First Gymnasium Contest.

[Concluded from first page.]

results stand as college record, until they are beaten. There will be two other contests this spring, and medals awarded to those who score the greatest number of points in all three.

This is the establishment of a new and much needed factor in University life. Heretofore our University spirit was confined to foot-ball and base-ball, but with the establishment of regular gymnasium and track team contests it has begun its true development. No man who is not brawny enough to carry the pig skin or dexterous enough to wield the bat need lie on on the grass and watch his fellowmen develop themselves, for he can now find a field broad enough for his own development however varied or unique it may be. The last contest, notwithstanding the very great lack of practice, was creditable to the University and the series of contests that will follow, under the efficient and attentive management of Mr. Mechling, promises to be much more creditable and interesting. The University is to be congratulated for having procured such a man as Mr. Mechling to control this department. His short stay has not only proved him to be an athlete and an instructor in physical culture, but a high-toned gentleman, and has won for him the respect and esteem of every one who has met him.

Johns Hopkins has closed its doors against women.

Every student at Kansas Wesleyan University is required to subscribe to the college paper.

The first college paper printed in the United States was at Dartmouth College with Daniel Webster as editor-in-chief.

A Wonerful Invention

Zoology teaches that the hairs of the head are hollow, and contain an oil that gives them life. In clipping the hair with scissors, this hollow is left open, and the hair loses its life-giving properties.

I have a Machine named the Singeing Machine, which removes the hair and at the same time closes up the hollow, causing the hair to retain its life-giving properties, and therefore stopping the hair from falling out or dying, and giving it a soft growth.

Call and examine this machine and have your hair singed.

Special attention given to dressing Ladies' hair. Cutting done with exquisite and artistic skill by the old University Barber of twenty years' experience.

The singing machine is highly recommended by scientists throughout the country.

Very Respectfully,
T. D. DUNSTAN,
Professor of Tonsorial Art.

Tour of Musical Clubs.

[Concluded from first page.]

enjoyed. It was a very large dance and was led by Mr. N. R. Withers, who was especially attentive to our boys.

On Saturday night the last performance was given in Wilson for the benefit of the graded school library of that place. Here the boys were entertained at private houses. Messrs. Pfohl, Anderson, Howard, Cowles, and Patterson were at Judge Connor's; Messrs. Davis and Askew at Mr. Dean's; Messrs. Branch, Lentz, Coker, and Graves with Mr. G. W. Connor; Messrs. Gudger and Caldwell at Mr. Burton's.

On the whole the boys have spent a delightful week, and no end of compliments have been paid to the musical talents of both Glee and Mandolin Clubs.

The annual Midwinter Concert will be given in Gerrard Hall on either January 26th or February 22nd, and those songs on the program which have been sung here before will be substituted by new ones.

A spring trip for the clubs is projected during Easter week, and the itinerary will be either North or West.

At a recent meeting of The Southern Inter-Collegiate Athletic Association held in Nashville, Tulane University was suspended in football for 1897 for playing an ineligible man. Captain Genealla of the Tulane eleven was prohibited from taking part in future contests between Association teams for "willfully putting on his team, during a game, unknown to his opponents, an ineligible player." Centre College (Kentucky) and University of Tennessee, which did not belong to the Association were black-listed in football for 1897 for playing professionals.
