A Deserved Honor.

It is always with much pride that we note the honors of those connected with our dear old University; and this is especially true when the honor is of such a degree and so deservedly bestowed as the following.

Dr. Thomas Hume, our Professor of English, has been invited to deliver the Baccalaureate Sermon at the Washington and Lee University Commencement, June 12, 1898.

This University, as we know, is one of the most prominent institutions of learning in our Sister States and in the South; and we feel that the University and our learned professor is to be mutually congratulated.

Dr. and Mrs. Hume have been invited to be the guests of Pres. William L. Wilson.

NO CURE—NO PAY.

That is the way all druggists sell GROVE'S TASTELESS CHILL TONIC for Chills and fever and all forms of malaria. It is simply Iron and Tonic in a tasteless form. Children love it. Adults prefer bitter nauseating Tonics. Price 50c.
