### Goldbugs vs. Silverites.

On Wednesday afternoon an exciting game of football was played between the adherents of the yellow and white metals. The 'Varsity was in Richmond, the Scrubs were in Wilmington and there was nothing to hinder the evening's fun.

The game was called and the Goldbugs kicked off. After a long series of rushes and fumbles, fouls and offsides the Silverites rush the ball within a few feet of a touchdown when time is called for the first half.

The timekeeper is chased all over the field and cries of "rotten" resound from all sides.

In the second half the Silverites have better luck and Pinnix scores a touchdown. Here Messrs. Smith and Allen, the umpire and referee respectively, come in for their share of abuse and things really assume a threatening appearance. Peace and order are at last restored and the game ends without further incident. The Silverites declare that they can play ball if they can't count votes and the Goldbugs on the other hand cry fraud and demand another game.

### Westminster League.

The young men of the Presbyterian Church have organized a chapter of the Westminster League with E. S. Smith as President, C. H. Johnson, Vice-President, and J. K. Ross, Secretary and Treasurer. They will have their first public meeting to-morrow (Sunday) night. There will be a number of short talks and a musical program. Everybody invited to attend.

The engine in the printing office has been laid up for repairs and as a result our last week's issue was two or three days behind time.

## A Wonerful Invention

Zoology teaches that the hairs of the head are hollow, and contain an oil that gives them life. In clipping the hair with scissors, this hollow is left open, and the hair loses its life-giving properties.

I have a Machine named the Singeing Machine, which removes the hair and at the same time closes up the hollow, causing the hair to retain its life-giving properties, and therefore stopping the hair from falling out or dying, and giving it a soft growth.

Call and examine this machine and have your hair singed.

Special attention given to dressing Ladies' hair. Cutting done with exquisite and artistic skill by the old University Barber of twenty years' experience.

The singing machine is highly recommended by scientists throughout the country.

Very Respectfully,  
T. D. DUNSTAN,  
Professor of Tonsorial Art.

### College Notes.

The faculty of the University of Virginia has forbidden the usual Christmas trip of the Glee Club of that institution.

The new gymnasium at the University of Texas has just been fitted out with up-to-date apparatus and is now ready for use.

Princeton has a gymnasium team in regular training. Yale and several other colleges will meet Princeton in several gymnasium exhibitions during the spring.

At the recent track games held at Cornell two records were broken. Powell, in a running high jump made 6 ft. 3.8 inches. Hall, pole vault, at 9 feet 73-8.

The authorities of Cambridge University, England, have recently received two memorials in regard to the admission of women as students. One disapproves giving to women the privileges men enjoy there, and advises against the bestowal on them of any degree. The other suggests a middle course for them and the conferring of some title which does not imply University membership.

Two trophies of especial interest have recently been placed in the trophy room of the Yale gymnasium. They are two foot-balls with silver plates attached. One is the ball won by Yale in her first Rugby contest with Harvard in 1876, the other is the ball that Princeton won from the Montreal Foot-ball Club and which was afterwards won from her by Yale Thanksgiving 1876.

### Beware!

There is a man in college heartless and unscrupulous enough to perpetrate the following alleged joke on a credulous public: "Who is the best hunter in college?" asks the sharper. And on your professing ignorance he replies "Bag-well."
