The following seniors will deliver orations on Wednesday, May 1st, in and want of thought. the Chapel at eleven o'clock:

Messrs. Quickle, Zackery, Brogden, Farrel, Tomlinson, Alexander, Yount, and Horne. The exercises will be public and all are invited to attend. All other members of the senior class who are writing theses will be required to present them on this day to the registrar, Mr. E. L. Harris. The object of this requirement is not to allow seniors to postpone their final work till the very last moment, when possibly by necessity they would be forced to present inferior work. All orations and theses must also be type written on quarto paper before being handed in.

The New Hand-book.

The Handbook of the Young Men's Christian, Association for the year 1895-'96, is now in the hands of the printer, and will be ready for distribution in a short while.

It is the purpose of the officers of the Association to inaugurate a vigorous "fall campaign," and the Handbook will be of great aid in that. It is full of just the information that new students want, and the old students will find it a good "pocket companion."

Speaking of the Handbook suggests some thoughts on the important part that the Young Men's

man's own statement, in which his white and blue. psycho-geo-theo-logical mind could Desdemon nothing but silliness and lower end of the hall.

that either Mr. Thompson was useful than this. wrong or else Othello was misnamed. He concluded by saying that Othello was not misnamed and the audience drew the conclusion.

Mr. Tomlinson read a paper on Desdemona in which he showed her to be loyal to her husband and the stamp of perfect purity. This view, which is, however, that taken by all commentaters on the character, differs much from the more superficial view taken by another member of the club. At the close of this paper Mr. Thompson once more attempted to maintain his former position, but finaliy sank down beneath the surface to avoid the piercing arguments day, July 26th.

of a more powerful opponent. The meeting was short and unusually interesting.

The Gymnasium.

The gymnasium is another proof of the generosity of the alumni towards the University. The University Gymnasium Association was incorporated October 29, 1883, the names of the incorporators being R. H. Lewis, A. W. Graham, P. M. Wilson, D. G. Worth, Robert Bingham, J. W. Fries, James Henley, A. P. Jones, F. B. Dancey, J S. Carr and Eugene Morehead. They were to erect a gymnasium, principally for the use of the officers students and alumni of the said University, to be used for their bodject to such conditions as the stockthe Directors, when not prohibeted by the stockholders, may prescribe.' The shares were placed at ten dollars each, and through the zeal and energy of Dr. R. H. Lewis, assisted in the latter part of the work by J. S. Manning Esq., more than a hundred shareholders were secur-On March 30, 1885, a meeting of the shareholders was called in Raleigh. Seventy-two shares were re- appointed to send out circulars to presented at the meeting. Dr. R. H. Lewis was elected President of the association, and J. S. Manning Esq. was elected Secretary and Treasurer. Messrs. A. W Graham, Eugene Morehead and F B. Dancy were chosen to constitute, along with the officers named, a Board of Directors. According to the by-laws, this board has, after the first year, the power of electing the President, Secretary and Treasurer from their own number. After the death of Eugene Morehead be taken up. Mr. Alexander discussed Othello the Board of Directors. It is only thy president, Dr. R. H. The Summer School.

TEACHING COURSES-UNIVERSITY COUR SES.

The announcement for the 1895 session of the Summer School is before us, and we juge from the character and diversity of the courses offered that the school will attract a flattering attendance from the ranks of the teaching profession in the state.

We quote from the general' statement:

"The second session of the University Summer School will begin on the morning of Tnesday, June 25th, at 10 o'clock and end on the evening of Fri-

It is proposed to open all the resources of the University-books, apparatus, buildings, rooms, laboratories-to those who may attend.

Twenty-two courses of instruction are offered in the two departments comprising the school. In the Academic department the following courses are offered:

English Literature, Anglosaxon, History, Latin, (3 courses), Greek, German, (2 courses), French, (2 courses), Algebra, Geometry, Trig- May 1, he having accepted a call to onometry, Chemistry and Physics.

These courses are for the special benefit of young men and women desiring University education and for teachers seeking stronger academic equipment. The courses in Latin, French, German, Geometry, and Trigonometry will be the same as those na, having received there the deoffered in the fall term of the Univer- grees of A. M. and Ph. D. In the department of Pedagogics the following subjects are offered: Herbartian Pedagogy, Educational Psychology, Algebra, Arithmetic, Grammar, Physiology, Geography, Geology, Science Teaching, Elementary Latin, Primary work in all subjects, Vocal Culture.

The Di Society Contest.

The annual contest in the Di So. er's medal came off on Friday night April, 19th. The declaimers were Messrs. Swift, Skinner, Norwood Covington, Henderson, Moore and this medal to Mr. Ragan, whose subject was "The Hand of God in nature."

After this the debater's contest took place, the sucject of which was "Resolved, That the successas a Nation requires that our national government grow in stren.5th." On the affirmative was Mr. J. E. Little, on the negative were Messrs. J. C. Eller and A. L. Quickle. After an interesting discussion of the question, the medal was awarded to Mr. J. C. Eller.

The committee consisted of Rev. Turrentine, of Winston, Mr. Z. V. Waltzer, of Lexington, and Mr. Victor Bryant. The last named gentleman not having arrived in time, Dr. Battle was selected to act in his place. The entire exercises were very good and did credit to our society. The contest in the Phi Society comes off to-night.

Rev. St. Clair Hester's New Church.

The New York Sun says: "The vestry of St. George's Protestant Episcopal Church, Marcy and Green Avenue, Brooklyn, voted unanimously yesterday to call to the rectorchip of that church the Rev. St. Clair Hester, assistant rector of the Church of the Messiah, Brooklyn. The Rev. Richard H. Harris, rector of St. George's Church, announced one week ago his resignation, to take effect on a church in Philadelphia.

"Dr. Hester has been connected with the Church of the Messiah nearly two years. He is a native of North Carolina and an alumnus of the University of North Caroli-1893, and is now Chairman of the Buildings. He will be the youngest rector in full charge of a church in Brooklyn. St. George's Church is in size the third Episcopal church in Brooklyn.'

Christian Association is now playing, not only in the life of this Uni- holders, through their by laws, or versity, but in the life of every important University or college of the country. It is a common, definite meeting-ground for the Christian men of the institution, a centre from which a strong, healthy, and aggressive Christian influence goes to to every part of the College life. Even those men who are not identi- ed. fied with its work, and who may have no especial interest in the things for which the Association stands, are yet in sympathy with it. and give it the moral support that comes from the hearty approval of its work.

The Shakspere Club.

OTHELLO, THE MOOR.

At the meeting of the Shakspere Club on Tuesdap night the tragedy of Othello was discussed.

Dr. Hume as usual opened the meeting with some introductory remarks as to the nature of the play to be taken up.

On either part.

Y. M. C. A. Building Notes.

An Alumni Committee has been the alumni and friends of the University, asking them to aid the College Association in their building movement. This committee will also act as an advisory board to the Association in planning and erecting the building. It is earnestly requested that all members of the faculty and student body who expect to aid this movement and have not handed in their subscription as yet, will do so at once, that the amount placed on the circular as already pledged, may be as large as possible.

ONE OF THE students who boards on Cameron Avenue says they would appreciate it very much indeed if the faculty would have the walk to the west gate of the Campus put in such order that they will not have to walk through mud every time there is a little rain.
