

# THE TAR HEEL.

THE OFFICIAL ORGAN OF THE UNIVERSITY ATHLETIC ASSOCIATION.

Vol. 9,

UNIVERSITY OF NORTH CAROLINA, CHAPEL HILL, N. C., January 30, 1901.

NO. 14

## Meeting of Athletic Advisory Committee.

### TEAM MANAGERS ELECTED.

An important meeting of the Advisory Committee was held last Friday afternoon, the 22nd. Present were Dr. Baskerville, for the trustees, Mr. Graham for the Faculty, T. W. Moss for the students, and F. Bennett, Captain of the football team, F. M. Osborne, ex-Captain of the football team, and Captain of the Track Team; A. M. Carr, Manager of the football team, T. C. Worth, Manager of the baseball team, and A. R. Berkley, President and B. Bell, Jr., Secretary, of the Association.

The first business attended to was the election of Manager of the football team of 1901. After a discussion of several names, J. B. Whitehead, '03, was elected.

The Manager of the baseball team then named as his Assistant, I. F. Lewis, subject to the ratification of the Committee, which was immediately given.

A very important discussion then arose on the subject of entering our track team in the Southern Meet in New Orleans this Spring. After fully discussing the question the Committee decided in favor of doing so, dependent on two conditions; first that a worthy team be developed; and, second, that the team receive financial support sufficient to justify the Atlantic Association in undertaking the expense of the trips. G. R. Berkley, '03, was elected manager of the Track Team. For a full and more open discussion of several matters, a meeting of the General Athletic Association, composed of the whole student body, was requested for Saturday afternoon at 2:30.

### Meeting of Athletic Association

A meeting of the Athletic Association was held in Gerard Hall last Saturday afternoon. The object of the meeting was to devise a plan by which money can be raised to put the Athletic Park in good trim for the coming ball season.

President Berkeley stated that the University had promised \$250 and the work before the Association is to raise at least \$250 in addition to this; several dollars will have to be spent on the diamond before the ball season opens, and a grand stand will have to be built. A committee will be named by President Berkeley to wait on the boys, and it is hoped that they will contribute liberally for the money is for a worthy purpose, and is badly needed.

### The All-Southern Football Eleven.

The February number of *Outing* has appeared. Useless to say it is entirely up to its usual high standard as a Sportsman's Magazine. The article which above all others contains interest for us is found on page 615, "Reviews of Southern Season, 1900."

After commenting on the main features of the season's play, which he characterizes as "the prettiest, and most ragged, football ever played in the South," and declaring Virginia unquestionably entitled to the first place in Southern football, Mr. Whitney makes out the All-Southern Eleven as follows:

Simpkins (Sewanee), full-back.  
Dabney (Virginia), and Seibels, (Sewanee), half-backs.

Poole (Sewanee), center.  
Choice (Virginia) and Sams (Texas), guards.

Bennett (North Carolina), and Loyd (Virginia), tackles.

Hobson (Virginia), and Osborne (Carolina), ends.

The quarter-back was not chosen.

Among those "whose work entitled them to honorable mention" is MacRae (North Carolina).

### Base Ball Schedule

Mr. Thos. Worth, manager of the Base Ball team gives us the schedule below of games he has arranged for this Spring. Of course it is only a tentative schedule and several changes, with some additions will probably be made. With a good team, like we should have and these big games, Carolina should stand way up in the base ball arena. But remember, every student in College must support the team. The manager has been canvassing for money lately. He has met with quite a liberal response, but not near enough. Every man must give, not as little, but every cent as much as he can possibly afford for subscriptions is the only way by which any money is raised at all for athletics here. And then another thing. This is the only way that many, in fact a large majority of students can show their interest. So from the start, on through the entire season, stand behind the nine and we will have a successful season and victorious schedule. The games are as follows:

Lafayette College, March 25th, Chapel Hill.

Lafayette College, March 26th, Chapel Hill.

Clemson College, April 6th, Charlotte, N. C.

Lehigh University, April 8th, Winston, N. C.

Lehigh University, April 9th, Chapel Hill.

Cornell University, April 15th, Chapel Hill.

Richmond College, April 19th, Richmond, Va.

University of Virginia, April 20th, Charlottesville, Va.

University of Maryland May 4th, Chapel Hill.

University of Georgia, May 9th, Athens, Ga.

Georgia Technological Institute, May 10th, Atlanta.

University of Georgia, May 11th, Atlanta, Ga.

Frank Bennett Jr. spent Saturday in Hillsboro.

## Track Athletics.

Last Tuesday was a great day for track athletics in the University. Never before has the subject met with such consideration, and its true importance been so realized and admitted; as by the concessions made by the Advisory Committee. We do not mean to intimate that these gentlemen have ever taken a stand which was not for the University's best athletic interests; we do believe, on the other hand, that their action is a sure and indisputable sign that the day of Track Athletics has begun here.

Perhaps the most satisfactory explanation for the lack of interest shown here in track work, indeed the only good explanation is the fact that the work done by the team has until last year been so tame, so devoid of any competition and rivalry of a broad enough nature to arouse enthusiasm. It has been merely a series of contests between individuals. If A wins, "Good for A!" exclaim a few of the spectators; it would have been the same to them had B won. The only possibility of the Team's reflecting any credit on the University has lain in breaking records. Under the old conditions, this possibility has not of itself been inducement enough to make men strive for such attainment. What has been needed is hard competition. Last year's team is sufficient proof of that fact. Through the enthusiastic efforts of Mr. J. C. Horner, a Track Meet of the State Colleges was organized; the University rose to the occasion by putting out one of the best teams she has ever had. It was the expectation of intercollegiate competition that did it.

But higher things are now within our reach. We have an opportunity to establish Carolina's fame among the Colleges of the South. The track team is offered a trip longer and more interesting than any other taken by a team from the University. If these two things do not do away with the "tame" of our track work, if these new features do not bring the track team up to its rightful place in the estimate of the students, then we must be mistaken in our idea of the reasons of our failure hitherto. If there are other explanations of the indifference of the student body, they can hardly hold now—there is no place for any indifference to such opportunities as are before us.

There are, it will be noted, two conditions, upon the fulfilment of which our participation in the Southern Contest depends. There is hardly any reasonable doubt but that these will be easily met; there is no excuse for failure to meet them. A good enough team? We have it already. Financial support? The students can be counted on to see to that.

Chas. J. Parker of Raleigh, head of the Educational Bureau spent last Wednesday night on the Hill.

## Campus.

[Communicated.]

It is exceedingly disagreeable to complain but when we see something going on in our midst which is to be deplored it appears to the writer that steps should be taken towards stopping it.

For years one of the greatest boasts of the University has been the beauty of its campus and especially the beautiful square on which stands the Caldwell Monument and the Davie Poplar. Every graduate has left with a vivid remembrance of the spot where he and his class mates "smoked the pipe of peace" and went through the others of those solemn ceremonies the last they should participate in as undergraduates.

In fact the plot has always been, in a sense, sacred and naturally there has been developed a sort of reverence for it. But of late the writer has noted a decided tendency on the part of certain lazy individuals to save a few steps at the expense of the square. Instead of following the paths these thoughtless ones cut across and in one or two places the grass has been trodden until there is almost a beaten foot-path.

Such a fact is to be sincerely regretted. It is too bad that this beautiful plot should be thus marred on account of either the laziness or thoughtlessness of a small portion of the students.

Last Spring the same tendencies were exhibited but through comment a strong sentiment was aroused against such desecration and it was stopped before serious damage had been done.

The protest comes in ample time this year and it is to be hoped that the practice will be stopped immediately. Let all who take pride in the beauty of our campus and the preservation of the charms with which nature has so richly endowed it, cooperate in putting a stop to this evil and such a strong sentiment will be raised against it that no more appeals will be necessary.

Philanthropic Hall University of North Carolina

Whereas, Almighty God in his divine power has seen fit to remove from time to eternity our late friend and fellow member, Ira Newton Shaw, therefore be it

Resolved 1st That while bowing in humble submission to the will of Him who hath the power to give and to take away we the members of the Philanthropic Society cannot but lament our bereavement.

II That we offer our warmest sympathy to the family and friends of the deceased, and while we would not intrude upon the sanctity of domestic grief we would point them to that Eternal Source from which alone the crushed heart can derive consolation.

III That these resolutions be
