Improvements.

It is very gratifying to note that along with the steady growth and general progress of the University as a whole several of the various departments have been receiving special attention in the way of improvements.

The work in the school of pharmacy has received a new impetus. Under the direction of Prof. Howell a store room with all the equipment necessary for pharmaceutical work has been fitted up. New desks and drawers with apparatus have been placed for each individual student thus adding to the ease and facility of doing work.

An ample supply of water is obtained through pipes. Electric lights and gas jets are in use.

A new Materia Medica room has been handsomely fitted up with a complete set of all official drugs.

There are 7 first year and 11 second year students in the school of pharmacy, showing an increase over last year's number.

All 2nd year men are doing individual work on their theses.

More New Lawyers.

Of the twenty-three University men who stood examination for their license before the Supreme Court, sixteen were made happy and sent away from Raleigh full-fledged lawyers.

The University sustained its splendid reputation. Not a one who had Dr. Manning's certificate failed to pass. The following University men were successful.

- W. G. Cox, Perquimans county.
- H. F. Adickes, Jr., Buncombe county.
- S. R. Buxton, Northampton county.
- H. G. Connor, Jr., Wilson county.
- J. H. Cook, Richmond county.
- W. C. Cox, Forsyth county.
- Z. F. Curtis, Buncombe county.
- W. L. Hill, Wilkes county.

A Wonderful Invention.

Zoology teaches that the hairs of the head are hollow, and contain an oil that gives them life. In clipping the hair with scissors, this hollow is left open, and the hair loses its life-giving properties.

I have a Machine named the Singeing Machine, which removes the hair and at the same time closes up the hollow, causing the hair to retain its life-giving properties, and therefore stopping the hair from falling out or dying, and giving it a soft growth.

Call and examine this machine and have your hair singed. Special attention given to dressing Ladies' hair. Cutting done with exquisite and artistic skill by the old University Barber of twenty years' experience.

The singing machine is highly recommended by scientists throughout the country. Very Respectfully,
T. D. DUNSTAN
Professor of Tonsorial Art.
