

HERE AND THERE.

Weston, '97, has a position in a Georgia Gold Mine.

The bread at Commons is light and digestible, the meat is full of juice.—*A Visitor.*

Stanford Harris, '97, has a position with the Old Dominion Guano Co., of Norfolk, Va.

Mr. A. D. Ward '86—a prominent attorney of New Berne, N. C., was on the Hill Saturday and Sunday.

Messrs Geo. Lynn and Murry Allen both of Trinity College were on the Hill last Tuesday visiting friends.

Mr. H. R. Thompson '01 has been called away on account of the illness of his grandfather. We hope he will return to the Hill soon.

With two hundred men at Commons, we can supply just the kind of food and the variety that the health of the student demands.—*The Committee.*

Miss Dixie Lee Bryant has gone to Greensboro to resume her work as Professor of Geology and Biology in the Normal and Industrial College.

Worth, Guilford's quarter back will join the Senior Class here next year. He is a good man and the Varsity will be glad to welcome him.

Mr. Winecoff has gone to Buffalo, N. Y., to attend the International Convention of St. Andrews Brotherhood. Mr. Winecoff is a delegate from the Chapter at this place.

Mrs. Braxton Craig, of Norfolk, Va., who is visiting at the home of her father, Dr. Wilson, intended returning home this week, but will prolong her visit on account of Yellow Fever in Norfolk.

While in Arizona, Prof. Holmes killed a porcupine. The skin, which he brought home with him, has been elegantly mounted by Mr. Gilbert Pearson and placed in the Biological Laboratory.

That the Varsity lacks self confidence was demonstrated in last Saturday's game. Mass meetings might do their part in instilling this essential into the men. Why not have several.

A telegram was received on the Hill yesterday announcing the death of Dr. Charles S. Venerable, uncle of Dr. Venerable of the University, at his home in Virginia. No particulars were given as to the cause of his death.

The speakers for the Georgia-Carolina inter-collegiate debate, which takes place here next May, have been elected. They are, from the Dialectic Society, Mr. E. K. Graham and, from the Philanthropic, Mr. W. J. Brogden. These are both good men, as has been shown by their society work and by their inter-society debates, and we may expect them to win the debate for U. N. C. next May.

Dr. Alderman is getting up a collection of Autograph Letters to be placed on exhibit in the Library. The Societies have loaned many valuable letters from their archives to this collection. Among those loaned by the Di. Society are letters of Washington, Edgar A. Poe, and Jas. K. Polk, by the Phi., one from Henry Clay and one from R. E. Lee. Dr. Battle will add quite a number to the list. Dr. Alderman thinks he will be able to make the collection one of the finest of its kind in the South.

Undergraduate Honors Abolished.

At a recent meeting of the Faculty the system of awarding honors to members of the Freshman, Sophomore and Junior Classes was abolished.

Y. M. C. A. Leaders For Next Week.

Monday—Prof. Williams.
Tuesday—V. L. Brown.
Wednesday—Rucker.
Thursday—Satterfield.

Notes of Guilford Game.

Belden's punt for sixty yards in the last half was a beauty and probably to it is due the credit for the last touchdown.

In the first half it was only hard luck that caused time to be called with the ball in one foot of the goal line.

The Guilford team is composed of no individual star players. The team is a unit and Capt. Tomlinson is to be congratulated upon the condition in which he had his men without the aid of a coach.

The attendance at the game was good but every student in the University should be present at the next game. The bleachers were not as enthusiastic as they should have been. Whenever a yell was given the Varsity "got together" and responded to the cheers by gritty playing.

The new Laboratory for the Pharmaceutical College is a beauty. Prof. Howell has his department equipped with the latest improved apparatus, and his collections of species of plants, &c., from which drugs are made, is most valuable and interesting. The College of Pharmacy is an assured success, the only question now is how many men it will eventually enroll.

The proposition on the part of some unknown person to connect Chapel Hill with Durham met with great favor here as well as in Durham.

Mr. A. W. Belden has been elected Captain of the Foot-Ball Team by the Advisory Committee of the Athletic Association vice Mr. Joel Whitaker, who has left the University.

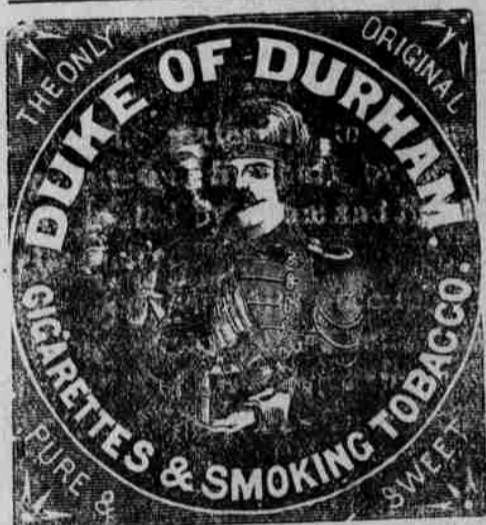

Business has increased so over last season we find it necessary to keep the Co-operative Store open longer for the accomodation of students. The hours now are 8-8:30 a. m., 2-6:00 p. m. and 7-7:45 p. m.

NO CURE--NO PAY.

That is the way all druggists sell GROVE'S TASTELESS CHILL TONIC for Chills and fever and all forms of malaria. It is simply Iron and Tonic in a tasteless form. Children love it. Adults prefer bitter nauseating Tonics. Price 50c.

TO CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. Druggists refund the money if it fails to cure. 25c.

DURHAM, N. C.
