Secretary Bryan could go to California personally to explain the federal government's position and urge a readjustment of the controversy.

The President's telegram was in response to Governor Johnson's message yesterday that California desired to co-operate with the federal government to avoid international difficulties.

At the White House it was felt that conflicting advices over situation made it practically necessary for a representative of the administration to explain the government's exact position in person.

Tokio, April 23.—A resolution addressed to President Wilson and other influential persons in the United States urging them in the cause of the good relationship between Japan and the United States to oppose the passage of the California alien land ownership bill and other measures of similar nature, was passed today at a congress of forty-five chambers of commerce of Japan.

NEWS OF RANDOLPH

Asheboro, April 23.—The people of Randolph county are at a fever heat over the proposed \$300,000 bond issue for good roads, which is to be voted on May 20.

Recent activities at the Hanna's Creek gold mining property, a few miles east of Asheboro, have attracted considerable attention and it is likely other mines and mining prospects in this community will henceforth be looked after more closely.

Commencement exercises of the Asheboro Graded Schools begin next Monday. A complete program, covering a period of several days, has been arranged and a number of prominent speakers have been secured.

The County Commissioners met at the court house yesterday, to discuss the matter of a new jail for Randolph county. No plans or specifications were adopted, and the commissioners decided to visit and inspect the jails at Sanford and Raeford before arriving at any definite conclusion.
