Win. J. Battle, A. B. '88 and lately of Harvard, has been elected to the chair of Greek in the rising University of Texas. Mr. Battle, for this pedagogical acceptance, will receive as annual compensation \$2500.

E. P. Willard, Ph. B. '93, familiarly known as "Eppie," spent a few days with his friends of the "Hill" during the opening. We understand that for the coming season he intends wielding the birch over New Hanover urchins.

Thos. R. Faust, B. E. '92, has taken up headquarters at the "Varsity" and is filling the position of H. B. Shaw, erstwhile instructor in Mathematics and Drawing.

Perrin Busbee, Ph. B. '93, ran up from Raleigh last week paying a flying visit to his acquaintances

THE University of Virginia owes a great deal to the University of North Carolina for the use of Stephens, during the contest for the Spaulding Cup in Chicago this past Summer. Stephens pitched for the Virginians and pitched beautifully, he played in every game and pitched Virginia to the second place. The phenomenal work that he did in the box for Virginia and the record he made places him in the lead of all the college pitchers in the south. It not only does that but demonstrates the fact, that with proper support, he being in the box, we can put as good a team on the Diamond as any College in the Union. We are proud of Stephens and we have cause to be, and next year we predict that he will pitch us into the championship of the south.

Below we give a record of the games played in Chicago.

| Games. | Played. | Won. | Lost. | Per cent |
|------------|---------|------|-------|----------|
| Yale | 5 | 4 | 1 | 800. |
| Virginia | 6 | 4 | 2 | 666. |
| Amherst | 5 | 3 | 2 | 600 |
| Illinois | 4 | 2 | 2 | 500 |
| Vermont | 3 | 2 | 1 | 333 |
| Wisconsin | 3 | 1 | 2 | 333 |
| Wesleyan | 2 | 0 | 2 | 000 |
| Vanderbilt | 2 | 0 | 2 | 000 |

The outlook for Foot-Ball this year is exceedingly bright. Not only are the mainstays of last years team back but some of the best material out of which to make foot hall men have entered this year. Of all the men we could ill afford to lose it was Mike Hoke and it is universally regretted that he, Biggs and Gibbs will not be with us this year. Capt. Barnard is hard at work and will get out a team that will reflect credit on the University. Manager Baskerville will make a schedule of games that will give us plenty of chances to show our prowess. With Barnard as Captain and Baskerville as Manager, the team is in the very best hands. It is too early yet to give a schedule of games but we will have our heads full. The team this year will have to undergo a systematic course of training. All must train alike and the men who wish to make the team, yet show no inclination to train or are deluding themselves with the idea that past records avail much, will be sadly disappointed.

To get on the team requires work, and to keep on it requires work. Only the best man for the place will be considered and those who train faithfully will have preference over all others. All must work and work hard if we may hope to excell or even equal our last year's record.

Jno. A. Gilmer, Ex. '93, was shaking hands last week with his many friends in college. "Gillp" seemed quite natural as he peregrinated about the campus and we

A very mistaken idea prevails about football in this, as in many other institution. It is not intended to be confined to the few, but is desired that as many as are so inclined, have also the benefit of this most healthful and manly form of exercise.

Those freshmen and sophomores who are not applying for the 'Varsity, can easily have a game themselves every afternoon. The management will furnish them with a ball for that purpose. Regular inspection of those playing in these games will be made and any man giving promise will be at once transferred to the regular field and a uniform given him.

It is in the class games that unheard-of material develops. A man, it matters not how small he may be, can so develop his body by playing these games that the following year he may become a strong applicant for the 'Varsity. Only the men so concerned can develop the proper enthusiasm for these games. Let's have more.

Bill Kenan '94, as second assistant in Chemistry, finds diversion in cleansing water bottles, polishing up Laboratory apparatus, etc.
