Philological Club.

The first meeting of the Philological Club for the year was held in Prof. Harrington's office, 3rd floor, New West Building, on Friday evening, Sept. 28th. Prof. Harrington presented some "Notes on Early Latin Rhyme." The forms of poetry, at that period, being very crude, we should naturally expect a very crude standard of rhyme; but such as that was, there are quite a number of instances in which Latin verse conforms to it. The subject was discussed by some of the members of the Club. The officers elected for the year are: Prof. Toy, President; Dr. Hume, Vice-President; Prof. Harrington, Secretary and Treasurer.

Y. M. C. A. Bible Classes.

According to a previous announcement, those, wishing to join classes to study the Bible systematically met in the chapel Sunday at 12:30. Three classes were formed with Messrs. Horne, Stephens and Canada as leaders, while the leaders themselves are under the especial supervision and instruction of Mr. E. L. Harris. Each class is to meet at least once a week at the convenience of the leaders and those wishing to engage in the study. There have been fifteen names enrolled, and others have signified a desire to join.

The classes will be conducted according to a condensed work of Mr. Mott, which is considered especially good for work of this kind. This is another of the Y. M. C. A.'s good moves.

May it prosper and introduce many more such movements.

The First Two Volumes

A Wonderful Invention.

Zoology teaches us that the hairs of the head are hollow, and contain an oil that gives them life. In clipping the hair with scissors, this hollow is left open, and the hair loses its life-giving properties.

I have a Machine named the **Singeing Machine**, which removes the hair and at the same time closes up the hollow causing the hair to retain its life-giving properties, and therefore stopping the hair from falling out or dying and giving it a soft life growth.

Call and examine this machine and have your hair singed.

Special attention given to dressing Ladies hair. Cutting hair done with exquisite and artistic skill by the old University Barber of twenty years experience.

The Singeing Machine is highly recommended by scientists throughout the country.

Very respectfully,
T. D. DUNSTON,
Professor of Tonsorial Art.
