### Chemical Department Notes.

It is gratifying to note the stand taken by men trained at the University of North Carolina. We are glad to learn that J. R. Harris, '94, has been promoted to the position of Chief Chemist to the Tennessee Coal and Iron Company, with a substantial increase of salary; H. L. Miller, '90, has been made division Superintendent of the Virginia-Carolina Chemical Co., with control of eight fertilizer factories; A. W. Belden, '98, has been promoted to chief Chemist of the Birmingham Cement Co.

A further evidence of the appreciation of the training here is seen in the fact that four of our boys have received appointments this year; F. W. Miller, chemist to the Northern Alabama Coal and Iron Co., Talladega, Ala; Thomas Clarke, chemist in the Biochemical Laboratory, Washington, D. C.; J. G. Kelley, and J. J. Asbury, assistant chemist to the Tenn. Coal and Iron Co. The leaving of Dr. Clarke has necessitated the promotion of J. E. Mills of this year's class to the position of assistant in chemistry where he is doing good work.

### Meeting of the Senior Class.

The Senior Class met in the Chapel last Friday afternoon. President Bryan called the class to order and stated the object of the meeting. The committee on the class pin reported in favor of the adoption of a design in black and gold and their design was adopted, the class colors being changed to black and gold. The committee on caps and gowns and on the class present were not ready to make a final report. It was decided to give a class spread some time this spring, and a committee was appointed to make the necessary arrangements.

President Alderman then addressed the class for a few minutes, giving some valuable suggestions about the Class Day exercises. He also stated that in order to shorten the Commencement exercises there would this year be no literary address. He stated that in the future the speeches for the Wiley P. Mangum medal would be made on Tuesday night, thus allowing time for the address on Commencement Day. It was announced that Dr. Strickler had accepted the invitation to preach the Baccalaureate Sermon. As there was no further business the meeting was then declared adjourned.

### Award of Medals.

The annual award of medals to deserving aspirants took place in Memorial Hall last Thursday afternoon. While it is always impossible to give everyone his due yet all will probably agree that the honors were fitly bestowed. The occasion was enlivened by something approaching a scrap between a few freshmen who did not wish to deprive other members of the class of the honors and some members of other classes who did not wish that they deny themselves.

President Williams of the Sophomore class presided. The award was as follows:
