

THE TAR HEEL.

A weekly paper published at the University of North Carolina, under the auspices of the University

Athletic Association devoted to the interests of the University at large.

Issued every Thursday morning.

It will contain a summary of all occurrences in the University and village of Chapel Hill.

Space will be assigned for the thorough discussion of all points pertaining to the advancement and growth of the University.

All society news, personals and every subject of interest both to the students and citizens of the village, will be treated each week.

The columns will be open to discussion on all appropriate subjects, with an endeavor to do full justice to everyone. The chief and his assistants will decide as to appropriateness of articles—no anonymous articles will be accepted without author's name being known to the chief, which will be in confidence, if desired.

DISENCHANTED.

In fearful admiration wrapt,
A lovely damsel watched the game;
The padded pants, the mask for nose,
Were more to her than Homer's fame.

She sighed that she could die content
By such a brawny hero held,
Until they brought one up to her:—
She hadn't realized how they smelled!
—Exchange.

THE NEW WAY.

In olden times the lovelorn youth,
Who held life not worth living,
Would plunge a dagger in his heart
And die his love forgiving.

The modern youth who, soured by love,
Seeks shorter paths to heaven;
His sweater dons, eats raw beefsteak,
And joins the foot ball 'leven.
—The Sequoia.
