THE PENNSYLVANIA GLEE CLUB AT RALEIGH.

Not often have we seen a more enthusiastic audience than that which greeted the Glee and Banjo Clubs, of the U. of Pa., in the Metropolitan Opera House last Wednesday. Chapel Hill had sent quite a delegation down in response to a very cordial invitation from the manager of the club. Only four seats down stairs were unoccupied when the twenty-nine young students filed on the stage, and although the opening song "Ben Franklin," with banjo accompaniment was rather disappointing, the remainder of the concert more than atoned for this slight fault.

The Banjo Club, with the matchless Eno at its head, made hit after hit, and completely carried away the audience. Every variety of music was handled with grace and finish, and when the beloved "Dixie" was rendered, the volume of applause was almost overwhelming.

As to the singing of the club; it showed very careful training, and the general effect was good, although the solos did not fully come up to the general excellence of the entertainment.

Possibly the octette's work was more pleasing than that of the full club. We feel it but fair to say, that after hearing the vocalizing of this organization, representing as it does one of the largest universities of our land; we are more proud than ever of our glee club, for we feel that she can hold her own with the very best; and when once our banjo club is on a sure footing, as we hope to see it next year, we need not fear to appear before any audience.

A very graceful compliment was paid to the U. N. C., by the Quaker City boys, when they gave *our* yell during the course of the programme, followed by their own. The Pennsylvania boys are clever and manly fellows, and we welcome them with their jolly "Christofo Columbo" and rhythmic "spin-spin," to the music loving Old North State.

The athletic grounds at the World's Fair will seat 35,000 people, and contains an half-mile oval track.

THE HELLENIAN.

The beautiful annual, published by the Kappa Delta Epsilon, Sigma Alpha Epsilon, Phi Delta Omicron, Phi Kappa Sigma, Sigma Nu, Alpha Theta Omega, Beta Omicron Pi, Zeta Psi, Phi Tau Delta, Kappa Alpha, and Sigma Chi Fraternities at the University, is now being issued from the press of the Chas. H. Elliott Co., of Philadelphia, and will be ready for delivery in a week or so. The Hellenian this year will be quite an improvement on former issues, will be larger, contain more matter and by far the most interesting and artistic Annual ever issued. By permission of the editors we are allowed to give a short account of some of its attractions:

It will contain photographs and half tones of the base ball team, foot ball team, (the champions of the South for '92,) German club, Senior class, glee club, editors of TAR HEEL, editors of Hellenian, groups of the following fraternity chapters at the University, Beta Theta Pi, Alpha Tau Omega, Sigma Nu, Sigma Alpha Epsilon Phi Delta Theta, Sigma Chi, and Phi Gamma Delta. It will be illustrated with many cuts typical of University life and certain needs of the classes, the athletic teams and the jokes and witticisms of the past year. All old Chapel Hillians should purchase a copy. It can be procured by sending \$1.50 to the Business Manager of Hellenian, University of N. C.

The publication of a work entitled "Yale Bibliographies" is the plan of one of the instructors of Yale University. It aims to furnish a reference to the investigations of all the officers of the university, and includes the titles of all the important publications of the professors, instructors and lectures in the university, together with those of ex-President Noah Porter.

Telegraphy was introduced into Japan 24 years ago; there are now 8,822 miles of land telegraph lines, averaging over three wires to each line, exclusive of the government lines and those owned by private railway companies.

MR. BASKERVILLE ELECTED FOOT-BALL MANAGER.

Mr. Chas. Baskerville has been re-elected Business Manager of the foot-ball team, for the ensuing fall, by the Executive Committee of the Athletic Association. As Mr. Baskerville is not at present on the Hill, being in Germany, pursuing post-graduate work in Chemistry, it is not known whether he will accept, but it is to be hoped that his work will permit of his accepting this important place, which he managed so successfully last season. The team traveled more than 2000 miles and new outfits were purchased for most of the players, yet by his judicious management, a surplus was left in the treasury at the close of the season.

The Editors of the University Magazine for '93 and '94 have been elected, and we congratulate the University and the magazine upon the fact that the gentleman who have been elected, are all capable of filling the important positions which the respective societies have elected them to. During the past year, through the efforts of Prof. Collier Cobb the efficient and capable managing Editor, the magazine has stepped to the front as the representative college magazine in the South. Indeed it has attained such a high degree of literary excellence, that Harper's, the Century, the Arena and the Atlantic and magazines of that character have put it on their exchange list. We are glad to say that Prof. Cobb, will continue to supervise the magazine, and we feel assured that with the able board he will have to help him, that the magazine will not only continue to be the best of southern college periodicals, but will rank with any published in the Union. The following gentlemen will comprise the Editorial Staff for next year. From the Dialectic Society, Messrs. T. C. Smith, '94, F. M. Shannonhouse, '95, and W. D. Carmichael, '96. From the Philanthropic Society, Messrs. A. C. Ellis, '94, F. L. Carr, '95 and H. A. Grady, '96.
