The Senior Class at Brown University has decided to do away with the custom of Commencement Orations.

Chauncy M. Depew, of New York, delivered an address before the students of the University of Chicago, on "College Men and Business," recently.

Cornell has abandoned examinations at the end of the term and will continue recitations until the closing day. Students will stand or fall on the grades maintained throughout the term in recitations.

The University of Paris has over 7,000 students, and in this, as well as other Universities of France, there are no classes, no athletics, no commencement day, no college periodicals, no glee clubs and no fraternities.

At the recent Conference of prominent historians from the leading Universities and Colleges, it was decided to found the historical quarterly to be known as the *American Historical Review*. The object will be to further matters of historical interest, and to direct the trend of American thought on historical matters.

The formation of a Dramatic Club at Vanderbilt University, is being discussed and advocated among the students of that institution. These clubs have been a feature of the life at leading northern institutions for several years, and seem now to be gaining a place in southern colleges and universities.

**A Wonderful Invention.**  
Zoology teaches us that the hairs of the head are hollow, and contain an oil that gives them life. In clipping the hair with scissors, this hollow is left open, and the hair loses its life-giving properties.  
I have a Machine named the **Singeing Machine,** which removes the hair and at the same time closes up the hollow causing the hair to retain its life-giving properties, and therefore stopping the hair from falling out or dying and giving it a soft life growth.  
Call and examine this machine and have your hair singed.  
Special attention given to dressing Ladies hair. Cutting hair done with exquisite and artistic skill by the old University Barber of twenty years experience.  
The Singeing Machine is highly recommended by scientists throughout the country.  
Very respectfully,  
**T. D. DUNSTON,** Professor of Tonsorial Art.
