### Exchange Notes.

The Yale Library now numbers about 170,000 volumes, an increase of 5,000 over last year.

The *Vanderbilt Hustler* is out in mourning over the death of Ex-Chancellor Garland.

A large number of our exchanges change editors in the middle of the session, instead of at the close, as the *TAR HEEL* does.

The *Southern Index*, published at Rockingham, N. C., by A. S. Dockery, ex-'96, has been received. "Set" is doing well in journalism.

The *Lehigh Burr*, always neat and attractive, is much improved under its new management. It now has illustrated headings for its different departments.

The Harvard administration Board has decided to expel all students detected cheating on examinations. This punishment has been inflicted here for such offences.

The Honor System of conducting examinations, which has been in vogue here for years, has been adopted in some departments of the University of Pennsylvania.

The University of Minnesota has just completed a handsome library building costing \$155,000. It is of Ionic architecture, with its front representing the Grecian Parthenon.

### To Her I Love.

The following poem, composed by a senior on the eve preceding St. Valentine day, fell under our notice, and we herewith give our readers the benefit of this gentleman's first attempt at rhythm.

Though duty keep me from thine arms,  
Let not thy heart be grieved for me:  
For if thou wilt thyself not harm,  
In four months more I come to thee.

Prepare thyself, my Annie dear,  
For when I come to thee again,  
United we shall share our tears,  
And you and I shall one remain.

When I recall that parting kiss,  
Which you from me received that day,  
I'm not yet reconciled to this  
Why I from you did ever stay.

I promised you no other Miss,  
However dear she seemed to me,  
Should ever share with me such bliss,  
As I that day did share with thee.

But now, my dear, can I expect  
The same fidelity to me?  
If I'm my pledge thus to respect,  
Ought not the same also find thee?

### Inter-Collegiate.

#### From our Exchanges.

The Delta Kappa Epsilon Fraternity at Wesleyan have just moved into a new \$40,000 house.

Ex-Chancellor Garland, of Vanderbilt University died on Feb. 12.

University of California will send a track team East this Spring to compete with the leading Eastern Universities.

Sophocles "Electra" will be represented by the Greek department of Amherst College this month. "The hymn to Appollo" recently discovered at Delphi, and which was first published in this country by the North Carolina University *Magazine* will be sung as a solo.

A "citizen of Ohio who allows envy or prejudice to make of him an enemy to the University which the State is trying to build up, is too selfish to be a patriot and too ignorant to be an elector."

The above is taken from *Lantern* of the Ohio State University. For "a citizen of Ohio" substitute "a citizen of North Carolina," and see if the remark is not appropriate.

Where is the long contribution that was expected from some student? It is very apparent that as yet it is not forthcoming and every man in college who thinks the papers not being run to suit him will declare that it is the poorest, less interesting sheet he has ever encountered. Last week's *College Topics* had two columns of contributed matter. Would that we could follow their example.

### As to Sweet Alice.

Oh, do you remember sweet Alice, Ben Bolt—  
Sweet Alice whose hair was so brown?  
It has changed to a hydrogen blond, I am told.

Since sweet Alice has moved into town.  
—*Indianapolis Journal*.

### A Query.

He asked a miss what was a kiss  
Grammatically defined.  
"It's a conjunction, sir," she said,  
"And hence can't be declined."  
—*The Owl*.

No more 'twill rustle stiff with starch,  
For flutter up in winds of March,  
No more we'll see on rainy days,  
Neat ankles in its lacy maze,  
No more we'll clasp her form in dance,  
For she has gone to wearing —  
—*Ex.*

### A Wonderful Invention.

Zoology teaches us that the hairs of the  
head are hollow, and contain an oil that  
gives them life. In clipping the hair with  
scissors, this hollow is left open, and the hair  
loses its life-giving properties.

I have a Machine named the Singeing  
Machine, which removes the hair and at the  
same time closes up the hollow causing the  
hair to retain its life-giving properties, and  
therefore stopping the hair from falling out  
or dying and giving it a soft life growth.

Call and examine this machine and have  
your hair singed.

Special attention given to dressing Ladies  
hair. Cutting hair done with exquisite and  
artistic skill by the old University Barber of  
twenty years experience.

The Singeing Machine is highly recom-  
mended by scientists throughout the coun-  
try. Very respectfully,  
T. D. DUNSTON,  
Professor of Tonsorial Art.
